HISTORY.

Following upon the great popularity of the original Ping-Pong in the early part of the present century, the Ping-Pong Association was formed in 1902, to organise championships and tournaments, chiefly in London. The "boom" year was 1904 but it was only a temporary craze, as, although the P.P.A. was still in existence in 1905, it appears to have collapsed during that season. Whilst the game seems to have died out in the home counties, it was apparently still being played in the provinces but without any governing body.

In 1921-22, the P.P.A. was resuscitated by Messrs. P. Bromfield and J. J. Payne, who were joined by Hon. Ivor Montagu and Mr. A. F. Carris. The National Championships were run that season, and entries received from all parts of the country. Difficulties soon arose, however, not only in regard to the title, when it was discovered that Ping-Pong was a registered trade name, but also through the Association being unrepresentative of the provincial centres. The old Ping-Pong Association therefore dissolved and re-formed under the title of "The Table Tennis Association." The new body was hampered by difficulties, and as their energies were devoted to formulating standard rules, popularising the game, etc., no attempt to form a democratic governing body could be made.

At the Annual Meeting in 1925, an emergency committee, with Mr. Montagu as President, and Mr. W. J. Pope as Secretary, were authorised to redraft the constitution. In 1926, revised regulations were circularised in the provinces and a National Delegate Conference was held in London, on April 24th, 1927. The new constitution, which confirmed the provisional appointments, and provided for the new title, "The English Table Tennis Association," was adopted.

The first Chairman and Secretary were, of course, Mr. Montagu and Mr. Pope, respectively. They stayed in office for some years, and were together primarily responsible for establishing the new national body on sound foundations. They worked prodigiously hard until Mr. H. M. Bunbury, of Manchester, assumed the Chairmanship in 1929, Mr. Montagu being appointed President. Mr. D. W. Poupard became Secretary one year later, after Mr. B. J. Hookins, of Pontefract, had had a brief term. Mr. H. Oldroyd, also of Manchester, was elected President in 1931, and still retains very worthily the dignity of his office. Mr. Montagu returned to the chair in 1932, with Mr. G. W. Decker as

Secretary; these two being succeeded in September, 1933, by Mr. C. Corti Woodcock, of London, and Mr. J. Siddron, of Manchester, respectively. The last-mentioned appointments were renewed in April, 1934, together with that of Mr. A. K. Vint, of Hastings, Hon Treasurer since 1931. In April, 1935, Mr. Woodcock and Mr. Vint were re-elected and Mr. W. J. Pope displaced Mr. J. Siddron as Secretary, and in 1936 Mr. Woodcock resigned and was replaced by Mr. Montagu. Interesting names appearing on the list of thirty Vice-Presidents include Messrs. Bunbury, Bromfield, Perry (father of our ex-world champion, Fred J. Perry), Swann, of Manchester, and Sir Leonard Lyle, Bt. (one-time Chairman of the L.T.A.). In the last groups recently elected, were further valuable additions in the persons of the Dowager Lady Swaythling, Mr. A. F. Carris and Mr. P. E. Warden.

The progress of the E.T.T.A. dating from the inaugural congress has been very rapid as the following figures reveal. 1927-28, 19 Leagues; 1928-29, 21; 1929-30, 23; 1930-31, 32; 1931-32, 38; 1932-33, 52; 1933-34, 71. In the season 1934-35, we jumped to 99 Leagues, 1,654 Clubs, and approximately 30,000 individual registered members, and in 1936, 121 League Clubs with approximately 40,000 members, and as this Handbook is being prepared it seems certain that a further record jump will be made in 1936-37. Of the 22 National Table Tennis Associations comprising the International Federation, ours is by far the largest, as indeed it is also the biggest of all indoor sports organisations in this country at the present time. The game is now part and parcel of the life, interest and exercise of English men and women of all ages.

In 1935, after an interval of eight years, the World Championships Congress returned to England. The E.T.T.A. was faced not only with a gigantic task, but with a vital responsibility to the visiting foreigners, the players and the public. The result is now history, and the great crowds which thronged the London University and Imperial Institute and the huge assembly of over 8,000 people which packed the Empire Pool & Sports Arena, Wembley, proved that the game had won its place in public favour as a thrilling spectacle.

