HISTORY

Following upon the great popularity of the original Ping-Pong in the early part of the present century, the Ping-Pong Association was formed in 1902, to organise championships and tournaments, chiefly in London. The "boom" year was 1904, but it was only a temporary craze, as, although the P.P.A. was still in existence in 1905, it appears to have collapsed during that season. Whilst the game seems to have died out in the home counties, it was apparently still being played in the provinces, but without any governing body.

In 1921-22, the P.P.A. was resuscitated by Messrs. P. Bromfield and J. J. Payne, who were joined by Hon. Ivor Montagu, Mr. J. M. Rose and Mr. A. F. Carris. The National Championships were run that season, and entries received from all parts of the country. Difficulties soon arose, however, not only in regard to the title, when it was discovered that Ping-Pong was a registered trade name, but also through the Association being unrepresentative of the provincial centres. The old Ping-Pong Association therefore dissolved and re-formed under the title of "The Table Tennis Association." The new body was hampered by difficulties, and as their energies were devoted to formulating standard rules, popularising the game, etc., no attempt to form a democratic governing body could be made.

At the Annual Meeting in 1925, an emergency committee, with Mr. Montagu as President, and Mr. W. J. Pope as Secretary, was authorised to redraft the constitution. In 1926, revised regulations were circularised in the provinces and a National Delegate Conference was held in London, on April 24th, 1927. The new constitution, which confirmed the provisional appointments and provided for the new title, "The English Table Tennis Association," was adopted.

The first Chairman and Secretary were, of course, Mr. Montagu and Mr. Pope respectively. They stayed in office for some years, and were together primarily responsible for establishing the new national body on sound foundations. They worked prodigiously hard until Mr. H. M. Bunbury, of Manchester, assumed the Chairmanship in 1929,

Mr. Montagu being appointed President. Mr. D. W. Poupart became Secretary one year later, after Mr. B. L. Hookins, of Pontefract, had had a brief term. Mr. H. Oldroyd, also of Manchester, was elected President in 1931, and still retains very worthily the dignity of his office. Mr. Montagu returned to the chair in 1932, with Mr. G. W. Decker as Secretary; these two being succeeded in September, 1933, by Mr. C. Corti Woodcock, of London, and Mr. J. Siddron, of Manchester, respectively. The last-mentioned appointments were renewed in April, 1934, together with that of Mr. A. K. Vint, of Hastings, Hon. Treasurer since 1931. In April, 1935, Mr. Woodcock and Mr. Vint were re-elected and Mr. W. J. Pope displaced Mr. J. Siddron as Secretary, and in 1936 Mr. Woodcock resigned and was replaced by Mr. Montagu. Interesting names appearing on the list of Vice-Presidents include Messrs. Bunbury, Bromfield and Perry (father of our ex-world champion, Fred J. Perry). In the last groups elected were further valuable additions in the persons of the Dowager Lady Swaythling, Mr. A. F. Carris and Mr. P. E. Warden.

The progress of the E.T.T.A. since 1927 is shewn by the following figures of the numbers of Leagues in membership then and in succeeding seasons: 19; 21; 23; 32; 38; 52; 71; 102; 121; 158; 206. In 1938-39, there were 230 Leagues affiliated, embracing 4,100 Clubs and 75,000 individual members.

In 1935, after an interval of eight years, the World Championships returned to England, and the great crowds which thronged the London University and Imperial Institute and the 8,000 people who packed the Empire Pool and Sports Arena, Wembley, proved that the game had won its place in public favour as a thrilling spectacle.

In 1936, the Empress Stadium at Earls Court housed a crowd of 7,000 people for the finals of the National Championships, and in 1937 the Wembley Arena was again filled. In 1938, once again the World Championships came to London, and the preliminaries packed the Albert Hall every night. Excursions from all over England made up another 9,000 attendance on Finals night at Wembley, and the E.T.T.A. maintained its high standard of organisation and conditions.

In 1938, the English Championships were held at Blackpool, returning to the Albert Hall and Wembley the following season, with play, crowds and enthusiasm scarcely below the previous year's World Championship level.

On the outbreak of war, it was decided at a special General Meeting to give the National Executive full power to carry on the work of the Association, which they did until September, 1945, when the normal constitution was resumed. During the war the office, records and equipment were completely destroyed by bombs, but in spite of this added difficulty in carrying on, a sum of over £10,000 was raised for the Red Cross and other war charities, and nearly 200 exhibitions were arranged for H.M. Forces, Civil Defence organisations, etc.

