JACK CARRINGTON

This fully illustrated book, which has a foreword by the late W. J. Pope and a tribute to the author by Johnny Leach, has now been completely revised and a number of additions have been made. It is of the greatest value to all aspiring players as the author is the world's No. 1 coach, having trained the World Champion, Johnny Leach. But this is not only a book for the beginner, in fact a great deal of the book is aimed at making the good player better. Jack Carrington has here put down on paper his own scientific method of coaching and there are exceptionally good chapters on mobility, footwork and balance. This book is an essential part of the Table Tennis player's equipment. Price 6s. net and available at any bookshop. If it is not in stock it can be got by giving the bookseller the name of the author, the title and the publisher.

HISTORY.

Following upon the great popularity of the original Ping-Pong in the early part of the present century, the Ping-Pong Association was formed in 1902, to organise championships and tournaments, chiefly in London. The "boom" year was 1904, but it was only a temporary craze, as, although the P.P.A. was still in existence in 1905, it appears to have collapsed during the season. Whilst the game seems to have died out in the home counties, it was apparently still being played in the provinces, but without any governing body.

In 1921-22, the P.P.A. was resuscitated by Messrs. P. Bromfield and J. J. Payne, who were joined by the Hon. Ivor Montagu, Mr. J. M. Rose and Mr. A. F. Carris. The National Championships were run that season, and entries received from all parts of the country. Difficulties soon arose, however, not only in regard to the title, when it was discovered that Ping-Pong was a registered trade name, but also through the Association being unrepresentative of the provincial centres. The old Ping-Pong Association therefore dissolved and re-formed under the title of "The Table Tennis Association." The new body was hampered by difficulties, and as their energies were devoted to formulating standard rules, popularising the game, etc., no attempt to form a democratic governing body could be made.

At the Annual Meeting in 1925, an emergency committee, with Mr. Montagu as President, and Mr. W. J. Pope as Secretary, was authorised to redraft the constitution. In 1926, revised regulations were circularised in the provinces and a National Delegate Conference was held in London, on April 24th, 1927. The new constitution, which confirmed the provisional appointments and provided for the new title, "The English Table Tennis Association," was adopted.

The first Chairman and Secretary were, of course, Mr. Montagu and Mr. Pope respectively. They stayed in office for some years, and were together primarily responsible for establishing the new national body on sound foundations. They worked prodigiously hard until Mr. H. M. Bunbury, of Manchester, assumed the Chairmanship in 1929, Mr. Montagu being appointed President. Mr. D. W. Poupard became

Secretary one year later, after Mr. B. L. Hookins, of Pontefract, had had a brief term. Mr. H. Oldroyd, also of Manchester, was elected President in 1931, and still retains very worthily the dignity of his office. Mr. Montagu returned to the chair in 1932, with Mr. G. W. Decker as Secretary; these two being succeeded in September, 1933, by Mr. C. Corti Woodcock, of London, and Mr. J. Siddron, of Manchester, respectively. The last-mentioned appointments were renewed in April, 1934, together with that of Mr. A. K. Vint, of Hastings, Hon. Treasurer since 1931. In April, 1935, Mr. Woodcock and Mr. Vint were re-elected and Mr. W. J. Pope displaced Mr. J. Siddron as Secretary, and in 1936, Mr. Woodcock resigned and was replaced by Mr. Montagu. Interesting names appearing on the list of Vice-Presidents include Messrs. Bunbury, Bromfield and Perry (father of our ex-world champion, Fred J. Perry), the Dowager Lady Swaythling, Mrs. A. F. Carris and Mr. P. E. Warden. Mr. A. T. Finney who was the donor of the Boys and Girls Singles Cups was also added in 1951, together with Mr. H. R. McDonald, and Miss A. Stevens.

The progress of the E.T.T.A. since 1927 is shewn by the following figures of the numbers of Leagues in membership then and in succeeding seasons: 19; 21; 23; 32; 38; 55; 71; 102; 121; 158; 206. In 1938-39, there were 219 Leagues affiliated, embracing 4,008 Clubs and 75,000 individual members.

After the War when normal activities were resumed the Association started in 1945/46 with 110 Leagues, in 1946/47 the number was 178. By 1949/50 the figure was 256 Leagues, whilst in the Season 1950/51 the figure increased to 305, which included 6,800 clubs and approximately 130,000 members.

In 1935, after an interval of eight years, the World Championships returned to England, and the great crowds which thronged the London University and Imperial Institute and the 8,000 people who packed the Empire Pool and Sports Arena, Wembley, proved that the game had won its place in public favour as a thrilling spectacle.

In 1936, the Empress Stadium at Earls Court housed a crowd of 7,000 people for the finals of the National Champion-

ships, and in 1937 the Wembley Arena was again filled. In 1938, once again the World Championships came to London, and the preliminaries packed the Albert Hall every night. Excursions from all over England made up another 9,000 attendance on Finals night at Wembley, and the E.T.T.A. maintained its high standard of organisation and conditions.

In 1938, the English Championships were held at Blackpool, returning to the Albert Hall and Wembley the following season, with play, crowds and enthusiasm scarcely below the previous year's World Championship level.

On the outbreak of war, it was decided at a special General Meeting to give the National Executive full power to carry on the work of the Association, which they did until September, 1945, when the normal constitution was resumed. During the war the office, records and equipment were completely destroyed by bombs, but in spite of this added difficulty in carrying on, a sum of over £10,000 was raised for the Red Cross and other war charities, and nearly 200 exhibitions were arranged for H.M. Forces, Civil Defence organisations, etc.

The first post-war year produced a clear indication that a quick revival in the game could be expected. The National Open Championships were held in March, 1946, when the Wembley Arena was again filled by a 9,000 crowd for the finals.

The season 1946/47 can be said to be the first season of the post-war boom. There was a large increase in Leagues, and the National Championships, the Finals of which, again played at Wembley, were characterised by a tremendous rush for tickets from affiliated players and the general public. The 9,000 tickets available were early sold out and it was obvious that the demand for spectacular Table Tennis was as great as ever. In the first year of the Europe Cup competition, the Women's event was won by our players. The American players who came from the World Championships to London to take part in our National Championships, took part in a tour throughout the provinces. Another outstanding feature was the winning of the Marcel Corbillon Cup Competition by our women's team.

The World Championships returned to England in 1947-1948 and were played at the Empire Pool and Sports Arena, Wembley, taking 8 days to complete. There was a record entry and the Championships were a great success. Richard

Bergmann and Victor Barna, now naturalised British subjects, were selected to play for England in the Swaythling Cup competition but we were defeated by U.S.A. Bergmann won the Men's Singles, defeating Vana in the final, and Mrs. Vera Thomas lost in the Women's Singles Final to Miss G. Farkas of Hungary. The Championships were a great organisational success and added further prestige to the game in England. England again won the Corbillon Cup and the Women's Europe Cup.

In 1948/49, the World Championships were played in Stockholm, and, for the first time since 1929, when Fred Perry won, the Men's Singles came to England by the victory of Johnny Leach, who beat Vana in the Final. In the Europe Cup Matches England beat the Slovakia "B" team in the Men's Competition, and our Women lost to Hungary after holding this trophy for two years. Hungary won the Swaythling Cup and the U.S.A. won the Corbillon Cup. In the English Championships, the Finals were again played at Wembley. M. Reisman (U.S.A.) won the Men's Singles, beating Victor Barna in the Final, Miss McLean (U.S.A.) won the Women's event and on this occasion the semi-finals were also played at the Empire Pool, Wembley. Mrs. Vera Thomas (Vera Dace) and Mrs. Devenny (Dora Beregi) were unable to play during this season and our Women's team was much weakened by their absence.

In 1949/50 in Budapest the English teams came within a few points of winning both the Swaythling and Marcel Corbillon Cups, leading 4/1 and 2/1, respectively, against the eventual winners, Czechoslovakia and Rumania. Richard Bergmann won the Men's Singles and Dora Beregi (with the Scottish girl Helen Elliot—Mrs. Dykes) the Women's Doubles. The English Championships were again played on two nights at Wembley, Bergmann taking the Men's Singles and Miss Shahian (U.S.A.) the Women's. The Women's Doubles was won by two juniors, the Misses R. and D. Rowe.

In 1950/51 an experiment was made in playing the English Championships throughout at Wembley, with the usual two nights at the Empire Pool. The Singles Titles were both taken by players of old days: A. Ehrlich (France) who had won the Men's Title in 1935/36, and G. Pritzi, who had

gained a world success in the same hall many years ago. The Rowe Twins held their English Doubles title and in Vienna became the youngest players to win a world crown since Barna and Szabados twenty-three years before. Johnny Leach, beating Andreadis in the Final, scored his second World Singles Championship win. The Men's Team went down narrowly to Yugoslavia, and the Women's, more easily, to Austria after beating Hungary and U.S.A.

The grievous loss experienced at the end of the season 1949/50 by the death of Mr. W. J. Pope, architect of the Association and chief contributor to its success for so many years, was deeply felt by all. Nevertheless, with the invaluable guidance of the Hon. Treasurer, Mr. Vint, the unflagging industry of the Administrative Secretary, Mrs. K. Pegg, and co-operation generally from all members, the Association consolidated its position during the season in its new offices at 214, Grand Buildings, Trafalgar Square, London, W.C.2.

1. Payment to Members

(a) No payment, other than expenses, shall be made to or received by any affiliated member for playing, coaching and umpiring, writing, filming, broadcasting, or for exhibitions or in relation to equipment, unless he has been duly registered or has received specific permission from the National Executive Committee of the English Table Tennis Association to receive it.

(b) No affiliated Organisation or Club shall make any payment, other than expenses, to a member for any of the above activities unless the member has been registered or has received specific permission as above. Any affiliated Organisation or Club making a payment, in excess of expenses, must report the payment to the County Secretary concerned (or if there is no County Secretary of that area then direct to the Secretary of the English Table Tennis Association) specifying the amount and the service rendered, within fourteen days of the payment. The County Secretary in turn will inform the Secretary of the English Table Tennis Association.

(c) No registered player shall be paid or receive any reward or remuneration other than expenses (return fare, hotel accommodation, meals) for playing in a representative match or Open Tournament, except as (d) below. A representative match is one in which a player is playing for his club, league, county or Country against another team, league, county or Country. Proper Trial matches organised by clubs, leagues, counties or the National Association for the purpose of selecting representative teams shall rank as participation in representative matches.

(d) Prizes of £5 or less in value may be awarded or accepted without special permission other than the general sanction granted for the holding of Open Championships. No prize may exceed £5 in value. Badges and colours may be awarded and accepted for participation in Representative matches.

(e) No registered member may receive payment, other than expenses, for playing or umpiring in any form of competition (even if of a closed or invitation character) without specific permission of the National Executive Committee of the English Table Tennis Association except as provided in (d) above.

(f) Betting in any shape or form on players or matches is strictly prohibited.

2. Method of Registration

(a) Application for registration shall be made to the Secretary of the English Table Tennis Association in writing and should be accompanied by the registration fee or, where the applicant is a member of a league, by a certificate of approval signed by the League secretary and where the league is a member of a County Association, countersigned by the County secretary. Where the applicant is not a member of a League the approval of the Secretary of the County in which the applicant resides must be obtained. Where the applicant

is not a member of a League and there is no County body concerned, direct application should be made to the Secretary of the English Table Tennis Association.

(b) Application shall be renewed with the fee and the requisite certificates for each year for which registration is desired.

(c) Applications for registration shall be reported to and dealt with by the National Executive Committee meeting next following the application provided that, where adequate grounds of emergency exist, the Secretary of the English Table Tennis Association may himself grant provisional registration, subject to review of the grant at the National Executive Committee meeting next following, always provided, where a League or County Association is concerned, that the appropriate signatures have been obtained.