In February, 1936, the Empress Stadium at Earl's Court housed a crowd of 7,000 people for the Finals of our National Championships which shows that the appeal is permanent and progressive.

TABLE TENNIS

"Congratulations, Mr. Montagu! I cannot find words vivid enough to describe this brilliant work on our game. There has never been a volume so thorough, so comprehensive, and so instructive. Each page contains paragraphs of great interest and help. It is a book for the beginner and a book for every international to read and study. And so, dear reader, please do me the honour of taking my advice and securing a copy at once, you cannot afford to be without it."—ERIC FINDON in *Table Tennis*.

EXECUTIVE COMMITTEE REPORT.

The Agenda of the Annual General Meeting is a comprehensive one and as many items relate to matters which have received the attention of your Executive during the season, it is proposed now to treat the question of an official report broadly rather than in particular.

Our problems, our tasks, have been numerous and diverse and it is a pleasure to record that all the major ones have been disposed of satisfactorily. First of all, suitable office accommodation had to be found at a figure within our reach. After prolonged negotiations, a fine room at 64 High Holborn was secured on a seven years' lease, on reasonable terms. It is centrally situated, close to Fleet Street and conveniently placed for reach from the main railway termini. Already this office has proved of immense use and is far more than just a much-to-be-desired London anchorage. A first-class, full-time Secretary has been found in Mrs. Attree. While we are still poor, she cheerfully continues to work for us for a remuneration which is almost insultingly small, and we wish to place on record our thanks for her loyal and highly efficient services.

The Loan fund, to meet our World Championship deficit of February, 1935, was completed last Autumn; and we were thereby enabled to square all our debts. Every penny to every Creditor. Once again we can look the world in the face, master of our own destinies, thanks to those who rallied round so generously with their loans and gifts. Particularly would we gratefully mention Mr. H. N. Smith of Scarborough, whose contribution of £200 was a god-send. Later this evening, it may be possible for the Hon. Treasurer to announce what is proposed to be done regarding repayment of these loan items. Interest for the current year has already been paid.

With some difficulty, our official Magazine, "Table Tennis" made its appearance last November, and is holding its own very well, but your Committee are concerned regarding the comparative poorness of the circulation so far and are anxious that the A.G.M. be acquainted with the difficulties of the situation. It is desired to stress that the work of editing, distribution and despatch is entirely honorary and that we feel deeply indebted to the following for their very valuable services:—Messrs. Symons and Findon (members of the Editorial Board) and various contributors, particularly Mrs. Bunbury, Mr. Charlton, business manager and his staff, the Misses Capper, Smits and Mr. Page, advertisement manager.

The National Championships for 1935/36 were staged in a manner which, we think, did full justice to the new-found prestige of our sport and of our Association. Our Hon. Secretary, Mr. Pope, was once more the incomparable genius behind the scenes, once more he and his lieutenants earn the grateful thanks of us all. The Affair was a success not only morally but financially, and this aspect will doubtless be dealt with in detail by your Hon. Treasurer. In accordance with a decision at last year's Annual General Meeting, the Winners of our Titles are to be minuted as follows:—Men's Singles, A. Ehrlich (Poland); Women's Singles, Fl. Kettnerova (Czechoslovakia); Men's Doubles, Messrs. Szabados and Bellak (Hungary); Mixed Doubles, Barna (Hungary) and Miss Osborne (England); Women's Doubles (Fl. Krebsbach (Germany) and Miss Dora Emdin (England); Junior, Sellman (Ealing); Veterans, Gunn (Plymouth); and Consolation, Buble (London).

In general Tournament play, Bergl and Proffitt have done best in the South, Lurie and Hyde in the North. Among the women Miss Osborne, no longer Champion, is now being closely challenged for premier position by Miss Woodhead

Miss Dora Emdin, Miss Wheaton, Mrs. Booker and Miss Newey, while Mrs. Hutchings has revealed marked improvement. Ranking lists are not yet available and the Executive trusts that the new Selection Committee will issue a statement before the opening of next season.