The first post-war year produced a clear indication that a quick revival in the game could be expected. The National Open Championships were held in March, 1946, when the Wembley Arena was again filled by a 9,000 crowd for the finals.

The season 1946/47 can be said to be the first season of the post-war boom. There was a large increase in Leagues, and the National Championships, the Finals of which, again played at Wembley, were characterised by a tremendous rush for tickets from affiliated players and the general public. The 9,000 tickets available were early sold out and it was obvious that the demand for spectacular Table Tennis was as great as ever. In the first year of the Europe Cup competition, the Women's event was won by our players. The American players who came from the World Championships to London to take part in our National Championships, took part in a tour throughout the provinces. Another outstanding feature was the winning of the Marcel Corbillon Cup Competition by our women's team.

The World Championships have been allotted to England for season 1947/48 and it has been decided to run the events in the Empire Pool and Sports Arena, Wembley, for a complete eight days. This will be the most ambitious Tournament ever undertaken by the Association, and it is confidently expected that the members of the Association will rally round to make it a great success.

RULES OF THE NATIONAL COUNTY TABLE TENNIS CHAMPIONSHIPS

1. Membership

The County Table Tennis Championships shall be organised annually and all County Table Tennis Associations in membership with the English Table Tennis Association shall be eligible to take part in these Championships.

2. Divisions

The Championships shall consist of one or more premier divisions (in which not less than four nor more than seven counties shall take part in any one division) and one or more regional divisions of similar composition, but in the regional divisions the second teams of counties in the premier divisions may take part. Where there are four teams in a division, they shall each play each, home and away in the same season, but where there are more than four teams, they shall play each other once only per season, home and away in alternate seasons. It shall be within the discretion of the Executive Committee to admit more than one team from any County.

3. Relegation and Promotion

The highest team in each regional division, not being second teams, shall play off, if it is the wish of all or any to play in the Premier division during the following season. The winner of the play-off shall have the right to challenge the lowest county in the Premier division for its place for the following season.

4. Championships Council

The affairs of the Championships shall be managed by a Championships Council consisting of two members of each County Association, one being the County Secretary, with the addition of two members of the National Executive Committee of the English Table Tennis Association who are not County Secretaries.

5. Council Meetings

The Championships Council shall meet twice annually: (a) An Annual General Meeting in June of each year to appoint officers and an executive committee to be responsible for carrying out the Championships and to make arrangements for fixtures and any other competent business, and (b) in February or March of each year to propose any alterations to the rules of the Championships.

6. Executive Committee

The Executive Committee shall consist of the Officers of the Championships and one representative from each division, together with one member of the National Executive Committee of the English Table Tennis Association.

7. Officers

The Officers of the Championships shall be a Chairman, Secretary and/or Treasurer who shall be elected from those members of the Championships Council who represent County Associations. A Publicity Secretary may also be appointed at the discretion of the Executive Committee but not to be a voting member.

8. Finance

(a) Each County Association, on admission, shall deposit with the Treasurer £1 per team and at the conclusion of the Season shall contribute to the funds an amount equal to the past year's expenses (less any income) divided by the number of teams participating. (b) The first charge against the receipts in every match played shall be Entertainments Duty, the second charge 2½ per cent. of the nett receipts to the Funds of the Championships. The Home County shall receive 60 per cent. and the Visiting County 37½ per cent. of the nett receipts. A match shall not be arranged unless a charge is made for admission or a guarantee given that a visiting county shall receive their travelling expenses. The Home County shall furnish the visitors and the Treasurer of the Championships with a balance-sheet within fourteen days of the match and shall forward at the same time the amount to which each is entitled. (c) No expenditure shall be incurred by the Executive Committee in excess of the amounts in the hands of the Treasurer without an authority from the Championships Council.

9. Date of Matches.

The latest date for each match shall be decided at the Annual General Meeting, but the two counties concerned may play the match on any earlier date by mutual consent. Matches which are postponed beyond the fixed last date must be played by a second date fixed by the Secretary of the Championships and only with his prior consent, the application to come from both counties concerned together with a fee of 5s. from each county.