(d) Registration is valid from the date of registration to the 30th June next following but may be cancelled by the National Executive Committee in the event of a breach of these rules and for other misdemeanours.

(e) The fee that must accompany each application is £1. Where registration is granted provisionally it shall not be returnable even if cancelled upon review. Nor shall it be returnable in the event of cancellation under (d) above.

(f) In the event of a refusal of signature by the appropriate League the would-be applicant may appeal to the County Association concerned who may, if they think fit, send forward the application without the League's approval. In the event of a refusal by both the League and the County the would-be applicant may appeal to the National Executive Committee of the English Table Tennis Association, accompanying the appeal with a fee of £1, which may be forfeited in the event of the appeal not being sustained.

3. Code for Registered Members

(a) They shall not enter into any contract for exclusive play under particular auspices or on particular premises, or for the exclusive use of particular equipment, that might prevent them from entering an Open Championship or from accepting the instructions of the duly appointed captain in a representative match.

(b) They shall not allow their names to be used on publications they have not themselves written.

(c) They shall not allow their names to be used on equipment not designed by them.

(d) Except with the permission of the Secretary of the English Table Tennis Association, they shall not enter into any contractual obligation liable to clash with participation in the World's Championships or Open National Championships.

NOTE. Registered players are expected to make themselves available whenever possible when invited to represent not only their country but their county as well, in representative matches and Open Championships. A persistent refusal to make reasonable contribution in this respect may affect the views entertained by the responsible authority towards subsequent applications for registration.

(e) When invited to represent their country in a representative match or competition, they shall not play in any clashing event, unless so obliged by previous contract, and shall, in any case, use their best endeavours to obtain release from such clashing contractual obligation, provided they can do so without financial penalty.

(f) They will not appear in any competition or exhibition, other than one organised by a duly affiliated County Association, League, Club or other body of the English Table Tennis Association without the sanction of the County Secretary concerned and a member of the National Executive Committee. This sanction may be granted for a single event or for a series; it shall be withheld only if the promoter of the event, the location of the proposed premises, the details and the nature of the proposed exhibition or the fact of clash-ing with an event locally organised by an affiliated body or with a co-ordinated County programme so as to be injurious to the latter, are such that the event is liable to be injurious to the best interests of Table Tennis.

(g) They may accept any engagement for an exhibition, for coaching or for participation in a closed or Invitation tournament with prizes not exceeding the scale fixed in 1(d) from any authorised club, league or Association affiliated to the English Table Tennis Association provided that the sponsoring Association, league or club, if within the area of a County Association, has obtained the consent of the County Secretary or, if not within the area of a County Association, has obtained the consent of the Secretary of the English Table Tennis Association. An appeal against the refusal of a County Association to allow an engagement may be made to the National Executive Committee of the English Table Tennis Association. They may accept, without formality other than Registration, any payments for broadcasting, filming, organising, writing and in relation to equipment.

4. Organisation of Registered Members

Registered members shall elect and shall be entitled to be represented by a committee of six (of whom at least one shall be a woman). All members registered at 30th June, shall be entitled to vote in the election. The committee thus elected shall function until the election in the following season. It shall be entitled to fill any vacancies by co-option and shall choose its own Chairman and Secretary, who may attend the Annual General Meeting of the English Table Tennis Association, with voice but no vote, and two of its number, one from the North and one from the South, shall serve on the panels commission. The National Executive Committee of the English Table Tennis Association may consult this committee on matters concerning registered members.

5. Panels Commission

(a) Any registered player desiring to be placed on the "Approved

coaches' panel" or on the "Approved Exhibition players' panel" shall apply to the Secretary of the English Table Tennis Association. The "Approved coaches' panel" shall consist of (i) senior coaches; (ii) coaches; (iii) local coaches.

(b) The applicant shall specify name, address, telephone number, age (number of years playing, number of exhibitions played per year, with whom, etc., or names of players coached), League played for. He shall also enclose testimonials from individuals, pupils, Leagues, County authorities, also press cuttings, etc.

(c) Panels of approved applicants shall be drafted before the commencement of each season by a Panels Commission on which shall serve three members of the National Executive Committee of the English Table Tennis Association and two Registered members, elected as above. All decisions of this Panels Commission shall be endorsed by the National Executive Committee of the English Table Tennis Association, to whom all appeals against non-inclusion may be made. Applications to be added to the panels during the season shall be made to the Secretary of the English Table Tennis Association, who will submit names to the Panels Commission for decision.

(d) These panels shall be circulated to affiliated organisations and made available to the general public on request. The complete current panels shall be published in the Handbook, and in the earliest possible edition of the Magazine and in the first edition of each year. Additions shall be published in the next succeeding issue of the Magazine.

6. Warnings

(a) The list of players registered on the 1st October in each season, and the bi-monthly additions thereto, shall be circulated to Secretaries of County Associations, affiliated Leagues and directly affiliated clubs, together with a warning that any payment, other than legitimate expenses, to players not appearing on the list or payments to Registered Members without the necessary permissions mentioned above, renders offending Organisations as well as players liable to disciplinary action.

(b) A copy of these regulations shall be furnished together with the notification of the grant of registration to every Registered Member and shall appear in the handbook.

NOTE. Players who play abroad under auspices affiliated to the International Federation are subject, as far as payment and other matters are concerned, to the regulations of the Association governing the country where they play. In addition to observing the Regulations of the English Table Tennis Association, with which players are urged to familiarise themselves, every player is advised to ascertain that his Table Tennis abroad conforms to the Regulations of the Governing Body of the Country concerned.

Further, every player is advised to ascertain that the auspices under which he plays are properly affiliated to, and acting in accordance with, the decisions of an Association in membership with the International Table Tennis Federation. Finally, every player is advised not to enter into any contract in this country which will oblige him to be the participant in infringement of the Regulations of the Governing Body of any Nation in membership with the International Table Tennis Federation. Disregard of this warning may render a player liable to penalty of another Association, confirmed by the English Table Tennis Association at its request.

10. The draw for each round shall be made separately, and shall be circulated immediately to each surviving entrant.

11. The first of the preliminary rounds shall be played prior to such date as may be decided annually by the sub-committee and each succeeding round shall be played within 24 days thereafter.

12. Ties must commence within 30 minutes of the time fixed for commencing the tie. Any player not present when called upon to play by the Referee shall forfeit the match for which he is called. Inability of regular players to play shall not be deemed a sufficient reason for the postponement of a match. In such cases reserves or other players must be played. Any entrant playing with less than the full number of players shall be held to have committed an offence and shall be reported to the Management Committee and shall furnish

an explanation and may be barred from future participation in Championships.

13. The winning league shall be responsible for forwarding within 48 hours of the result, the scores countersigned by a representative of the losing league. Failure to fulfil this shall render the offending league liable to disqualification in the current and succeeding seasons.

PLAYING CONDITIONS—

14. The ball may be any ball currently approved by the E.T.T.A.

15. The minimum playing space provided by the home team shall be thirty-six feet by eighteen feet.

16. A referee for each tie shall be appointed by the Home team before its commencement.

17. All applicable regulations for the time being in force of the E.T.T.A. for Open Competitions shall be in force for the Wilmott Cup Competition.

18. The expenses of each tie shall be defined in the following manner:—

- (a) **HOME EXPENSES**: cost of providing the hall, lighting, tables, net and balls, printing, postage and advertising up to £4, hospitality for party not exceeding four, including hotel accommodation and breakfast, if it is impossible for visiting team to return home at a reasonable hour.
- (b) **VISITORS' EXPENSES**: cost of travelling expenses or 3rd class rail fare, whichever is the less, for a party not exceeding four; or car hire, or taxi hire where it would be possible for the visiting team to return home the same night, provided the said car hire or taxi hire would be less than the combined cost of 3rd class return rail fare plus hotel accommodation if it would have to be provided in accordance with Regulation 18 (a).
- (c) A match shall not be arranged unless a charge is made for admission or a guarantee given that a visiting team shall receive their travelling expenses.
- (d) The gross receipts, less Entertainments Duty, shall be divided in the ratio of the Visitors' expenses as to the Home expenses, but the Home team shall in any case be responsible for 50% of the Visitors' expenses, whatever the receipts, unless the venue of the tie shall have been reversed in accordance with Regulation 21.
- (e) Any profit shall be divided 75% to the Home team and 25% to the Visitors' team.

19. All expenses and profits as defined in Rule 18 that may be due to the Visitor League shall be forwarded to the Visitor League by the Home League within fourteen days of the playing of the tie, together with a copy of the Balance Sheet. The Visitor League shall report any failure to comply with this rule to the E.T.T.A. Secretary, who shall place the matter before the Management Sub-

Committee, which may refer the case to the National Executive Committee for disciplinary action.

20. Provided that if the Committee exercise its power, as set out in Regulation 9b, to order all or any of the last three ties to be played upon a neutral table, the E.T.T.A. shall be responsible for the whole of the Visitors' Expenses and Home Expenses as defined in Regulation 18 above, and shall take the whole profits, less ten per cent. to each of the competing leagues.

21. A league having the right to play at home must play at home, and shall notify both the E.T.T.A. Secretary and the Visitor League Secretary of its acceptance of responsibility for the tie at home, unless both leagues are in agreement to reverse the venue of the tie, in which case the E.T.T.A. Secretary must immediately be informed.

GOVERNMENT—

22. The competition shall be managed by a sub-committee duly appointed for that purpose by the E.T.T.A., and the decision of that sub-committee shall be final on all matters arising out of these rules.

23. The sub-committee shall have power to extend the intervals between playing of rounds laid down in Rule 11, according to the number of entries for the competition in each season. The dates for the later rounds decided by the Sub-Committee shall be circulated at the same time as the draw for the preliminary and first rounds. These dates may be altered thereafter only at the request of all captains concerned in the tie to be altered and by consent of the sub-committee.

24. These Rules may be altered only by consent of a simple majority of a Trustee Committee consisting of the following persons or their nominees: H. M. Bunbury, Ivor Montagu, C. C. Woodcock.

25. The winner of the competition in each year to be the holder until the round preceding the final of the competition in the next succeeding year of the Cup presented for this purpose by the late A. J. Wilmott. (As the original Wilmott Cup was lost in the bombing of the English Table Tennis Association's offices in 1940, the Cup now presented to the winners of the competition is a substitute.)

NOTES:

- (i) In the regulations the word "League" shall be taken to include Directly Affiliated Club.
- (ii) Example of the effect of Regulation 18 (d):—

Total receipts after Entertainments Duty are	£10
Visitors' travelling expenses	£4
Home Expenses	£8

The calculation would be as follows:—

Visitors' claim	$\frac{4}{4 + 8}$	of £10	=	£3 6s. 8d.
Home claim	$\frac{8}{4 + 8}$	of £10	=	£6 13s. 4d.

REGULATIONS FOR THE J. M. ROSE BOWL COMPETITION (for Women's Teams)

CHARACTER—

1. The competition shall be open to teams representing Leagues and Directly Affiliated Clubs and paying an entry fee of 5/-. The last date for entries shall be October 15th in each year.

2. Each League shall be represented in each tie by three players; each round shall consist of a tie of six singles and three doubles matches; each match shall be the best of three games 21-up; the league winning the majority of the matches to be the winner of the tie.

3. While each tie thus defined shall consist of nine matches, if all nine shall not be played owing to the lateness of time or other adequate cause agreed by the Referee, this shall not invalidate the match, provided the one league shall have won a majority.

4. The order of play in a J. M. Rose Bowl match shall be as follows (A, B and C being one team in order of merit and X, Y and Z the other team in order of merit):— a doubles (B/C v. X/Z), four singles (A v. Y, B v. Z, C v. Y, A v. X), an interval, a doubles (A/B v. X/Y), two singles (C v. Z, B v. X), and a doubles (A/C v. Y/Z). The order of play may only be altered by mutual agreement between the captains and with consent of the referee.