The World Championships at Prague were carried out under wholly unsatisfactory conditions, which we must all deplore. To what extent this was due to the undoubtedly inadequate organisation, and to the amazing outbreak of "pushing," the new danger now threatening the game, is not clear. In any case, we can only say, we hope that the circumstances will never be repeated.

We have done well in the few International Matches played this Season. Our men beat the Welsh in London 8-1. The women won at Cardiff 7-2, a mixed team went to Dublin and beat the I.F.S. 10-1. The American Swaythling Cup Team, were persuaded to halt awhile in London en route for Prague, so we took the opportunity of staging the first International Match between the two Countries. A particularly enjoyable affair, attended by the Dowager Lady Swaythling and the American Consul-General, resulted in a win for England 6-3. No Match has been played against India this year, nor has the Annual Dinard Cup fixture versus France materialised up to the present.

In general, relations with other affiliated National Organisations, continue to be very cordial. Particularly is this the case with the U.S.A., largely due to the visit already referred to. We remain on the friendliest possible terms with the Press, and we take this opportunity of gratefully acknowledging a vast volume of journalistic support and interest all over the country. Public Table Tennis Competitions, Exhibitions and illustrated feature articles, sponsored by leading national newspapers are noted with satisfaction. The efforts of the "Star," the "Daily Mail," the "Daily

Express," the "News Chronicle" and the "Evening Standard," in this connection, have done much to assist our aims and objects. First-class provincial papers, too, in Manchester, Birmingham, the West Country and elsewhere, have played a big part in propaganda work for us.

To a large extent, this valuable help can be directly attributed to the two Barna Tours, so splendidly organised by our Hon. Secretary in December and February. Nothing on this scale has been attempted before, but his efforts turned out to be a brilliant success. Approximately 35 towns were visited by the Troupe Barna, Szabados and Bellak, and from time to time they were reinforced by such as Haydon, Lurie, Findon and other English Internationals and by local stars. Civic receptions were the rule rather than the exception, and wherever they went our visitors not only delighted great crowds of spectators and stimulated the Leagues and Clubs on the spot but by their displays did much to improve the standard of play. Gross attendance is estimated at 40,000, and it is to be hoped that the financial outcome of the undertaking will be as satisfactory to the entertaining (and enterprising) Leagues as to the Association in its fervent desire to meet its loan commitments.

A word of thanks is due to Miss Lancaster who accompanied the Circus every inch of the way and who safeguarded the Players with outstanding efficiency, tact and kindness.

In conclusion, your Executive is of the opinion that the great increase in affiliated membership this season, can reasonably be expected to continue in the future to the advantage of all concerned. It trusts that everything possible will be done to counter the growing menace of unenterprising defensive play, and is in favour of the adoption of the sternest measures to stamp it out. The Officers and Executive return thanks for the confidence reposed in them by their colleagues of the E.T.T.A. during the current season and they extend their best wishes to those destined to succeed them.

THE LAWS OF TABLE TENNIS.

(As adopted by the International Table Tennis Federation.)

Singles.

1. The Table.—The table shall be in surface rectangular, 9ft. in length, 5ft. in width; it shall be supported in such a way that its upper surface shall be 2ft. 6ins. above the floor, and shall lie in a horizontal plane.

It shall be made of any material and shall yield a uniform bounce of not less than 8ins. and not more than 9ins. when a standard ball is dropped from a height of 12ins. above its surface.

The upper surface of the table shall be termed the "playing surface"; it shall be non-reflecting, of a dark colour with a white line $\frac{1}{2}$ in. broad along each edge.

The lines at the 5ft. edges or ends of the playing surface shall be termed "end lines." The lines at the 9ft. edges or sides of the playing surface shall be termed "side lines."

2. The Net and its Supports.—The playing surface shall be divided into two courts of equal size by a net running parallel to the end lines and 4ft. 6ins. from each. The net shall be 6ft. in length; its upper part along its whole length shall be 6 $\frac{1}{2}$ ins. above the playing surface; its lower part along the whole length shall be close to the playing surface. The net shall be attached at each end to an upright post 6 $\frac{1}{2}$ ins. high; the outside limits of each post shall be 6ins. outside the side line on the same side.