10. The Home County shall supply three dates, before the fixed last date, giving at least six weeks notice, and within two weeks the visiting county shall choose one of the dates and state a time for starting the match. When the date has been fixed the Secretary of the Championships must be notified by both counties. In the event of failure to agree a date the Executive Committee shall make a decision as to the date on which the match shall be played.

11. Three weeks before the match the counties shall supply each other with the names of their players in order of merit. Substitution shall only be allowed for good reason which must be stated and agreed to by the Secretary of the Championships.

12. The winning team shall send complete results to the Secretary within 48 hours after the match is played on the form provided, and signed by both Captains, if they agree the result.

13. A match shall consist of nine ties, each the best of three games, comprising six men's singles, one ladies' singles, one mixed doubles and one ladies' doubles, with the proviso that if both County Secretaries are in agreement a men's doubles may be substituted for the ladies' doubles. Should there be no agreement between the two Secretaries the ladies' doubles must be played. No man shall play more than three ties in a match.

14. Subject to any arrangement mutually agreed upon, the order of play shall be as follows:—(A, B and C being the home team in order of merit and X, Y and Z being the away team in order of merit). C v. Z, A v. Y, doubles (ladies' or men's), B v. X, Ladies' singles, C v. Y, Mixed doubles, B v. Z, A v. X.

15. Any tie not commenced within 15 minutes of the time fixed for the start of the match, or within five minutes of the end of the previous tie, owing to the absence of one player, shall be forfeited to the opposing team. If both players are absent the tie shall not be counted.

16. Default

Any failure to comply with these Rules or with those of the English Table Tennis Association shall not entitle the opposing county wilfully to refuse to play a match, but may be the ground of a complaint or, if the county is seriously prejudiced in its arrangements or in its play, of a claim that the match be forfeited. No complaint or claim with respect to the playing conditions shall be entertained unless a complaint was made to the home team captain before the commencement of the fourth rubber of the match.

17. Claims

A county may, within 48 hours after the time agreed for the playing of a match, send the Secretary a Claim (see Rules 25-27) that the match shall be forfeited to it.

18. The Secretary shall immediately forward a copy of any Claim received to the opposing county.

19. The opposing county if it wishes to refute the Claim shall send an Answer (see Rules 25-27) to the Secretary within 48 hours of receiving it.

20. The Secretary shall immediately send a copy of an Answer received to the claiming county, and copies of both Claim and Answer to the Referee (the Chairman of the English Table Tennis Association) with, if necessary, a short statement of the position.

21. The decision of the Referee on a Claim shall be final.

22. **Forfeiture.** If no result or Claim is received three clear days after the date on which a match is due to be played, the Secretary shall notify the two counties that the match will be forfeited by both unless either an application for an extension of time, accompanied by a fee of five shillings or a claim or the result accompanied by a fee of two shillings and sixpence, is received by him within three days. A claim received shall be treated as a claim under Rule 17.

23. If no Answer is received within three days of the sending of a copy of a Claim to a county the Secretary shall notify the county that its match has been forfeited to the claiming county.

24. **Appeal.** A county may appeal against any forfeiture of a match under Rule 22 or 23. An appeal (see Rules 25-27) must be received by the Secretary within three days of the dispatch of the notice of forfeiture, and shall be treated as a Claim or Answer as the case may be.

25. **Form of Procedure.** Every Claim, Answer and Appeal shall be in triplicate, and must state the full grounds on which it is made, including any Rule infringed, any game affected or claimed, and where necessary a proper reply to any alleged default.

26. No amendment of or addition to a Claim or Answer shall be allowed, but a county receiving a copy of an Answer may inform the Secretary by return of post if any statement therein is incorrect.

27. Any Claim, Answer or Appeal which is not in the proper form or which is out of time shall be ignored.

28. Penalties

Whatever its outcome, every claim, forfeiture and complaint shall be made the subject of a full report at the next meeting of the Committee which shall have power in the case of any default described in Rule 16, non-arrival or undue lateness at a match, to impose on the delinquent county or player a fine not exceeding five pounds and/or suspension from participation in the County Championships. Any county or player failing to pay a fine imposed within seven days shall be automatically suspended from participation in the Championships until the fine is paid. The County Championships Committee may award all or any part of any fine imposed to the opponents and/or the body staging the match.