5. Before the commencement of the tie, the captains shall toss for the right to be A, B, C or X, Y, Z, and, when decided, each captain shall then hand to the referee his (or her) team in order of merit. The referee shall then make out the order of play in accordance with Rule 4.

QUALIFICATIONS—

6. Any League or directly affiliated club affiliated with the E.T.T.A. may send in an entry to the Secretary of the E.T.T.A. within the date laid down.

7. (a) Any woman shall be qualified to represent a league if she is a registered member of that league, ordinarily residing or having given notice to the E.T.T.A. Secretary before playing of her bona fide intention to reside (minimum period six months) in Great Britain and shall not previously have represented any other league or directly affiliated club in the Competition in that season.

7. (b) Any player representing a directly affiliated club must have been a bona fide member for at least a month before the date of the tie.

DRAW AND DATES—

8. The competition shall be on the knock-out system. The entrants shall be divided into geographical zones as determined by the Committee, with the proviso that not more than sixteen entrants shall be in any one zone. Preliminary rounds shall reduce the entrants

9. The league first drawn in each tie shall have the right to play at home except (a) where a combination is drawn that has occurred previously in the competition, the right shall be that of the league not drawing that right on the last previous occasion of the combination, and (b) that, when the surviving entrants are reduced to four or fewer, the Committee may at its discretion cancel any right to play at home as drawn and order the match upon a neutral table.

10. The draw for each round shall be made separately, and shall be circulated immediately to each surviving entrant.

11. The first of the preliminary rounds shall be played prior to such date as may be decided annually by the sub-committee and each succeeding round shall be played within 24 days thereafter.

12. Ties must commence within 30 minutes of the time fixed for commencing the tie. Any player not present when called upon to play by the Referee shall forfeit the match for which she is called. REPORT OF THE EXECUTIVE COMMITTEE FOR THE 1950-51 SEASON

THE NATIONAL County Table Tennis Championships have now completed four seasons; each season has seen an increase in membership, and also a growth in stature, and it can now be fairly claimed that the County Championships are firmly established as one of the major features of the English Calendar. Membership figures during our short life were:—

	SENIOR			JUNIOR		
	Counties	Divisions	Teams	Counties	Divisions	Teams
1947-48	15	3	19	—	—	—
1948-49	22	5	27	—	—	—
1949-50	24	6	29	6	1	6
1950-51	27	7	34	9	2	9

Middlesex won the Championships for the fourth successive season, but only after an exciting struggle with Surrey, games average alone separating the two counties. There were new winners, however, in all the other divisions. These were Yorkshire 2nds (Northern), Lancashire 2nds (North Midland), Essex 2nds (East Anglian), Glamorgan (South Western), Surrey 2nds (Southern), Bedfordshire (Home Counties), Glamorgan (Junior West) and Kent (Junior South). In a match to decide the Junior Champions, Glamorgan beat Kent by 6-4. Four counties challenged for promotion, and the results were:— (semi finals) Bedfordshire 2, Lincolnshire 7; Cambridgeshire 2, Glamorgan 7. (Final) Lincolnshire 2, Glamorgan 7. Glamorgan were therefore promoted to the Premier Division.

The Champion County versus The Rest of England match was played in October, and once again the Rest triumphed by the narrowest of margins, 5-4, after an exciting struggle, part of which was televised. The retiring Executive are recommending that the match be played outside Middlesex during October 1951, and applications were invited, and a number are being considered.

We would like to offer our congratulations to Johnny Leach and Diane and Rosalind Rowe upon winning World Titles. In this connection it is interesting to note that every prominent player in Open Tournaments, and all Internationals, except Juniors, during last season were members of County sides.

Mr. S. H. Kempster was again co-opted as Hon. Publicity Secretary, and notwithstanding the shortage of newsprint considerable publicity was obtained during the season.

As each season passes, so the areas of the country where table tennis is played not covered by the County Championships grows less and less. In the season just ended, the players in 264 of the 305 Leagues in the country were eligible to play in the Championships, and in addition a substantial proportion of the playing strength of Wales were in membership, "Glamorgan" covering both Glamorgan and Monmouth. With the probable entries of Northamptonshire, and Staffordshire next season, only four counties who have more than two leagues will be outside the Championships, and your Executive hope

that the day will come when all areas are covered by County Associations, and that these counties will be found in membership of the National County Championships.

ADDENDUM.

The brunt of the work has once more fallen on the shoulders of the Hon. Secretary (Mr. G. R. Harrower), and the Executive Committee would like to place on record their keen appreciation of the untiring services he has so cheerfully and willingly given on behalf of the County Championships.

A. K. VINT (Chairman).

RULES OF THE NATIONAL COUNTY TABLE TENNIS CHAMPIONSHIPS

1. Membership

The County Table Tennis Championships shall be organised annually and all County Table Tennis Associations in membership with the English Table Tennis Association, or other similar bodies under the auspices of the Table Tennis Association of Wales, shall be eligible to take part in these Championships.

2. Divisions

The Championships shall consist of a Premier Division, which shall comprise eight counties, two second divisions, regional and junior divisions. The second divisions shall comprise a North and a South section, in which not less than four nor more than eight teams shall take part in each division. The second teams of counties in the Premier Division may be admitted to membership of the second division North or South.

The Regional Divisions shall each consist of not less than four nor more than seven teams. In the Regional Divisions the second (or third) teams of counties participating in either the Premier or Second Divisions may take part. Where there are four or five teams in either the Second Divisions or in any of the Regional Divisions, they shall each play each, home and away in the same season, but where there are more than five teams they shall play each other once only per season home and away in alternate seasons.

It shall be within the discretion of the Executive Committee to admit more than one team from any county. The closing date for entries shall be June 15th.

3. Relegation and Promotion

The two bottom teams in the Premier Division shall be automatically relegated to the Second Divisions in accordance with their geographical position. The top team in both the Second Division North and the Second Division South (not being a second team) shall be promoted to the Premier Division. Second teams competing in either the Second Division North or South shall not be eligible for promotion to the Premier Division. In the event of a county being relegated from the Premier Division to either the Second Divi-

sion North or South and that county having a second team in a Second Division then that second team shall be allocated to a Regional Division. The highest team in each regional division, not being second teams, shall play off, if it is the wish of all or any to play in the Second Division North or South during the following season.

In the event of more than two counties challenging for places in either the Second Division North or South, a draw shall be made and the County drawn at home must play at home unless mutually agreed otherwise. For the purpose of finance Rule 8 shall operate as for the Premier Division, except that the home side shall be entitled to retain 75 per cent. of the nett profit. The winner(s) of the play-off(s) shall have the right of promotion to either the second division North or South. A team losing its place as a result of a Challenge match shall be relegated to an appropriate Regional Division. The bottom team in both the Second Division North and South may be relegated to an appropriate Regional Division.

4. Championships Council

The affairs of the Championships shall be managed by a Championships Council consisting of two members of each County Association, one being the County Secretary, with the addition of two members of the National Executive Committee of the English Table Tennis Association who are not County Secretaries.

5. Council Meetings

The Championships Council shall meet twice annually: (a) An Annual General Meeting in June of each year to appoint officers and an executive committee to be responsible for carrying out the Championships and to make arrangements for fixtures and any other competent business. At this meeting the Hon. Secretary shall present the Annual report of the Executive Committee, and the Hon. Treasurer shall present an Audited Statement of Accounts. (b) In February or March of each year to decide any alterations to the Rules of the Championships.

No alteration to the Rules shall be declared carried unless (a) 75 per cent. or more of the counties present vote in favour of the alteration, or (b) if more than 50 per cent. of the counties present but less than 75 per cent. vote in favour of the alteration, then such alteration shall be submitted to all counties in membership for a postal ballot. In the event of a postal ballot, 50 per cent. or more of the member counties must vote in favour of the alteration before it be declared carried.

6. Executive Committee

The Executive Committee shall consist of the Officers of the Championships and one representative from each division, together with one member of the National Executive Committee of the English Table Tennis Association.

7. Officers

The Officers of the Championships shall be a Chairman, Secretary and/or Treasurer who shall be elected from those members of the Championships Council who represent County Associations.

A Publicity Secretary may also be appointed at the discretion of the Executive Committee, but not to be a voting member.

8. Finance

(a) Each County Association, on admission, shall deposit with the Treasurer £1 per team, and at the conclusion of the season shall contribute to the funds, for each of its teams, an amount equal to the past year's expenses (less any income) divided by the number of teams participating.

(b) (i) The first charge against the admission receipts in every match played shall be Entertainments Duty, the second charge 2½ per cent. of the nett receipts (i.e., after deduction of Entertainments Duty) to the funds of the Championships.

(ii) In all other divisions other than the premier division, the home county shall receive 97½ per cent. of the nett receipts. In the premier division the home county shall receive 60 per cent. of the nett receipts, and the visiting county 37½ per cent. of the nett receipts. Should 75 per cent. of the visiting county's expenses exceed their 37½ per cent. share of the nett receipts, the home county shall in addition pay to the visiting county the difference between the two figures. A match shall not be arranged unless a charge is made for admission or a guarantee given that a visiting county shall receive their travelling expenses.

(iii) For the purpose of determining the Visiting County's expenses, the following scale shall be observed: travelling expenses, or third-class rail fare for a party not exceeding five, whichever is the less, plus hotel accommodation, including breakfast, at a cost of 15s. per head, if it is impossible for a visiting county to return to their homes at a reasonable hour; or car hire or taxi fare where it would be possible for the visiting county players to return to their homes the same night, providing the said car hire or taxi fare would be less than the combined cost of third-class return rail fares, plus hotel accommodation.

(iv) The home county shall furnish the visitors and the Treasurer of the Championships with a balance sheet within fourteen days of the match, and shall forward at the same time the amount to which each is entitled.

(c) No expenditure shall be incurred by the Executive Committee in excess of the amounts in the hands of the Treasurer without an authority from the Championships Council.

9. Date of Matches

The latest date for each match shall be decided by the Executive Committee, but the two counties concerned may play the match on any earlier date by mutual consent. Matches which are postponed beyond the fixed last date must be played by a second date fixed by the Secretary of the Championships and only with his prior consent, the application to come from both counties concerned together with a fee of 5s. from each county.

10. The Home County shall communicate with the Visiting County at least six weeks in advance of the date of playing a match, and the two counties shall mutually agree a date at least four weeks in

advance, such date to be before the fixed last date. When the date has been fixed the Secretary of the Championships must be notified by both counties at least fourteen days before the match is to be played. Failure to comply with this rule will make the home county liable to pay a fee of 5s. In the event of a disagreement as to date, the Executive Committee shall make a decision as to the date on which the match shall be played.

11. At least fourteen days prior to the match the counties shall supply each other, and the Secretary of the Championships, with the names of their players, and of not more than two reserves, in order of merit. Failure to observe this rule by a county will make them liable to a fee of 5s. Substitution, except for those already notified, shall only be allowed for good reason, which must be stated and agreed to by the Secretary of the Championships.

12. The home team shall send complete results to the Secretary within 48 hours after the match is played, on the form provided, and signed by both Captains, if they agree the result.

13. (a) A match shall consist of ten ties, each the best of three games, comprising six men's singles, one men's doubles, one ladies' singles, one ladies' doubles, and one mixed doubles. No man shall play more than three ties in a match, and no lady more than two ties.

(b) Two points shall be awarded for a win in each match, and one point awarded to both sides for a draw in each match, the positions in each division being determined by the number of points won. In the event of the number of points being equal, the number of ties won shall determine the position.

14. Subject to any arrangement mutually agreed upon, the order of play shall be as follows: (A, B and C being the home team in order of merit and X, Y and Z being the away team in order of merit). C v. Z, A v. Y, B v. X, ladies' doubles, men's doubles, ladies' singles, C v. Y, mixed doubles, B v. Z, A v. X.