3. The Ball.—The ball shall be spherical. It shall be made of celluloid, pale in colour; it shall not be less than 4 $\frac{1}{2}$ ins. nor more than 4 $\frac{3}{4}$ ins. in circumference; it shall not be less than 37 grains (2.40 grammes) nor more than 39 grains (2.53 grammes) in weight.

4. The Racket.—The racket may be any material, size, shape, or weight.

5. The Scoring of Points.—A game shall be won by the player who first wins 21 points, unless both players shall have scored 20 points, when the winner of the game shall be he who first wins two points more than his opponent.

6. The Choice of Ends and Service.—The choice of ends and the right to be server or striker-out in every match shall be decided by toss, provided that, if the winner of the toss chose the right to be server or striker-out, the other player shall have the choice of ends, and vice versa, and provided that the winner of the toss may, if he prefer it, require the other player to make the first choice.

7. The Change of Ends and Service.—After five points the striker-out shall become the server, and the server the striker-out, and so on after each five points until the end of the game or the score 20 all. At the score 20 all the striker-out shall become the server, and the server the striker-out, and so on after each point until the end of the game. The player who served first in a game shall be striker-out first in the immediately subsequent game, and so on until the end of a match.

The player who started at one end in a game shall start at the other in the immediately subsequent game, and so on until the end of the match. Where the match consists of only one game, or, where it consists of more than one game, in the deciding game of the match, the players shall change ends at the score 10.

8. Out of Order of Ends or Service.—If a player serve out of his turn, the player who ought to have served shall serve as soon as the mistake is discovered, unless a group of five

services shall have been completed before such discovery, when the service in the subsequent groups of services shall continue, in the same order, as if the sequence had not been discontinuous. In any circumstances, all points scored before the discovery shall be reckoned.

If the players shall not have changed ends when ends should have been changed, the players shall change ends as soon as the mistake is discovered, unless a game shall have been completed since the error, when the error shall be ignored. In any circumstances, all points scored before the discovery shall be reckoned.

9. The Order of Play.—The server shall first make a good service, the striker-out shall then make a good return and thereafter server and striker-out shall each alternately make a good return.

10. A Good Service.—The service shall be delivered by the server projecting or dropping the ball by hand only, without deliberate deformation of the surface, into the air. The ball shall then be struck so that it touch first the server's court and then, passing directly over or round the net, touch the striker-out's court.

At the moment of the impact of the racket on the ball in service, both shall be behind the end line of the server's court and between an imaginary continuation of the side lines.

11. A Good Return.—A ball having been served or returned in play shall be struck by the player so that it pass directly over the net or round the net and touch directly the opponent's court; provided that, if the ball, having been served or returned in play, returns with its own impetus over the net or round the net, it may be struck, while still in play, by the player so that it touch directly the opponent's court.

12. A Let.—The rest is a let:

(a) If the ball served in passing over the net touch it or its supports, provided the service either be otherwise good or be volleyed by the striker-out.

(b) If a service be delivered when the striker-out is not ready, provided, always, that he may not be deemed to be unready if he attempts to strike at the ball.

(c) If either player be prevented by an accident, not under his control, from serving a good service or making a good return.

(d) If either player lose the point, as provided in Law 13 (c), (d), (e), or Law 14, owing to an accident not within his control.

13. A Point.—Either player shall lose a point:

(a) If he fail to make a good service except as provided in Law 12.

(b) If a good service or a good return having been made by his opponent, he fail to make a good return, except as provided in Law 12.

(c) If he, or his racket, or anything that he wears or carries, touch the net or its supports while the ball is in play.

(d) If he, or his racket, or anything that he wears or carries, move the playing surface while the ball is in play.

(e) If his free hand touch the playing surface while the ball is in play.

14. A Point.—Either player shall lose the point:

(a) If before the ball in play shall have passed over the end lines or side lines not yet having touched the playing surface on his side of the table since being struck by his opponent, it come in contact with him or anything that he wears or carries.

(b) If at any time he volley the ball, except as provided in Law 12 (a).