29. Qualification

Players shall always be qualified to play for the county of their birth, but shall also be able to qualify to play for a county in which they take up residence, provided they shall notify the Secretary of the Championships, such qualification to date from one year from the date of taking up residence. A player who wishes to play for any other county must apply to the Secretary of the Championships, giving reasons, and the Executive Committee may grant such application if they are satisfied that the player is a bona-fide member of a league within that county, and that he or she lives within five miles of that county's boundary, and shall have represented their league in Wilmott Cup or J. M. Rose Bowl matches in the preceding and current seasons.

30. English Table Tennis Association tournament rules on playing conditions to be observed.

31. All players to be registered, in order of merit, at the commencement of the season, with the Secretary of the Championships. Additional players can be registered, and the order of merit altered, at the commencement of each month. The player's qualifications (see Rule 29) to be stated at the time of registration.

32. A player having played for his county side, shall not thereafter in the same season play for his second team without the prior consent of the Secretary of the Championships.

33. The first three men and two ladies in each county's order of merit shall not be eligible to play for their second team.

34. In the event of any question or matter arising which is not provided for in the foregoing Rules, such question or matter shall be dealt with by the Executive Committee, whose decision shall be final.

35. No addition to, or alteration or rescission of these Rules shall be effected unless approved by the National Executive Committee of the English Table Tennis Association.

NOTES ON THE CHART SYSTEM

The Chart System, little used before the war, has now become a prime necessity to all Table Tennis Organisers, owing (a) to the shortage of halls and equipment due to war causes, and (b) to increased costs and paper shortage due to the same cause.

In all parts of the country, clubs are playing in improvised premises, or in club rooms which they can only use once or twice a week. Therefore, in order that clubs with these difficulties can compete in leagues, they must be able, if they enter more than one team, to be *certain* that two teams from the same club will not be called upon to play at home in the same week. This can always be *guaranteed*, providing the divisions making up a league have the same number of teams in each, irrespective of whether the two teams are in one division, or separate, and irrespective of how many clubs enter with two teams. Sufficient to say that my own league, with 160 teams in 20 divisions uses the chart system without difficulty.

Most leagues to-day publish their own handbook, and the amount of space taken up by printing fixtures is considerable. This can be cut down to a maximum of two pages (including explaining the chart) by using the chart system. Even if you decide to print your fixtures in full, you will find that, to obtain satisfactory fixtures, you must prepare them with the aid of a chart.

The following three charts can be used for divisions from 7 to 12 teams: if an odd number of teams, say 7, you give a blank week to the team due to play No. 8 in each case. Use of these charts guarantees that no team is ever called upon to play three consecutive home or away matches, and that they get the maximum possible number of alternate home and away games. Furthermore, by using the combinations shown underneath each chart, you safeguard your clubs and their few match nights. For example, if you have a club with two teams, one in the premier division and one in the third division, with only one home night, allot the first team to position No. 1

in the premier division, and the second team to position No. 5 (for divisions of eight) in the third division. It should be noted that although only four combinations are listed as alternates for divisions of eight, these combinations can be reversed; i.e., 5 and 1, 6 and 2, giving eight combinations for eight places, covering every possibility.

The tables used cover the first half of the season, and the letter "a" denotes an away match. For example, again quoting from divisions of eight, Team No. 1 plays Team No. 8 at home in the first week, and then meets Team No. 7 away in the second week. Obviously, for the second half of the season, the homes and aways are reversed.

Shortage of space precludes giving all details, but further information can be supplied and queries answered if a communication is sent to the Association.

5. **The Scoring of Points.**—A game shall be won by the player who first wins 21 points, unless both players shall have scored 20 points, when the winner of the game shall be the who first wins two points more than his opponent.

6. The Choice of Ends and Service.—The choice of ends and the right to be server or striker-out in every match shall be decided by toss, provided that, if the winner of the toss chooses the right to be server or striker-out, the other player shall have the choice of ends, and vice versa, and provided that the winner of the toss may, if he prefer it, require the other player to make the first choice.

7. The Change of Ends and Service.—After five points the striker-out shall become the server, and the server the striker-out, and so on after each five points until the end of the game or the score 20-all. At the score 20-all the striker-out shall become the server, and the server the striker-out, and so on after each point until the end of the game. The player who served first in a game shall be striker-out first in the immediately subsequent game, and so on until the end of a match.