15. Any tie not commenced within 15 minutes of the time fixed for the start of the match, or within five minutes of the end of the previous tie, owing to the absence of one player, shall be forfeited to the opposing team. If both players are absent the tie shall not be counted.

16. Default

Any failure to comply with these Rules or with those of the English Table Tennis Association shall not entitle the opposing county wilfully to refuse to play a match, but may be the ground of a complaint or, if the county is seriously prejudiced in its arrangements or in its play, of a claim that the match be forfeited. No complaint or claim with respect to the playing conditions shall be entertained unless a complaint was made to the home team captain before the commencement of the fourth rubber of the match.

17. Claims

A county may, within 48 hours after the time agreed for the

playing of a match, send the Secretary a Claim (see Rules 25-27) that the match shall be forfeited to it.

18. The Secretary shall immediately forward a copy of any Claim received to the opposing county.

19. The opposing county, if it wishes to refute the Claim, shall send an Answer (see Rules 25-27) to the Secretary within 48 hours of receiving it.

20. The Secretary shall immediately send a copy of an Answer received to the claiming county, and copies of both Claim and Answer to the Referee (the Chairman of the English Table Tennis Association) with, if necessary, a short statement of the position.

21. The decision of the Referee on a Claim shall be final.

22. Forfeiture

If no result or Claim is received three clear days after the date on which a match is due to be played, the Secretary shall notify the two counties that the match will be forfeited by both unless either an application for an extension of time, accompanied by a fee of five shillings, or a claim, or the result accompanied by a fee of two shillings and sixpence, is received by him within three days. A Claim received shall be treated as a Claim under Rule 17.

23. If no Answer is received within three days of the sending of a copy of a Claim to a county the Secretary shall notify the county that its match has been forfeited to the claiming county.

24. Appeal

A county may appeal against any forfeiture of a match under Rule 22 or 23. An Appeal (see Rules 25-27) must be received by the Secretary within three days of the dispatch of the notice of forfeiture, and shall be treated as a Claim or Answer as the case may be.

25. Form of Procedure

Every Claim, Answer and Appeal shall be in triplicate, and must state the full grounds on which it is made, including any Rule infringed, any game affected or claimed, and where necessary a proper reply to any alleged default.

26. No amendment of or addition to a Claim or Answer shall be allowed, but a county receiving a copy of an Answer may inform the Secretary by return of post if any statement therein is incorrect.

27. Any Claim, Answer or Appeal which is not in the proper form or which is out of time shall be ignored.

28. Penalties

Whatever its outcome, every Claim, Forfeiture and Complaint shall be made the subject of a full report at the next meeting of the Committee which shall have the power in the case of any default described in Rule 16, non-arrival or undue lateness at a match, to impose on the delinquent county or player a fine not exceeding five pounds and/or suspension from participating in the County

Championships. Any county or player failing to pay a fine imposed within seven days shall be automatically suspended from participation in the Championships until the fine is paid. The County Championships Committee may award all or any part of any fine imposed to the opponents and/or the Body staging the match.

29. Qualification

(a) Players shall always be qualified to play for the county of their birth, but shall also be able to qualify to play for a county in which they take up residence, provided they shall notify the Secretary of the Championships, such qualification to date from one year from the date of taking up residence, any previous residential qualification remaining whilst qualifying for the new county. A player who wishes to play for any other county must apply to the Secretary of the Championships, giving reasons, and the Executive Committee may grant such application if they are satisfied that the player is a bona fide member of a league within that county, and that he or she lives within five miles of that county's boundary, and shall have represented their league in Wilmott Cup or J. M. Rose Bowl matches in the preceding and current seasons. No player may play for more than one county in the same season. (b) Notwithstanding anything appearing under Rule 29 (a) a player who shall have appeared for his county in championship matches upon not less than six occasions, not necessarily in one season, shall thereafter always be qualified to represent that county, unless the player cancels the qualification by subsequently appearing for another county.

30. English Table Tennis Association tournament rules on playing conditions to be observed.

31. All players to be registered, in order of merit, at the commencement of the season, with the Secretary of the Championships. Additional players can be registered, and the order of merit altered, on the first of each month. The player's qualifications (see Rule 29) to be stated at the time of registration.

32. The first three men and two ladies in each county's order of merit shall not be eligible to play for their second team.

33. Any other player having played for his county side twice shall not thereafter in the same season play for his second team without the prior consent of the Secretary of the Championships.

34. Any proposed addition to, or alteration or rescission of, the Rules shall be submitted in writing to the Hon. Secretary of the Championships before the 31st December prior to the meeting of the Championships Council in the following February or March.

35. In the event of any question or matter arising which is not provided for in the foregoing Rules, such question or matter shall be dealt with by the Executive Committee, whose decision shall be final.

36. No addition to, or alteration or rescission of these Rules shall be effected unless approved by the National Executive Committee of the English Table Tennis Association.

THE COUNTY UMPIRE SCHEME

The aims of the County Umpire Scheme are to set a standard of good umpiring and to provide recognition for those of proved ability. This is at once an acknowledgment of the efficient service which the Umpire gives and a help to organisers who have to ensure that matches are controlled by capable people.

The Qualities of a Good Umpire

The Umpire must, first and foremost, know and understand the Laws of the Game. But this is not all; he must have practical ability as well. He must be able to apply those laws promptly and correctly whilst a match is in progress; he must be able to keep the score correctly and to announce it clearly and audibly to both players and spectators; he must have the faculty of controlling a match firmly but tactfully; and he must have an understanding of the importance of the part he has to play in presenting a Table Tennis match before a public audience.

The Qualified Umpire.

Those who have this theoretical knowledge and practical ability are invited to qualify as County Umpires. To do this, it is necessary first to answer in writing a set of questions designed to satisfy the County Association Umpires Committee about knowledge and understanding of the Laws of the Game (and the Knotty Point interpretations that go with them). The question paper is not intended as a test of memory—the candidate may spend as long as he likes in answering the questions, and may consult the rule book. The one thing he must not do is to copy out someone else's answers.

Test papers may be obtained from the Secretary of the County Association Umpire Committee, (or where there is no County Association from the E.T.T.A. Office, 214, Grand Buildings, Trafalgar Square, W.C.2.)

Those whose written test papers are satisfactory become probationary County Umpires, and may be appointed by local organisers to Umpire any match. As soon as the County Association Umpire Committee representatives are satisfied from actual umpiring at matches played before a public audience, that the probationary umpire possesses a satisfactory standard of practical ability, he is accepted as a full County Umpire, and becomes entitled to hold a County Umpire's badge.

**Richard
Bergmann
tells why...**

"Why these unusual shoulders on the Bergmann bat? Because they encourage the production of strokes. True stroke play is the basis of consistent accuracy and these bat-shoulders have helped me to develop the strokes which have already won four World Singles Championships. Try a Bergmann bat yourself and see how your own strokes — and accuracy — develop."
(Signed)

Richard Bergmann
UNDEFEATED
WORLD CHAMPION 1950

Such advice is not to be taken lightly especially as the Bergmann bat costs only 10/11 including P.T., so why not try one and improve your play.

THE ORGANISATION OF AN OPEN TOURNAMENT

Most organisers are now well aware of the major pitfalls in running an open tournament and detailed recommendations have been given here only to ensure as full a coverage as possible of what are almost the major events of the table tennis season in England, for if certain basic principles are followed no vast organising ability is required but at the same time success is assured.

The most vital maxim is that a great deal of time must be spent in advance and never forget that even hours of work beforehand which will save say one minute on every match played, may well make the difference between a smooth-running tournament and one which leaves players disgruntled, officials worn out and the general public wondering whether table tennis really is a great national sport.

The first step is to form the tournament committee under the chairmanship of the referee. This committee should be as small as possible and contain officials all of whom are themselves chairmen of even smaller sub-committees each responsible for the various essential sides of the organisation. These are normally a Playing Committee which handles matters connected with the draw and the actual playing of the matches, while the others such as Umpires, Stewards, Box Office, Programmes, Press, Hospitality, etc., have obvious duties. This system generally ensures a fair division of the work and avoids vital matters being overlooked.

Entries would normally be received by the tournament secretary, who, working under the referee, arranges for their collation. It still seems impossible for every player to fill in an entry form correctly however simple, therefore the easiest way is to prepare a complete list of all competitors, as entries are received, on the following lines, immediately addressing to each entrant a notification card to be completed later by the playing committee:

No.	Name	Events Entered	Partners	Fees Paid	Owed or to be refunded	Remarks
1	J. Smith	M/S, M/D	J. Brown	4s.	-6d.	6 o'clock: not Wednesday
2	Miss J. Green	W/S, W/D, X/D	Miss L. Jones A. Robinson	7s.	+1s.	7 o'clock: only Monday

At the same time separate lists of competitors are built up—one for each event, containing only the entrant's name.

After entries have been closed the basis of the time schedule is worked out according to the number of matches to be played, with particular reference to days on which competitors will be required to play in more than one event. Normally 15 minutes is the allowance for a three game set and without an experienced organisation it is unwise to try to reduce this.

We are now ready to go ahead with the draw. Here careful note must be made of the Association's new rules on seeding, details

of which will be found earlier in the handbook under Rules for Open Tournaments. Most organisers are able to make a draw but as the calculation of the number of byes, which should occur only in the first round, still causes some confusion, perhaps the following method may assist. To give four semi-finalists and two finalists the number of competitors must be a power of two in the first round. If not, sufficient byes must be introduced in the first round to make the number in the second round a power of two, i.e., either 2, 4, 8, 16, 32, 64, 128, 256, etc. This is done by subtracting the number of entrants from the next highest power of two. This figure is the number having byes into the second round.

Example: With 99 entries the next highest power of 2 = 128, 128 - 99 = 29.

In the first round we have 29 byes with 70 actually playing, giving 35 winners + 29 byes = 64 for the second round.

These byes are then inserted on alternate lines of the draw sheet—half in the top half of the draw and half in the bottom half. Where the number of byes is not exactly divisible by 2, the extra bye should go in the bottom half. To illustrate this the following table shows the number of byes for up to 64 competitors:—

Byes	Top half	Bottom half
1	1	1
2	2	2
3	3	3

64	64	64

while a draw for 5 players called A, B, C, D and E would appear thus:—

A	Bye				
B					
C					
D					
E					
Bye					

The easiest way, then, of making the draw, after inserting the byes, if any, is to use numbered pieces of paper—one for each competitor or pair, divide these into halves or quarters according to the permitted number of seeds, insert the seeds in their appropriate sections and make a straight draw.

Having completed the draw the next stage is to schedule each match, i.e., allow one match per table for each period of 15 minutes. This is a fairly straightforward matter so long as care is taken in endeavouring to even out players' rest periods between each round.

A point to remember here is, that as your final will presumably not be played until all preliminary rounds of other events are completed, you can play one half of an event at a time, i.e., if you have 64 first round matches you do not have to play more than 32 of them before beginning the second round. In this way, if you have say only six tables you can play the first half of the draw down to the third round before commencing the first round of the second half of the draw. Thus players' waiting time between rounds is evened out and all your tables are kept in play for a longer period with a corresponding lessening of wasted tables.

If more than one event is being played in the same session it is best to select non-clashing events to follow each other, e.g., Men's singles, Ladies' singles, Men's doubles, Ladies' doubles, Junior singles, Mixed doubles. Here you have only to arrange that your better Juniors are excluded from the first round Mixed doubles matches which are scheduled to be played at the same time as the last Junior matches.

Now, notification cards have to be filled in giving players the times of their first matches in each event. This is really essential as it always seems pointless to insist on a large number of players being available at the commencement of each session when an examination of the schedule shows that many of them can be given but one match in two hours.