15. In Play.—The ball is in play from the moment at which it is projected or dropped from the hand in service until:

- (a) It has touched one court twice consecutively.
- (b) It has, except in service, touched each court alternately without having been struck by the racket intermediately.
- (c) It has been struck by either player more than once consecutively.
- (d) It has touched either player or anything that he wears or carries, except his racket or his racket hand below the wrist.
- (e) On the volley it come in contact with the racket or the racket hand below the wrist.
- (f) It has touched any object other than the net supports or those referred to above.

16. Further Definitions.—The period during which the ball is in play shall be termed a rest.

A rest the result of which is scored shall be termed a point.

A rest the result of which is not scored shall be termed a let.

The player who first strikes the ball during a rest shall be termed the server.

The player who next strikes the ball during a rest shall be termed the striker-out.

If the ball, in passing over the net, or round the net, touch it or its supports, it shall, nevertheless, be considered to have passed directly, except as referred to in Law 12 (a).

If the ball in play come in contact with the racket or racket hand, not yet having touched the playing surface on one side of the net since last being struck on the other side, it shall be said to have been volleyed.

The racket hand is the hand carrying the racket; the free open hand is the hand not carrying the racket.

Doubles.

17.—The above laws shall apply in the Doubles Game except as below.

18. The Table.—The surface of the table shall be divided into two parts by a white line $\frac{1}{2}$ in. broad, running parallel with the side lines and distant from each of them 2ft. 5 $\frac{1}{2}$ in. This line shall be termed the service-line. The part of the table surface on the nearer side of the net and the right of the service-line in respect to the server, shall be called the server's right half-court, that on the left in respect to him the server's left half-court. The part of the table surface on the farther side of the net, and the left of the service-line in respect to the server, shall be called the striker-out's right half-court, that on the right in respect to the server the striker-out's left half-court.

19. A Good Service.—The service shall be delivered as otherwise provided in Law 10, and so that it touch first the server's right half-court or the centre line on his side of the net, and then, passing directly over or round the net, touch the striker-out's right half-court or the centre line on his side of the net.

20. The Choice of Order of Play.—The pair who have the right to serve the first five services in any game shall decide which partner shall do so, and the opposing pair shall then decide similarly which shall first be striker-out.

21. The Order of Service.—The first five services shall be delivered by the selected partner of the pair who have the right to do so, and shall be received by the selected partner of the opposing pair. The second five services shall be

delivered by the striker-out of the first five services and received by the partner of the server of the first five services. The third five services shall be delivered by the partner of the server of the first five services and received by the partner of the striker-out of the first five services. The fourth five services shall be delivered by the partner of the striker-out of the first five services and received by the server of the first five services. The fifth five services shall be delivered as the first five services. And so on, in sequence, until the end of the game or the score 20 all, when the sequence of serving and striking-out shall be uninterrupted, but each player shall serve only one service in turn until the end of the game.

In a one game match, or the deciding game of the match of more than one game, the pair that served the first five services has the right to alter their order of striking out or that of their opponents at the score 10.

22. Out of Order of Striking-out.—If a player act as striker-out out of his turn, the player who ought to have acted as striker-out shall be striker-out as soon as the mistake is discovered, unless a group of five services shall have been completed before such discovery, when the order of striking-out shall continue in the subsequent groups of services as if the sequence had not been discontinuous. In any circumstances, all points scored before the discovery shall be reckoned.

23. The Order of Play.—The server shall first make a good service, the striker-out shall then make a good return, the partner of the server shall then make a good return, the partner of the striker-out shall then make a good return, the server shall then make a good return, and thereafter each player alternately in that sequence shall make a good return.

24. Further Amendments and Additions.—

Law 6.—Alter "server," "striker-out," "winner," "he," to their respective plurals; alter "player" to "pair."

Law 7.—Delete first two sentences of first paragraph. In the third sentence, first paragraph, and in the second paragraph, alter "player" to "pair," "players" to "pairs," "striker-out" to "strikers-out."

Law 12 (b).—Insert "or his partner" after "striker-out"; "they" in place of the first "he"; "the striker-out" in place of the second "he."