The player who started at one end in a game shall start at the other in the immediately subsequent game, and so on until the end of the match. Where the match consists of only one game, or, where it consists of more than one game, in the deciding game of the match, the players shall change ends at the score 10.

8. Out of Order of Ends or Service.—If a player serve out of his turn, the player who ought to have served shall serve as soon as the mistake is discovered, unless a group of five services shall have been completed before such discovery, when the service in the subsequent groups of services shall continue in the same order as if the sequence had not been discontinued. In any circumstances, all points scored before the discovery shall be reckoned.

If the players shall not have changed ends when ends should have been changed, the players shall change ends as soon as the mistake is discovered, unless a game shall have been completed since the error, when the error shall be ignored. In any circumstances, all points scored before the discovery shall be reckoned.

9. The Order of Play.—The server shall first make a good service, the striker-out shall then make a good return, and

thereafter server and striker-out shall each alternately make a good return.

10. A Good Service.—The service shall be delivered by the server releasing the ball by hand only, without imparting spin, into the air. The ball shall then be struck so that it touch first the server's court and then, passing directly over or round the net, touch the striker-out's court.

(In the delivery of the service the free hand of any two-handed player shall be open flat, with the fingers straight and together, thumb free and the ball resting on the palm without being cupped or pinched in any way by the fingers. The ball shall be released by the free hand either lifting upwards or dropping away.)

At the moment of the impact of the racket on the ball in service, both shall be behind the end line of the server's court and between an imaginary continuation of the side lines.

11. A Good Return.—A ball having been served or returned in play shall be struck by the player so that it pass directly over the net or round the net and touch directly the opponent's court; provided that, if the ball, having been served or returned in play, returns with its own impetus over the net or round the net, it may be struck, while still in play, by the player so that it touch directly the opponent's court.

12. A Let.—The rest is a let:

(a) If the ball served in passing over the net touch it or its supports, provided the service either be otherwise good or be volleyed by the striker-out.

(b) If a service be delivered when the striker-out is not ready, provided always that he may not be deemed to be unready if he attempt to strike at the ball.

(c) If either player be prevented by an accident, not under his control, from serving a good service or making a good return.

(d) If either player lose the point, as provided in Law 13 (c), (d), (e), or Law 14, owing to an accident not within his control.

13. A Point.—Either player shall lose a point:

(a) If he fail to make a good service, except as provided in Law 12.

(b) If a good service or a good return having been made by his opponent, he fail to make a good return, except as provided in Law 12.

(c) If he, or his racket, or anything that he wears or carries, touch the net or its supports while the ball is in play.

(d) If he, or his racket, or anything that he wears or carries, move the playing surface while the ball is in play.

(e) If his free hand touch the playing surface while the ball is in play.

14. A Point.—Either player shall lose the point:

(a) If, before the ball in play shall have passed over the end lines or side lines not yet having touched the playing surface on his side of the table since being struck by his opponent, it come in contact with him or anything that he wears or carries.

(b) If at any time he volley the ball, except as provided in Law 12 (a).

15. In Play.—The ball is in play from the moment at which it is projected or dropped from the hand in service until:—

(a) It has touched one court twice consecutively.

(b) It has, except in service, touched each court alternately without having been struck by the racket intermediately.

(c) It has been struck by either player more than once consecutively.

(d) It has touched either player or anything that he wears or carries, except his racket or his racket hand below the wrist.

(e) On the volley it come in contact with the racket or the racket hand below the wrist.

(f) It has touched any object other than the net, supports, or those referred to above.

16. Further Definitions.—The period during which the ball is in play shall be termed a rest.

A rest the result of which is scored shall be termed a point.

A rest the result of which is not scored shall be termed a let.

The player who first strikes the ball during a rest shall be termed the server.

The player who next strikes the ball during a rest shall be termed the striker-out.

If the ball, in passing over the net, or round the net, touch it or its supports, it shall, nevertheless, be considered to have passed directly, except as referred to in Law 12 (a).

If the ball in play come into contact with the racket or racket hand, not yet having touched the playing surface on one side of the net since last being struck on the other side, it shall be said to have been volleyed.

The racket hand is the hand carrying the racket; the free open hand is the hand not carrying the racket.

Doubles.

17.—The above Laws shall apply in the Doubles Game except as below.