We now come to preparations for the actual operation of play. Draw sheets are already completed and each match shown thereon should have its time and number stated beside it. Every match should, of course, be numbered, both for checking purposes and for easy reference when Umpires' scorecards are returned. These numbers should never be duplicated but should follow on from event to event, e.g., if there are 127 matches in the Men's singles and 63 in the Ladies' singles the former will be numbered 1 to 127 and the latter 128 to 191 and so on.

It is far simpler to work from a schedule and use the actual draw sheets only for entering up results. This sheet should have sufficient columns of two-inch width to permit one for each table, while lines are ruled across to denote the 15-minute periods. Each oblong thus formed has the number and competitors for each match entered into it (later rounds will, of course, have only a number—the names being filled in as they become available). In this way your matches are played as scheduled with no overlapping, so long as matches are announced for play only in their correct time sequences. Naturally, unless you have unlimited time, there is no need to tie matches down to table numbers denoted by the column heading on the schedule. They can be put on any available table but must be in their time sequence.

At long last we have reached the commencement stage of play itself. Competitors should report to the Referee with their notification cards. From this their names are easily found on the schedule

and play is ready to begin. If sufficient time can be found beforehand it is advisable to have match cards already written out for the first round matches. The appropriate matches are then taken, crossed off the schedule and handed to the announcer who allocates them to tables, announces them, and hands the match cards to the Chief Umpire who immediately despatches Umpires to the tables with the cards and balls. The cards, of course, return by the same process.

So your tournament will continue until the final stages which should naturally be on one table only in some sort of staged manner. Nothing, surely, is more unfair to both players and spectators for a final to be put on with a Junior quarter final on one side of it and a Consolation singles battle on the other. Also your finals are your greatest opportunity of drawing a "gate" and thus would be your greatest source of revenue as well as really being a duty of yours to the players who have patronised your tournament. They should at least be given the kudos of winning a title before an audience unhampered by the diversions of play on other tables.

Two further points to watch at your finals—never play Consolation singles finals with your major finals. They are seldom popular with either players or spectators and only detract from public interest. Secondly, always present your prizes after each final. If these are left to the end they are but a source of embarrassment to the dignitary who has to dispense them amid a diminishing audience and to the accompaniment of the muffled conversation and clattering chairs of the departing.

In conclusion, keep your officials at the Committee table to the absolute minimum—four is ample; pick your officials carefully—an Umpires' Committee which fails to get Umpires is just as useless as a Press Committee which does not obtain Press publicity—and be prepared to work hard in advance. If these are done there is no reason why the whole tournament should not run successfully and be a credit to the organisers.

HINTS ON PLAYING CONDITIONS

FLOOR:

The table should rest on a solid stone or wood floor. A linoleum covered floor is not good and the bounce of the ball is affected. Linoleum is all right for footwork but pieces should be cut out for the legs of the table to rest on. The holes must be filled in with small pieces of wood the same thickness as the linoleum. If the cutting is done by an expert the linoleum pieces can be replaced when the table is not in use and the break in the linoleum is hardly noticeable. It has been found that the difficulty of a table on a soft surface where cutting is not possible can be overcome by heavily weighting the table say 56 lbs on each leg—4 cwts.

SURROUNDS:

For exhibitions or special occasions the court should be enclosed by a cloth-covered barrier 2 feet or 2 feet 6 inches high. This can easily be constructed and should be made up in frames 5 feet by 2 feet or 6 feet by 2 feet 6 inches, supported by wooden triangles nailed or screwed at the base of each upright. If the four corner sections of the arena are hinged this will obviate the triangles for eight of the sections. The frames can be covered with green cloth, muslin or sisalcraft which can be glued to each side and then sprayed with green paint. This latter method has been found very satisfactory.

LIGHTING:

The very minimum for club play and ordinary matches should consist of three 150 watt lamps in 20-inch circular billiard shades—one over the centre of the table and one over each end of the table. A very convenient method is to wire the whole outfit on to an 11 feet beam with a lead to the nearest lampholder and suspend the whole by two chains or cords from the ceiling and six feet apart. The distance from lamp to lamp should be 5 feet 6 inches and the maximum height from the floor 9 feet, measured from the bottom rim of the shade. No portion of the lamp should be visual to the eye, and as shades vary somewhat in depth and angle, the height should be adjusted as necessary. The centre light should be a foot lower than the two outside ones. Filament glare must be avoided at all costs and unless good lighting adequately shaded is provided in clubs eyestrain and nasty headaches will result.

FOR CLUB ROOM:

EXHIBITION AND REPRESENTATIVE MATCHES:

The playing space should be not less than 36 feet by 18 feet. At the first Championships at Wembley we had 60 feet by 40 feet. The following year it was reduced to 50 feet by 25 feet. Later it was reduced to 40 feet by 20 feet and has remained at this ever since and is ample. A large area gives the player much further to go when picking up the ball and also dwarfs the spectacle of a player retrieving boundary hits. The thrill of the game is felt much more in the smaller area.

DISTANCE TO FLOOR IS MEASURED FROM BOTTOM RIM OF SHADE

Ten 150 watt lamps are used in 20 inch billiard shades spaced as shown. 200 watt lamps are not too much. Sometimes it is necessary to go much higher with the lights when they obscure the

view for spectators in a gallery. Three 1000 watt lamps on a 16 foot bar at a height of 16 feet will be found satisfactory and gives nearly as much light as the system shown in figure 2. It must be remembered that the light thrown on any given area of surface varies as the square of the distance. A 500 watt lamp at a height of 16 feet (13 feet 6 inches from the table) would not give as much light as a 150 watt lamp at a height of 9 feet (6 feet 6 inches from the table). For this reason the higher the lights are the more powerful they should be. Lamps with silvered reflecting surfaces, bright metal reflectors, or looking glass reflectors should never be used as their light distributions are very uneven.

On the Umpires table a jug of water and glasses should be provided, also towels.

For big international matches scoring machines should be used. It is also necessary to provide stop clocks in case the time limit rule has to be applied. Chess clocks have been used for the purpose but for real exactitude a stop watch or a clinical clock should be used.

Where a floor is slippery scrubbing is essential, but, in cases of emergency, powdered pumice makes a good surface. Its action is, however, abrasive and may do some damage to a highly polished floor. Rinso has been successfully used on many occasions. It has no abrasive action, but makes the floor sticky without doing any lasting harm.

THE CHART SYSTEM FOR ARRANGING LEAGUE FIXTURES.

The Chart System has now become a necessity to all Table Tennis Organisers. In order that clubs can compete in leagues, they must be able, if they enter more than one team, to be *certain* that two teams from the same club will not be called upon to play at home in the same week. This can always be *guaranteed*, providing the divisions making up a league have the same number of teams in each, irrespective of whether the two teams are in one division, or separate, and irrespective of how many clubs enter with two teams.

Most leagues to-day publish their own handbook, and the amount of space taken up by printing fixtures is considerable. This can be cut down to a maximum of two pages (including explaining the chart) by using the chart system. Even if you decide to print your fixtures in full, you will find that, to obtain satisfactory fixtures, you must prepare them with the aid of a chart.

The following charts can be used for divisions from 6 to 16 teams: if an odd number of teams, say 7, you give a blank week to the team due to play No. 8 in each case. Use of these charts guarantees that no team is ever called upon to play three consecutive home or away matches, and that they get the maximum possible number of alternate home and away games. Furthermore, by using the combinations shown underneath each chart, you safeguard your clubs and their few match nights. For example, if you have a club with two teams, one in the premier division and one in the third division, with only one home night, allot the first team to position No. 1 in the premier division, and the second team to position No. 5 (for divisions of eight) in the third division. It should be noted that although only four combinations are listed as alternates for divisions of eight, these combinations can be reversed; i.e., 5 and 1, 6 and 2, giving eight combinations for eight places, covering every possibility.

The tables used cover the first half of the season, and the letter "a" denotes an away match. For example, again quot-

ing from divisions of eight, Team No. 1 plays Team No. 8 at home in the first week, and then meets Team No. 7 away in the second week. Obviously, for the second half of the season, the homes and aways are reversed.

Shortage of space precludes giving all details, but further information can be supplied and queries answered if a communication is sent to the Association.

There is a way in which EACH team can play alternate home and away matches, providing that two extra weeks can be devoted to the league programme. Obviously, this is more satisfactory if time permits, and you are recommended to use the charts numbered 6, 7, 8, 9, 10 and 11.

Ladies and Gentlemen,

1. The National Executive Committee has pleasure in presenting the following report on the work undertaken on behalf of the Association since the last Annual General Meeting held on the 29th April, 1950.

Consideration was given by the Committee to the question raised last year of circulating the report prior to the Annual General Meeting. To enable this to be done the account of their activities has been taken up to the 31st March, 1951, and the Report sent out with the Agenda for the Annual General Meeting.

2. **Membership.** The present membership of the Association is as under :—

The International Table Tennis Federation have again attached Lagos and Accra to the Association and in addition Sierra Leone will be included next year.

3. **The Late W. J. Pope.** It was a very great shock to all of our members and to the Associations in the International Table Tennis Federation to learn of the death of Mr. W. J. Pope on the 9th June, 1950. Mr. Pope was the founder Honorary General Secretary of the Association from 1927-1929 and from 1935 to 1950; and from 1926 to 1950 he was the Honorary Secretary of the International Table Tennis Federation. Tributes to his untiring and many services to the game were received from many quarters and expressions of sympathy

came from all parts of the world. A Memorial Booklet giving the life of Bill Pope was circulated to County Bodies, Leagues and Associations in membership with the International Table Tennis Federation, and those who were closely associated with him in his great work for the game he loved.

Consideration has been given to some permanent feature to the memory of our late Secretary, and it is hoped that expressions of opinion on this matter will be given by our members.

Our thoughts go out to those who were near and dear to him and we record our deepest sympathy in the great loss they have sustained.

4. **Meetings.** The National Executive Committee has met on five occasions and the General Council once. Three of the Executive Committee meetings were held in London, one in Birmingham and one in Liverpool. Miss L. Ferguson and Mr. C. Corti Woodcock were co-opted in accordance with Rule 12 (a).

The attendance of the Officers and the Members of the National Executive Committee at the five meetings held between 10th June, 1950, and the 7th April, 1951, was as follows :—

5. **Selection Committee.** A Selection Committee was appointed consisting of Messrs. I. Montagu (Chairman), T. Sears (Secretary), H. J. Amery and S. Proffitt, with the co-opted of the Captains of the Women's and Men's teams respectively—Mrs. Margaret Knott, and Adrian Haydon. Mr. T. E. Sears was again Captain of the Junior team. Junior Boys' Trials were held on the 7th January, 1951, but it was not found necessary to organise Senior Trials as the English Open Championships were held in November.

6. **World Championships—Vienna.** As well as the English Swaythling Cup and Corbillon Cup teams, a party of

enthusiasts and players visted the World Championships in Vienna in March.

The results of the events were as follows :—

Johnny Leach is to be congratulated on his second victory in winning the World's Singles title, which has firmly established him among the world's leading players. The performance of Miss D. Rowe and Miss R. Rowe in winning the Women's Doubles Championship is a great credit to these 17-year-old twins.

Only G. V. Barna (by 5-months) and M. Szabados (by 11 months) have ever won World titles at an earlier age, and the Association in extending to them warmest congratulations for this result wishes them as illustrious and happy a career in the game as their predecessors. In the Mixed Doubles, Leach and D. Rowe did well to defeat the holders (F. Sido and G. Farkas) and in the Men's Doubles, Leach and Carrington justified their seeding by reaching the Semi-final. In the Women's Singles, R. Rowe reached the last eight.

In the Swaythling Cup and Corbillon Cup matches the English results were as follows :—

In each of these events the teams just failed before the eventual winners of their respective groups.