Law 12 (c).—Insert "any" in place of "either."

Law 12 (d).—Insert "pair" in place of "player"; "their" in place of "his."

Law 13.—Insert "pair" in place of "player."

Law 13 (a).—Insert "the server" instead of "he."

Law 13 (b).—Insert "one of their opponents in proper sequence" in place of "his opponent"; "they" in place of "he."

Law 13 (c).—Insert "either partner" in place of the first "he."

Law 13 (d).—Insert "either partner" in place of the first "he."

Law 13 (e).—Insert "of either partner" after "hand" and "the" in place of "his."

Law 14.—Insert "pair" instead of "player."

Law 14 (a).—Insert "their" in place of the first "his"; "one of their opponents in proper sequence" instead of "his opponent"; "either partner" instead of "him."

Law 14 (b).—Insert "either partner" in place of "he."

Law 15 (c).—Insert "any" in place of "either"; add "or by any player out of proper sequence, except as provided in Law 22."

Law 15 (d).—Insert "any" in place of "either."

Add as Law 15 (g).—"In service it has touched the server's left half-court or the striker-out's left half-court."

APPENDIX TO LAWS.

KNOTTY POINTS.

Decisions of the Rules Committee of the International Table Tennis Federation.

1. Edge Balls.—The phrase, "Table Surface" is to be interpreted as including the top edges and corners of the table-top, and a ball in play which strikes these latter is therefore good and still in play; though if it strikes evidently the side of the table-top below the edge, it becomes dead and counts against the last striker.

2. Ball Returned with Empty Hand.—If a player drop his racket, he cannot return the ball with empty hand. (See definition, "the racket hand is the hand carrying the racket.")

3. Racket Thrown at Ball.—If in returning the ball the racket leave the player's hand, it is a good return only if it were still in his hand at the moment of contact with the ball (see Law 11, "a ball . . . shall be struck"), and if it do not touch the net or move the table surface (Law 13 c, d) before the ball is out of play.

4. Finger-spin in Service.—

(a) Finger-spin *may* be imparted to the ball in service by projecting it by hand into the air and then striking it (Law 10); it *may not be* imparted by holding the ball and rubbing the racket surface against it before it leaves the hand (Law 10, and double-hit, Law 15 c).

(b) No artificial aid must be worn on the fingers to increase finger-spin; a rubber thumb-stall or finger-stall violates Law 10 "projecting or dropping the ball by hand only," since more than the hand is used. (The umpire should however, of course use discretion respecting a merely technical violation caused by a stall or glove worn through injury, and not employed to increase service-spin).

(c) Distinction should be made between that measure of deformation physically inseparable from striking or pressing a resilient object, and a deliberate deformation executed to

alter the shape of the surface to secure improved grip. The latter may invariably be distinguished by a sharp click of celluloid, audible as the surface resumes convexity on leaving the hand, and in no way resembling the finger snap sound of legitimate finger spin.

5. Missed Service.—If a player in attempting to serve miss the ball altogether, it is a lost point (Laws 10 and 15) because the ball was in play from the moment it left the server's hand, and a good service has not been made of the ball already in play.

6. Volleyed Net Service.—A net service is a let not only if otherwise good but also if it be volleyed by the striker-out. (See Laws 12 (a) and 14 (b).)

7. Ball Fractured in Play.—If the ball split or become otherwise fractured in play, *affecting a player's return*, the rest is a let (Law 12 c). It is the umpire's duty to stop play, recording a let, when he has reason to believe that the ball in play is fractured or imperfect; and to decide those cases in which the faulty ball is clearly fractured in actually going out of play, and in no way handicaps the player's return, when the point should be scored. In all cases of doubt, however, he should declare a let.

8. Fixtures.—A moving spectator, a neighbouring player, a sudden noise, i.e., any neighbouring object *in movement* (except a partner) should be regarded as an accident not under control (Law 12 c), interference from which implies a let. A stationary spectator, fixed seating, the umpire, the light, a nearby table, a continuous sound of even volume, i.e., any *relatively constant or motionless* hazard, should not be so regarded, and complaint against interference from it during play should be regarded as void.