18. The Table.—The surface of the table shall be divided into two parts by a white line $\frac{1}{2}$ in. broad, running parallel with the side lines and distant equally from each of them. This line shall be termed the service-line. The part of the table surface on the nearer side of the net and the right of the service-line in respect of the server, shall be called the server's right half-court, that on the left in respect to him the server's left half-court. The part of the table surface on the farther side of the net, and the left of the service-line in respect to the server, shall be called the striker-out's right half-court, that on the right in respect to the server the striker-out's left half-court.

19. A Good Service.—The service shall be delivered as otherwise provided in Law 10, and so that it touch first the server's right half-court or the centre line on his side of the net, and then, passing directly over or round the net, touch the striker-out's right half-court or the centre line on his side of the net.

20. The Choice of Order of Play.—The pair who have the right to serve the first five services in any game shall decide which partner shall do so, and the opposing pair shall then decide similarly which shall first be striker-out.

21. The Order of Service.—The first five services shall be delivered by the selected partner of the pair who have the

right to do so, and shall be received by the selected partner of the opposing pair. The second five services shall be delivered by the striker-out of the first five services and received by the partner of the server of the first five services. The third five services shall be delivered by the partner of the server of the first five services and received by the partner of the striker-out of the first five services. The fourth five services shall be delivered by the partner of the striker-out of the first five services and received by the partner of the first five services. The fifth five services shall be delivered as the first five services. And so on, in sequence, until the end of the game or score of 20 all, when the sequence of serving and striking-out shall be uninterrupted, but each player shall serve only one service in turn until the end of the game.

In a one-game match, or in the deciding game of a match of more than one game, the pair that served the first five services has the right to alter their order of striking-out or that of their opponents at the score 10.

22. Out of Order of Striking-out.—If a player act as striker-out out of his turn, the player who ought to have acted as striker-out shall be striker-out as soon as the mistake is discovered, unless a group of five services shall have been completed before such discovery, when the order of striking-out shall continue in the subsequent groups of services as if the sequence had not been discontinuous. In any circumstances, all points scored before the discovery shall be reckoned.

23. The Order of Play.—The server shall first make a good service, the striker-out shall then make a good return, the partner of the server shall then make a good return, the partner of the striker-out shall then make a good return, the server shall then make a good return, and thereafter each player alternately in that sequence shall make a good return.

APPENDIX TO LAWS: KNOTTY POINTS.

Decisions of the Rules Committee of the International Table Tennis Federation.

1. Edge Balls.—The phrase, "Table Surface" is to be interpreted as including the top edges and corners of the table-top, and a ball in play which strikes these latter is therefore good and still in play; though if it strikes evidently the side of the table-top below the edge, it becomes dead and counts against the last striker.

2. Ball Returned with Empty Hand.—If a player drop his racket, he cannot return the ball with empty hand. (See definition, "the racket hand is the hand carrying the racket.")

3. Racket Thrown at Ball.—If in returning the ball the racket leave the player's hand, it is a good return only if it were still in his hand at the moment of contact with the ball (see Law 11, "a ball shall be struck"), and if it do not touch the net or move the table surface (Law 13 c, d) before the ball is out of play.

4. Missed Service.—If a player in attempting to serve miss the ball altogether, it is a lost point (Laws 10 and 15) because the ball was in play from the moment it left the server's hand, and a good service has not been made of the ball already in play.

5. Volleyed Net Service.—A net service is a let not only if otherwise good, but also if it be volleyed by the striker-out. (See Laws 12 (a) and 14 (b).)

6. Ball Fractured in Play.—If the ball split or become otherwise fractured in play, affecting a player's return, the rest is a let (Law 12 c). It is the umpire's duty to stop play, recording a let, when he has reason to believe that the ball in play is fractured or imperfect; and to decide those cases in which the faulty ball is clearly fractured in actually going out of play, and in no way handicaps the player's return, when the point should be scored. In all cases of doubt, however, he should declare a let.

7. Fixtures.—A moving spectator, a neighbouring player, a sudden noise, i.e., any neighbouring object *in movement* (except a partner) should be regarded as an accident not under control (Law 12 c), interference from which implies a let. A stationary spectator, fixed seating, the umpire, the light, a nearby table, a continuous sound of even volume, i.e., any *relatively constant or motionless* hazard, should not be so regarded, and complaint against interference from it during play should be regarded as void.