7. English Open Championships. London was the venue of the English Open Championships during the last week in November, 1950 and as a mark of appreciation for our late Honorary Secretary they were designated the W. J. Pope Memorial English Open Championships. An innovation was the playing of certain rounds at the Wembley Stadium Restaurant, which proved very satisfactory. The remaining rounds were played at the Empire Pool and Sports Arena, Wembley, and the Semi-Finals were staged on the Friday night, with the Finals on the Saturday night. Nearly 11,000 people paid to see the games. The Junior Championships preceded the Senior events and were staged in the Wembley Stadium Restaurant. Mr. A. T. Finney, the donor of the Boys' Singles Cup very generously gave a Cup for the the Girls' Singles.

The results were as follows :—

	Winners	Runners-up

Women's Singles	Miss T. Pritzi	Miss H. Elliot

The Organising Committee consisted of I. Montagu (Chairman), A. K. Vint (Hon. Treasurer), E. G. White (Referee), C. Corti Woodcock (Press and Hospitality), S. H. Kempster (Press), G. W. Decker (Equipment), L. S. Woollard (Editor, Programme), W. Luff (Trophies), G. James (Stewards and Umpires), F. G. Mannooch and W. Goldfinch. Referee's Committee: P. Hyde, L. Hill, A. H. Lewis, A. Jewell, A. E. H. Clewer, and F. Milligan.

To ascertain the total applications for the reduced club price tickets for the Semi-Finals and Finals, a period of time to receive applications was fixed. Nearly 8,000 tickets were applied for and only just over 3,000 seats were available for the Finals night. The Committee endeavoured to allocate on a basis which would permit a minimum number to all applicants. It is interesting to note that in the previous year when no allocation was made only 50 applicants were fortunate enough to receive tickets before the total tickets were sold out. This year 173 applicants had an issue of tickets, although in some cases they were far below the number received in previous years. It is clear that in future all applications will have to be dealt with through Leagues and only if there is a surplus after such applications have been dealt with can Clubs be considered. Consideration is being given to increasing the total number of the reduced price club tickets, as the total number available at the present time is the same as pre-war in spite of the fact that there are now 3,800 more Clubs.

8. **International Matches.** The following International matches have been played since the last report:—

The players appearing in the Junior matches were:—
C. Booth, J. Ingber, J. Hunt, and B. Merrett.

The following have acted as Captains of teams during the season:—

A. A. Haydon, Mrs. Knott, T. E. Sears (Juniors).

The Committee wish to place on record their thanks to the centres for organising the various home International matches, and for the efficient way in which they were carried out.

9. **Open National Championships in Other Countries.** Official entries were made in the French, Welsh and Belgian Open National Championships (1950-51). The successes achieved on which the players concerned are to be congratulated were French Open: M/S—J. Leach (beat A. C. W. Simons in the Final); M/D—Leach and Simons runners-up; W/S—D. and R. Rowe beaten respectively in Semi-Final and Final by H. Beolet; W/D—R. Rowe and D. Rowe; X/D—

Simons and R. Rowe (beat Leach and D. Rowe in the final). **Welsh Open**: M/S—J. Leach (beat A. C. W. Simons in the final); M/D—Leach and Simons; W/S—R. Rowe. **Belgian Open**: M/S won by Leach. W/S—M. Franks reached the Final, lost to Pritzi. J. Leach and A. Simons won the Men's Doubles. J. Leach and M. Franks won the Mixed Doubles.

Individual entries by E.T.T.A. players in Open National events which should be noted were—**French Open**: G. V. Barna—winner with M. Haguenauer, of the M/D. **Welsh Open**: M. Franks—winner, with Madame Roland, of the W/D. D. Spooner—winner G/S. A. A. Haydon and G. V. Barna—runners-up in the M/D. **Irish Open**: K. Stanley—winner M/S, and with J. Carrington, M/D; A. Costello—runner-up M/S; Carrington (see above); Andree Jones—winner W/S and, with Agnew W/D. **Dutch Open**: K. Hurlock lost in five games to Amouretti; H. Venner, lost to Ehrlich after beating Lanskoj.

All these players are to be congratulated on their enterprise.

10. **The Juniors.** This year an England Juniors' team lost for the first time to Sweden 2—5, but Norway, Denmark and Finland were defeated 5—0 and Wales 8—2. Two Swedish boys contested the final of the English Championships, won the doubles, and L. Pettersson with Miss D. Spooner won the Mixed. Miss D. Munnings won the Junior Girls' Singles, beating among others Miss Werthl of Austria. D. Eagles showed promising form against a much older opponent in the International match v. France last May. Despite the increasing number of tournaments catering for juniors and the additions to the National County Championships (Junior Division) it is safe to say that this year's Boys have been below the class of previous years. On the other hand there are probably more promising Girl players in the country at this moment than ever before. More could be done by individual Leagues and certain Counties to encourage our Junior players. In the Senior match England v. France on May 8th it is proposed to include a Junior tie as part of the fixture. Mr. T. E. Sears again acted as Captain for the Juniors and his keenness and enthusiasm in this work is much appreciated.

11. **National County Championships.** Once again an increase of entries is reported, 43 teams competing from 27

counties, as against 35 teams from 24 counties last season and 27 teams from 22 counties the preceding year. Middlesex won the Premier Division for the fourth successive season, but in the other eight sections there were new title-holders, viz.: Kent (Junior South), Glamorgan (Junior West), Essex (East Anglian), Bedfordshire (Home Counties), Yorkshire (Northern), Lancashire (North Midland), Surrey (Southern) and Glamorgan (South Western). Yorkshire and Warwickshire tied on both points and games at the foot of the Premier Division, and there being nothing in the Rules to cover this situation, the Executive Committee will have to decide whether these two counties should play off to determine which shall be relegated, or whether to increase the size of the division by one, as one of the four challenging counties (Bedfordshire, Cambridgeshire, Glamorgan or Lincolnshire) must be promoted. The results of these challenge matches are not known at the time of compiling this report.

12. **Wilmott Cup and J. M. Rose Bowl.** An organising Committee was appointed to handle these two competitions consisting of Messrs. C. Corti Woodcock, F. G. Mannooch and W. G. Goldfinch. Entries were as follows:—94 (last year 93) in the Wilmott Cup and 59 (last year 60) in the J. M. Rose Bowl competitions. The Hastings and District T.T.A. staged the J. M. Rose Bowl Semi-Finals and Finals on the 17th March. In the Semi-Finals, West London beat Birmingham 7 games to 2, and South London beat Brighton 8 games to 1. In the Final, last year's holders West London retained the Cup by beating the South London team consisting of Mrs. E. Carrington, Miss M. Piper and Miss J. Winn by 7 games to 2. The winning team was represented by the Rowe twins—Rosalind and Diane—and Miss D. Ellis.

The Semi-Finals and Final of the Wilmott Cup competition were staged at Maidenhead also on the 17th March. In the Semi-Finals, Manchester beat Leeds 5/3 and South London (the holders) beat Southampton Civil Service T.T. Club 7/1. In the Final, South London retained the Cup by beating Manchester 6/3. The winning team for the second year running were represented by H. Venner, R. Crayden and J. Head.

Both events were efficiently organised and the Committee wish to express their grateful thanks to both Hastings and Maidenhead for presenting them.

13. **English Players abroad.** Captained by R. Crayden, Crayden and H. Venner represented the E.T.T.A. abroad in team and individual events played at the beginning of the season in Yugoslavia. The two players obtained excellent results against competitors from France, Sweden and Austria, but lost matches against Yugoslav "A" and "B" teams.

Captained by Mrs. M. Knott, R. Rowe and D. Rowe represented the E.T.T.A. in a brief tour of Paris and a match in Brussels. All matches in France were won, including an International match v. France by 3-2, but the International v. Belgium was lost by a similar score.

Captained by T. E. Sears, a team of 3 English boys toured Sweden for a month. (The results are reported under paragraphs 10 and 14).

All three tours were reported highly successful from the sporting point of view and to have given pleasure to Table Tennis followers in the countries visited, and those concerned are to be thanked.

A. Simons, K. Stanley and Miss D. Rowe represented the Association in an Invitation Tournament at Liege. France won the team event by 4/3. In the individual events Haguenauer beat Stanley in the Semi-final and Simons in the Final.

A request was received from the Hungarian Association to send Johnny Leach to an Invitation Tournament as also from Czechoslovakia to send a Men's and Women's Team, but these invitations had to be declined owing to the shortness of notice given.

14. **Juniors' Swedish Tour.** As referred to in paragraph 10, a team of three Junior players—C. Booth, J. Ingber and J. Hunt, with T. Sears as non-playing Captain—toured Sweden and Norway from 20th January to 22nd February, 1951. The team took part in an Invitation Tournament in Stockholm, beating Norway, Finland and Denmark, but losing to Sweden 5/2. The team won all their other matches (17) during the tour.

15. **Open Tournaments.** Thirty-six Open Tournaments have been sanctioned this season.

16. **Newspaper Tournaments.** The Kemsley Newspapers again organised the "Manchester Evening Chronicle" Tournament.

Results :—

Men's Singles : C. Bolton beat R. Smith.

Women's Singles : Miss A. Jones beat Miss J. Titterington.

17. **Panels Commission.** In accordance with the provision made in the Registered Members regulations, a Panels Commission was set up consisting of W. Stamp (Chairman), H. J. Amery and E. G. White (representing the National Executive Committee), and J. Carrington (South) and S. Proffitt (North) representing the Registered Members. After careful consideration the National Executive Committee amended the regulations to provide for 3 Grades of Coaches :—

- (i) E.T.T.A. Coaches.
- (ii) County Coaches.
- (iii) Local Coaches.

Two meetings of the Commission were held and 44 players were included in the Approved Exhibition Players Panel, and 10 "E.T.T.A. Coaches," 10 "County Coaches," and 26 "Local Coaches" were accepted, in the Approved Coaches Panel.

18. **Registered Members.** 87 members have been recorded as Registered Members during the season in accordance with the Rules. In July, 1950, a ballot of Registered members took place and Mrs. Allen, Messrs. G. V. Barna, J. H. Carrington, A. A. Haydon, S. Proffitt and A. Simons were elected as a Registered Players' Committee. G. V. Barna was elected Chairman, and J. H. Carrington, Secretary.

19. **Coaching Scheme.** In accordance with the decision made at the last Annual General Meeting further enquiries were made from the Ministry of Education as to the possibility of financial assistance being forthcoming towards the cost of providing a National Coach. The Ministry regretted they were unable to help, so it was decided to introduce as a short term policy a week-end course where instruction could be given on Coaching. County Associations were asked to nominate players thought to be suitable to take part in the scheme, stress being laid on the fact that such persons must be prepared to give their services to the game by teaching other persons to be Coaches. Jack Carrington accepted the Committee's invitation to organise the Course, which will take place at the Lilleshall

National Recreation Centre, near Newport, Shropshire, from the 13th to the 15th April, 1951. Sixteen Counties have nominated twenty-seven persons for whom the Association will pay the cost of fares and the fees at Lilleshall.

20. **Victor Barna Testimonial Fund.** The final sum collected for the Victor Barna Testimonial Fund was £500. After consultation with Victor Barna it was decided to make a souvenir presentation of a Television Set and some personal gifts, which was made by the Chairman at the Royal Empire Society during a function to which all the subscribers were invited on the 8th November, 1950. It has also been decided to purchase a Trophy to be awarded annually to the English player deemed by a Committee appointed for the purpose to have made the best contribution to the game. The balance of the fund will be invested and the accrued interest will be used in assisting Junior players.

21. **Dora Beregi.** Dora Beregi left England for Australia on the 4th May, 1950, and a silver bracelet was presented to her by the Chairman on behalf of the Association as a mark of appreciation of her services to the game.

22. **Expenses and Payments to Players.** Consideration has been given to a point raised by the Registered Players' Committee dealing with Rule 22 of the Association. Payments to players and payment of expenses create a number of problems and the matter is under examination.

