HISTORY

Following upon the great popularity of the original Ping-Pong in the early part of the present century, the Ping-Pong Association was formed in 1902, to organise championships and tournaments, chiefly in London. The "boom" year was 1904, but it was only a temporary craze, as, although the P.P.A. was still in existence in 1905, it appears to have collapsed during the season. Whilst the game seems to have died out in the home counties it was apparently still being played in the provinces, but without any governing body.

In 1921-22, the P.P.A. was resuscitated by Mr. P. Bromfield and Mr. J. J. Payne, who were joined by the Hon. Ivor Montagu, Mr. J. M. Rose and Mr. A. F. Carris. The National Championships were run that season, and entries received from all parts of the country. Difficulties soon arose, however, not only in regard to the title, when it was discovered that Ping-Pong was a registered trade name, but also through the Association being unrepresentative of the provincial centres. The old Ping-Pong Association therefore dissolved and re-formed under the title of "The Table Tennis Association". The new body was hampered by difficulties, and as their energies were devoted to formulating standard rules, popularising the game, etc., no attempt to form a democratic governing body could be made.

At the Annual Meeting in 1925, an emergency committee, with Mr. Montagu as President, and Mr. W. J. Pope as Secretary, was authorised to redraft the constitution. In 1926, revised regulations were circularised in the provinces and a National Delegate Conference was held in London, on April 24th, 1927. The new constitution, which confirmed the provisional appointments and provided for the new title, "The English Table Tennis Association," was adopted.

The first Chairman and Secretary were, of course, Mr. Montagu and Mr. Pope respectively. They stayed in office for some years, and were together primarily responsible for establishing the new national body on sound foundations. They worked prodigiously hard until Mr. H. M. Bunbury, of Manchester, assumed the Chairmanship in 1929, Mr. Montagu being appointed President. Mr. D. W. Poupard became Secretary one year later, after Mr. B. L. Hookins of Pontefract, had had a brief term. Mr. H. Oldroyd, also of Manchester, elected President in 1931, worthily maintained the dignity of his office until his death in April, 1953. Mr. Montagu returned to the chair in 1932, with Mr. G. W. Decker as Secretary; these two being succeeded in September, 1933, by Mr. C. Corti Woodcock of London, and Mr. J. Siddron of Manchester, respectively. The last mentioned appointments were renewed in April, 1934, together with that of Mr. A. K. Vint, of Hastings, Hon. Treasurer since 1931. In April, 1935, Mr. Woodcock and Mr. Vint were re-elected and Mr. W. J. Pope displaced Mr. J. Siddron as Secretary, and in 1936, Mr. Woodcock resigned and was replaced by Mr. Montagu.

The grievous loss experienced at the end of season 1949/50 by the death of Mr. W. J. Pope, architect of the Association and chief contributor to its success for so many years, following closely on that of Mr. A. J. Wilmot, donor of the Men's Team Cup, was added to in season 1951/52 by that of

Mr. J. M. Rose, another staunch pioneer in the work of the Association, referee of many Championships and donor of the Cup for Women's teams.

The twenty-fifth anniversary of the Association was celebrated on the 24th April, 1952, by a luncheon at the St. Ermins Hotel, and a subsequent social and dance at the Caxton Hall, attended by the National press, also many old and current enthusiasts.

Her Majesty the Queen graciously consented in 1952 to assume Patronage of the Association in succession to her late Father His Majesty King George VI, who was Patron of the Association from October, 1937.

The Dowager Lady Swaythling, O.B.E., was in February, 1954, unanimously elected President.

Mr. A. K. Vint who had been Honorary General Secretary since 1950 resigned owing to pressure of business in 1956, being succeeded by Mr. D. P. Lowen.

The end of the 1957/58 season saw many changes in the administration with the resignations of the President, The Dowager Lady Swaythling, O.B.E., the Chairman, Hon. Ivor Montagu and the Hon. Treasurer, Mr. A. K. Vint, who in the 1957 New Year's Honours List had received from Her Majesty The Queen the award of O.B.E. for his services to Table Tennis. The various changes in the appointments were made with Mr. Ivor Montagu becoming President of the Association, Mr. A. K. Vint, O.B.E., taking over the Chairmanship, and Mr. Tom Blunn as Hon. Treasurer. At the commencement of the 1958/59 season Mr. D. Peter Lowen, who had again been elected Hon. Secretary of the Association, was appointed the first Professional Secretary to the Association.

A further development this season was the creation of the post of Deputy Chairman of the Association which was filled by Mr. I. C. Eyles of Bristol.

In the 1960/61 season the Association obtained from the Ministry of Education a grant towards the employment of a full-time National Coach. Jack Carrington was appointed full time Director of Coaching of the Association as from 1st July, 1960, which meant that the game could be extended and coaching given in all parts of the Country which hitherto had only been carried out by spare-time local coaches who had done the work in the limited amount of time available to them under Jack Carrington, who had been the Hon. Director of Coaching for many years.