23. **Disciplinary Committee.** A Disciplinary Committee consisting of seven members (with a quorum of three) was set up to deal with all matters of a disciplinary nature subject to confirmation of their actions by the National Executive Committee.

24. **Richard Bergmann.** At a meeting of the National Executive Committee held on the 10th June, 1950, Richard Bergmann was indefinitely suspended as from the 30th June, 1950, for breach of regulations in respect of a playing trip abroad in spite of previous warning. The Committee at their meeting held on the 4th November had before them written material constituting an appeal and request for reinstatement.

The charge against Richard Bergmann was for playing table tennis abroad for remuneration without first seeking and obtaining the sanction of the E.T.T.A. in accordance with the

Rules. Subsequently a second charge has arisen—that of playing table tennis exhibitions since his suspension. The fact of the offence is in essence not denied. The appeal took the form of extenuating circumstances. The National Executive Committee was unanimously of the opinion that on the basis of the material before the Committee the claim was not sufficiently clearly established to warrant the lifting of the suspension. This decision was conveyed to Richard Bergmann at his last known address abroad and at the same time he was informed that he would be afforded the opportunity of a personal hearing should he so desire after his return to this country. On the 3rd December, 1950, Richard Bergmann sent a communication from which it appeared he did not intend to avail himself of the offer for a personal hearing of his appeal against suspension, but he has recently made an application to meet the Committee.

S. Boros. At the meeting of the Committee on the 10th February a letter was received from S. Boros stating that he was taking part in a stage act with Bergmann. This constitutes an offence as he was playing with a suspended player. It was decided to advise Boros as to the position, pointing out the penalty and inform him he could appear before the Disciplinary Committee if he wished. No reply was received, so Boros was suspended indefinitely as from the 19th March, 1951.

25. **International Table Tennis Federation.** The Chairman (Ivor Montagu), and the Honorary Treasurer (A. K. Vint) were delegates to the I.T.T.F. Congress held in Vienna, which was attended by representatives of 35 Associations. Mr. G. R. Harrower attended as an observer. Mr. Montagu was re-elected as President of the International Table Tennis Federation and Mr. Vint as Honorary Treasurer. Presentations were made to Mr. Montagu on behalf of the Federation, and by the delegates present, to commemorate his twenty-five years' service to the Federation.

Mr. G. R. Harrower was appointed Chairman of the Equipment Committee. Mr. H. Roy Evans (Wales) was elected Honorary Secretary of the Federation.

There were no changes to the rules in principle, but some of the amended wordings suggested by the E.T.T.A. were accepted. New members elected included Germany and

Bulgaria (full) and Hong-Kong and the Saar (in good standing). Resolutions were passed calling on all to do their utmost to remove obstacles to the free participation of all entitled entrants at future World Championships; and prohibiting the entry of the Egyptian T.T.A. (which had endorsed the refusal of its captain to permit a match with the Israel women's team) to further World Championships until the Egyptian T.T.A. undertakes willingness to meet all entrants therein. It was unanimously agreed to elect as Honorary Members the late W. J. Pope and the late A. J. Wilmott (posthumously) and Z. Mechlovits and Z. Heydusek. The official Handbook is to be published next season in English. World Championships 1951/2 are to be held in India, 1952/3 in Czechoslovakia and an option has been accorded to the E.T.T.A. for 1953/4. Mr. E. G. White was appointed by our Committee E.T.T.A. Correspondent for the I.T.T.F. Magazine which is published six times a year.

26. **County Administration.** The number of County Associations has risen to 27, and the great majority of playing members in the country are now affiliated to Leagues in membership with County Associations.

27. **Work of Sub-Committees.** Certain Sub-Committees were appointed during the season to undertake specialized tasks:—

- (a) **Umpires Committee.** At the beginning of the year, a Standing Committee was set up to implement the schemes for improving the standard of umpiring and giving recognition to competent umpires which had been agreed upon during the 1949-50 season. The first and major item in this programme, the County Umpire Scheme, was launched at the beginning of the season, and by 31st March, 1951, all counties had indicated their intention to participate in the scheme as requested; 26 out of 27 had appointed County Umpires Committees; and 12 were undertaking the marking of test papers and the qualification of County Umpires in their own counties. The initial supply of two thousand test papers had all been issued by February, and a reprint had to be obtained. At the end of March, County Umpires badges had been issued to 165 fully qualified

umpires; in addition there were many umpires at the "probationary" stage (i.e., having passed the written test but not yet having been accepted as possessing the necessary standard of practical ability) and no doubt a number of test papers were in course of marking. The Committee has drawn attention to certain difficulties in the interpretation of Laws of the game, and these have been referred through the appropriate channels to the Rules Committee of the I.T.T.F. Considerable interest in the County Umpire Scheme has been evinced by several other National Associations, who have been given detailed information about it.

- (b) **Open Tournaments Committee.** The new Regulations and recommendations relating to Open Tournaments have received the co-operation of the great majority of tournament organisers, whilst the new experimental Grading Scheme has been of benefit to many organisers troubled with large entries. Although it is too early yet to give an accurate opinion as to the value of these new recommendations and schemes, they have generally been well received, and it is hoped that at the end of the season the sub-committee will have sufficient data to make constructive suggestions for next season.

28. **Official Magazine.** Mr. Leslie Woollard was appointed Editor of the Official Magazine in succession to Mr. Jack Carrington who had asked to be relieved of the office but whose offer to continue to serve in any way he could was accepted, with an appreciation of his considerable work for many years. Arrangements were continued with the Walthamstow Press on which allowance had to be made for the ever-increasing costs of print and paper. Considerable efforts have been made to encourage local correspondents, and the editorial mail is now a very bulky one. The content of the Magazine has been substantially increased and appeal broadened and there have been very many appreciations of the improvement and value offered from readers at home and all parts of the world. Special thanks are due to Jack Carrington for his many regular contributions and constant help, to Victor Barna, for his special regular feature, to Peter Madge for photos and contributions, and to the many voluntary contributors.

Mr. G. R. Harrower, as Circulation and Advertising Manager, has worked hard to increase both, and despite many handicaps, there has been a steady increase of circulation over last year's improved figures. The Advertising revenue has been substantially improved. Many League Magazine Secretaries have done very well, those of Wembley and Luton being outstanding and it is regretted that all Leagues have not availed themselves of the benefits accruing locally. The Magazine can now claim to offer the best value and service of any national single-sport journal, but this could be considerably advanced if all areas would co-operate.

29. **Regional Representation.** The question of representation on the National Executive Committee has been referred to the County Boundaries Committee as the increase in membership not only in Leagues but Clubs is raising some wide issues. The work of the National Executive Committee has involved the delegation of some duties to Committees which has given some relief but this inevitably makes the burden heavier for the London and Home Counties representatives. The Committee is not yet in a position to give a report but if their proposals involve an alteration of Rules a special general meeting will be called.

30. **Incorporation.** Following discussions with the Central Council of Physical Recreation and with our own legal advisers as well as the legal advisers of other sports bodies, and renewed conversations with the Board of Trade, a further application for licence to incorporate, with omission from the title of the word "Limited," has been submitted to the Board of Trade. This application has been accompanied by a revision of the proposed articles, and a memorandum of the case for the Association; and notes on the work of the Association have been forthcoming in supplement from the Ministry of Education and from the Central Council of Physical Recreation. The decision of the Board of Trade is currently awaited.

31. **Sunday Freedom Association.** This Association, founded in 1949, has actively continued its campaign to secure "(a) an overhaul of the chaotic state of the Law as regards Sunday Observance and an early repeal of the antiquated Acts dating back to 1625, and (b) that the power of the Common Informer be limited, or if possible, removed altogether."

Members of both Houses of Parliament have been circularised, and in regard to the latter objective, a Private Member's Bill had its second reading in February. There is every prospect of its going on the statute book, thereby putting an end to the activities of the Common Informer. The Association received the affiliation of many influential Organisations during the year in the course of which it improved on its former title of the "Brighter Sunday Association." A mass meeting was held at the Adelphi Theatre, London, on Sunday, March 18th, 1951, to publicize the principle aims and objectives of the Association—to free the people's Sunday, to focus interest on its determination to safeguard the interests of the Entertainment Industry and such other sporting and charitable organisations as may desire to promote Sunday functions, and to enrol as members, private individuals, clubs, Societies and similar small bodies. Victor Barna was among the speakers' party on the stage. Mr. C. Corti Woodcock continued to act as the E.T.T.A. Representative on the Executive Committee, and our Honorary Treasurer—Mr. A. K. Vint—has recently been appointed Honorary Auditor.

32. **Festival of Britain.** The Association has been invited to co-operate with the Festival of Britain Authorities to provide demonstrations of Table Tennis as part of the programme of Games and Sports to be given during the Festival of Britain at the South Bank Exhibition. Jack Carrington has accepted the invitation to organize the demonstrations on behalf of the Association during 3 days in May and 3 days in September.

33. **Official Handbook.** The Handbook was again published and copies sent to all members. It is to be regretted that owing to trade disputes in London during October and November and the subsequent congestion of work, there was considerable delay in printing and distribution. It is a matter of keen disappointment to the office as there was excellent co-operation from many members in sending in material, and, but for the circumstances over which the Association had no control, publication would have been made by the end of November.

34. **Badges.** The Committee decided to adopt the principle of providing 2 Association Badges, one for sale to our members and another one for presentation to foreign players in

International matches, and other suitable persons. The second type of Badge has been designed and purchased, but up to date it has not been found possible to obtain a suitable design of badge for general sale.

35. **Office Administration.** The amount of work undertaken by our office has been greater than ever and the death of our Secretary made the task of keeping things going an extremely difficult one. To cope with the ever-increasing responsibilities in the office the Committee unanimously approved the appointment of Mrs. Kathleen Pegg as Administrative Secretary as from the 26th August, 1950. Mrs. Pegg has carried out her duties to the entire satisfaction of all concerned and the Committee wish to place on record their keen appreciation of the valuable and loyal service she has rendered to the Association during the past year. Miss J. Finnimore resigned her appointment as a Junior Shorthand Typist on the 23rd February, 1951, and Miss F. Imboden was appointed to succeed her on the 12th March, 1951. Mrs. G. Tower has undertaken part-time duties since October, 1950, which has helped in the smooth running of the office.

With the membership and activities of the Association making progressive strides so must the administrative work increase and we are very mindful of the effective way in which the prestige of the game is being maintained by our staff at 214, Grand Buildings.

On behalf of the National Executive Committee,
IVOR MONTAGU (Chairman).
A. K. VINT (Honorary Treasurer).

INTERNATIONAL TABLE TENNIS FEDERATION

The Eighteenth Congress of the International Table Tennis Federation took place at Vienna. Mr. H. Roy Evans, The Rise, Tynmawr Road, Rumney, Cardiff, Wales, senior member of the Advisory Committee, was elected Honorary Secretary in place of the late W. J. Pope; the E.T.T.A. Chairman and Treasurer were re-elected President and Treasurer of the I.T.T.F. respectively. A presentation was also made to Mr. Montagu on completion of his twenty-fifth year in presiding office. The Chairman is also a member of the Rules and Classifications Committees, the Treasurer of the Standing Orders Committee, and Mr. G. R. Harrower was appointed Chairman of the Equipment Committee.

The Saar and Hong Kong were accepted as new members in good standing. In addition to Accra and Lagos, Sierra Leone also has been permitted attachment to the E.T.T.A. for the coming season. The Egyptian T.T.A. has been ruled ineligible for entry into World Championships until it indicates readiness for its entrants to meet all others duly entered.

Minor changes, clarifying wording, were approved to Laws of the Game Nos. 8, 10, 16, 22 and the Knotty Point elucidating service.

It was decided to ask all countries to furnish information that might lead to formulating guidance in development of juniors, and to explore the possibility of framing instructions for umpires, referees and tournament management, including World Championships. The E.T.T.A. undertook to furnish a memorandum on this latter point.

The World Championships 1951/2 are to be in Bombay, 1952/3 in Czechoslovakia. An option has been granted to the E.T.T.A. to hold them in England in season 1953/4.

An official I.T.T.F. Magazine is now issued. E.T.T.A. correspondent, Mr. E. G. White. Subscription and particulars obtainable from the Editor (Deputy President of the I.T.T.F.), M. Marcel Corbillon, 90, Rue du Moulin, Amiens, France, or the E.T.T.A. office.

THE LAWS OF TABLE TENNIS
(As adopted by the International Table Tennis Federation)

Singles

1. **The Table.**—The tables shall be in surface rectangular, 9ft. in length, 5ft. in width; it shall be supported in such a way that its upper surface shall be 2ft. 6ins. above the floor, and shall lie in a horizontal plane.

It shall be made of any material and shall yield a uniform bounce of not less than 8ins. and not more than 9ins. when a standard ball is dropped from a height of 12ins. above its surface.

The upper surface of the table shall be termed the "playing surface"; it shall be non-reflecting, of a dark colour with a white line $\frac{1}{4}$ in. broad along each edge.

The lines at the 5ft. edges or ends of the playing surface shall be termed "end lines." The lines at the 9ft. edges or sides of the playing surface shall be termed "side lines."

2. **The Net and its Supports.**—The playing surface shall be divided into two courts of equal size by a net running parallel to the end lines and 4ft. 6ins. from each. The net, with its suspension, shall be 6ft. in length; its upper part along its whole length shall be 6ins. above the playing surface; its lower part along the whole length shall be close to the playing surface. The net shall be suspended by a cord and attached at each end to an upright post 6ins. high; the outside limits of each post shall be 6ins. outside the side line on the same side.

3. **The Ball.**—The ball shall be spherical. It shall be made of celluloid, white, but not brightly reflecting; it shall not be less than $4\frac{1}{8}$ ins. nor more than $4\frac{3}{8}$ ins. in circumference; it shall not be less than 37 grains (2.40 grammes) nor more than 39 grains (2.53 grammes) in weight.

4. **The Racket.**—The racket may be any material, size, shape, or weight, provided it is not white, light coloured or reflecting.

5. **The Scoring of Points.**—A game shall be won by the player who first wins 21 points, unless both players shall have

scored 20 points, when the winner of the game shall be he who first wins two points more than his opponent.

6. **The Choice of Ends and Service.**—The choice of ends and the right to be server or striker-out in every match shall be decided by toss, provided that, if the winner of the toss chooses the right to be server or striker-out, the other player shall have the choice of ends, and vice versa, and provided that the winner of the toss may, if he prefer it, require the other player to make the first choice.

7. **The Change of Ends and Service.**—After five points the striker-out shall become the server, and the server the striker-out, and so on after each five points until the end of the game or the score 20-all. At the score 20-all the striker-out shall become the server, and the server the striker-out, and so on after each point until the end of the game. The player who served first in a game shall be striker-out first in the immediately subsequent game, and so on until the end of a match.

The player who started at one end in a game shall start at the other in the immediately subsequent game, and so on until the end of the match. Where the match consists of only one game, or, where it consists of more than one game, in the deciding game of the match, the players shall change ends at the score 10.

8. **Out of Order of Ends or Service.**—If a player serve out of his turn, the player who ought to have served shall serve as soon as the mistake is discovered, unless a group of five services shall have been completed before such discovery, when the service in the subsequent groups of services shall continue in the sequence as originally established, the discontinuity being ignored. In any circumstances, all points scored before the discovery shall be reckoned.

If the players shall not have changed ends when ends should have been changed, the players shall change ends as soon as the mistake is discovered, unless a game shall have been completed since the error, when the error shall be ignored. In any circumstances, all points scored before the discovery shall be reckoned.

9. **The Order of Play.**—The server shall first make a good service, the striker-out shall then make a good return, and

thereafter server and striker-out shall each alternately make a good return.

10. A Good Service.—The service shall begin by the server projecting the ball by hand only, without imparting of spin, vertically up into the air. The ball shall then be struck so that it touch first the server's court and then, passing directly over or round the net, touch the striker-out's court.

The free hand, while in contact with the ball in service, shall be open, flat and horizontal, with the fingers straight and together, thumb free and the ball resting on the palm without being cupped or pinched in any way by the fingers.

At the moment of the impact of the racket on the ball in service, the latter shall be behind the end line of the server's court and between an imaginary continuation of the side lines.

11. A Good Return.—A ball having been served or returned in play shall be struck by the player so that it pass directly over the net or round the net and touch directly the opponent's court; provided that, if the ball, having been served or returned in play, returns with its own impetus over the net or round the net, it may be struck, while still in play, by the player so that it touch directly the opponent's court.

12. A Let.—The rest is a let :

(a) If the ball served in passing over the net touch it or its supports, provided the service either be otherwise good or be volleyed by the striker-out.

(b) If a service be delivered when the striker-out is not ready, provided always that he may not be deemed to be unready if he attempt to strike at the ball.

(c) If either player be prevented by an accident, not under his control, from serving a good service or making a good return.

(d) If either player lose the point, as provided in Law 13 (c), (d), (e), or Law 14, owing to an accident not within his control.

13. A Point.—Either player shall lose a point :

(b) If a good service or a good return having been made by his opponent, he fail to make a good return, except as provided in Law 12.

(c) If he, or his racket, or anything that he wears or carries, touch the net or its supports while the ball is in play.

(d) If he, or his racket, or anything that he wears or carries, move the playing surface while the ball is in play.

(e) If his free hand touch the playing surface while the ball is in play.

14. A Point.—Either player shall lose the point :

(a) If, before the ball in play shall have passed over the end lines or side lines not yet having touched the playing surface on his side of the table since being struck by his opponent, it come in contact with him or anything that he wears or carries.

(b) If at any time he volley the ball, except as provided in Law 12 (a).

15. In Play.—The ball is in play from the moment at which it is projected from the hand in service until :—

(a) It has touched one court twice consecutively.

(b) It has, except in service, touched each court alternately without having been struck by the racket intermediately.

(c) It has been struck by either player more than once consecutively.

(d) It has touched either player or anything that he wears or carries, except his racket or his racket hand below the wrist.

(e) On the volley it come in contact with the racket or the racket hand below the wrist.

(f) It has touched any object other than the net, supports, or those referred to above.

16. Further Definitions.—The period during which the ball is in play shall be termed a rest.

A rest the result of which is scored shall be termed a point.

A rest the result of which is not scored shall be termed a let.

The player who first strikes the ball during a rest shall be termed the server.

The player who next strikes the ball during a rest shall be termed the striker-out.

If the ball, in passing over the net, or round the net, touch it or its supports, it shall, nevertheless, be considered to have passed directly, except as referred to in Law 12 (a).

If the ball in play come into contact with the racket or racket hand, not yet having touched the playing surface on one side of the net since last being struck on the other side, it shall be said to have been volleyed.

The racket hand is the hand carrying the racket: the free open hand is the hand not carrying the racket.

Doubles

17.—The above Laws shall apply in the Doubles Game except as below.

18. **The Table.**—The surface of the table shall be divided into two parts by a white line $\frac{1}{2}$ in. broad, running parallel with the side lines and distant equally from each of them. This line shall be termed the service-line. The part of the table surface on the nearer side of the net and the right of the service-line in respect of the server, shall be called the server's right half-court, that on the left in respect to him the server's left half-court. The part of the table surface on the farther side of the net, and the left of the service-line in respect to the server, shall be called the striker-out's right half-court, that on the right in respect to the server the striker-out's left half-court.

19. **A Good Service.**—The service shall be delivered as otherwise provided in Law 10, and so that it touch first the server's right half-court or the centre line on his side of the net, and then, passing directly over or round the net, touch the striker-out's right half-court or the centre line on his side of the net.

20. **The Choice of Order of Play.**—The pair who have the right to serve the first five services in any game shall decide which partner shall do so, and the opposing pair shall then decide similarly which shall first be striker-out.

21. **The Order of Service.**—The first five services shall be delivered by the selected partner of the pair who have the

right to do so, and shall be received by the selected partner of the opposing pair. The second five services shall be delivered by the striker-out of the first five services and received by the partner of the server of the first five services. The third five services shall be delivered by the partner of the server of the first five services and received by the partner of the striker-out of the first five services. The fourth five services shall be delivered by the partner of the striker-out of the first five services and received by the server of the first five services. The fifth five services shall be delivered as the first five services. And so on, in sequence, until the end of the game or score of 20-all, when the sequence of serving and striking-out shall be uninterrupted, but each player shall serve only one service in turn until the end of the game.

In a one-game match, or in the deciding game of a match of more than one game, the pair that served the first five services has the right to alter their order of striking-out or that of their opponents at the score 10.

22. **Out of Order of Striking-out.**—If a player act as striker-out out of his turn, the player who ought to have acted as striker-out shall be striker-out as soon as the mistake is discovered, unless a group of five services shall have been completed before such discovery, when the sequence of serving and striking-out shall continue as originally established, the discontinuity being ignored. In any circumstances, all points scored before the discovery shall be reckoned.

23. **The Order of Play.**—The server shall first make a good service, the striker-out shall then make a good return, the partner of the server shall then make a good return, the partner of the striker-out shall then make a good return, the server shall then make a good return, and thereafter each player alternately in that sequence shall make a good return.

APPENDIX TO LAWS: KNOTTY POINTS

Decisions of the Rules Committee of the International Table Tennis Federation

1. **Edge Balls.**—The phrase, "Table Surface" is to be interpreted as including the top edges and corners of the table-top, and a ball in play which strikes these latter is therefore good and still in play; though if it strikes evidently the side of the table-top below the edge, it becomes dead and counts against the last striker.

2. **Ball Returned with Empty Hand.**—If a player drop his racket, he cannot return the ball with empty hand. (See definition, "the racket hand is the hand carrying the racket.")

3. **Racket Thrown at Ball.**—If in returning the ball the racket leave the player's hand, it is a good return only if it were still in his hand at the moment of contact with the ball (see Law 11, "a ball . . . shall be struck"), and if it does not touch the net or move the table surface (Law 13 c, d) before the ball is out of play.

4. **Missed Service.**—If a player in attempting to serve miss the ball altogether, it is a lost point (Laws 10 and 15) because the ball was in play from the moment it left the server's hand, and a good service has not been made of the ball already in play.

5. **Volleyed Net Service.**—A net service is a let not only if otherwise good, but also if it be volleyed by the striker-out. (See Laws 12 (a) and 14 (b).)

6. **"Flat Hand" in Service: Interpretation.**—Umpires will remember that Law 10 is not intended to impose on the server an exact geometrical pattern, but to prevent attempts to secure advantage by either evasion of the rule or general careless disregard. The free hand must not turn over or move sideways.

7. **Ball Fractured in Play.**—If the ball split or becomes otherwise fractured in play, affecting a player's return, the rest is a let (Law 12c). It is the umpire's duty to stop play, recording a let, when he has reason to believe that the ball

in play is fractured or imperfect; and to decide those cases in which the faulty ball is clearly fractured in actually going out of play, and in no way handicaps the player's return, when the point should be scored. In all cases of doubt, however, he should declare a let.

8. **Fixtures.**—A moving spectator, a neighbouring player, a sudden noise, i.e., any neighbouring object in movement (except a partner) should be regarded as an accident not under control (Law 12 c), interference from which implies a let. A stationary spectator, fixed seating, the umpire, the light, a nearby table, a continuous sound of even volume, i.e., any relatively constant or motionless hazard, should not be so regarded, and complaint against interference from it during play should be regarded as void.