The progress of the E.T.T.A. since 1927 is shown by the following figures of the numbers of Leagues in membership. In 1927 there were 19 Leagues. In 1938-39, there were 219 Leagues embracing 4,008 Clubs and 75,000 individual members.

After the War when normal activities were resumed the Association started in 1945/46 with 110 Leagues. By 1949/50 the figure was 256 Leagues whilst in the season 1950/51 the figure increased to 305, which included 6,800 clubs and approximately 130,000 members. Season 1954/55 showed a further increase—347 Leagues, covering 8,000 clubs and 170,000 members.

By the 1960/61 season the number of Leagues affiliating had dropped to 305 but the number of Clubs remained constant and the membership had remained static. The membership amongst the younger people in the country had increased as a number of events for those under 13 and under 15 years of age had been introduced into the calendar of Tournaments which were organised by County Associations and other outside enthusiasts and bodies.

In 1935, after an interval of eight years, the World Championships returned to England, and the great crowds which thronged the London University and Imperial Institute and the 8,000 people who packed the Empire Pool and Sports Arena, Wembley, proved that the game had won its place in public favour as a thrilling spectacle.

In 1936, the Empress Stadium at Earls Court housed a crowd of 7,000 people for the finals of the National Championships, and in 1937 the Wembley Arena was again filled. In 1938, once again the World Championships came to London, and the preliminaries packed the Albert Hall every night. Excursions from all over England made up another 9,000 attendance on Finals night at Wembley, and the E.T.T.A. maintained its high standard of organisation and conditions.

In 1938, the English Championships were held at Blackpool, returning to the Albert Hall and Wembley the following season, with play, crowds and enthusiasm scarcely below the previous year's World Championship level.

On the outbreak of war, it was decided at a special General Meeting to give the National Executive full power to carry on the work of the Association, which they did until September, 1945, when the normal constitution was resumed. During the war the office, records and equipment were completely destroyed by bombs, but in spite of this added difficulty in carrying on, a sum of over £10,000 was raised for the Red Cross and other war charities, and nearly 200 exhibitions were arranged for H.M. Forces, Civil Defence organisations, etc.

The first post-war year produced a clear indication that a quick revival in the game could be expected. The National Open Championships were held in March, 1946, when the Wembley Arena was again filled by a 9,000 crowd for the finals.

The season 1946/47 can be said to be the first season of the post-war boom. There was a large increase in Leagues, and the National Championships, the Finals of which, again played at Wembley, were characterised by a tremendous rush for tickets from affiliated players and the general public. The 9,000 tickets available were early sold out and it was obvious that the demand for spectacular Table Tennis was as great as ever. In the first year of the Europe Cup competition, the 'Womens' event was won by our players. The American players who came from the World Championships in London to take part in our National Championships, took part in a tour throughout the provinces. Another outstanding feature was the winning of the Marcel Corbillon Cup Competition by our women's team.

The World Championships returned to England in 1947/48 and were played at the Empire Pool and Sports Arena, Wembley, taking 8 days to complete. There was a record entry and the Championships were a great

success. Richard Bergmann and Victor Barna, now naturalised British subjects, were selected to play for England in the Swaythling Cup competition but we were defeated by the U.S.A. Bergmann won the men's singles defeating Vana in the final, and Mrs. Vera Thomas (Vera Dace) lost in the Women's Singles Final to Miss G. Farkas of Hungary.

In 1948/49, the World Championships were played in Stockholm, and for the first time since 1929, when Fred Perry won, the Men's Singles came to England by the victory of Johnny Leach, who beat Vana in the Final. In the Europe Cup Matches England beat the Slovakia "B" team in the Men's Competition, and our Women lost to Hungary after holding this trophy for two years. Hungary won the Swaythling Cup and the U.S.A. won the Corbillon Cup. In the English Championships, the Finals were again played at Wembley. M. Reisman (U.S.A.) won the Men's Singles, beating Victor Barna in the Final, Miss McLean (U.S.A.) won the Women's event and on this occasion the semi-finals were also played at the Empire Pool, Wembley. Mrs. Vera Thomas (Vera Dace) and Mrs. Devenny (Dora Beregi) were unable to play during this season and our Women's team was much weakened by their absence.

In 1949/50 in Budapest the English teams came within a few points of winning both the Swaythling and Marcel Corbillon Cups, leading 4/1 and 2/1 respectively, against the eventual winners, Czechoslovakia and Rumania. Richard Bergmann won the Men's Singles and Dora Beregi (with the Scottish girl Helen Elliot—Mrs. Dykes) the Women's Doubles. The English Championships were again played on two nights at Wembley, Bergmann taking the Men's Singles and Miss Shahian (U.S.A.) the Women's. The Women's Doubles was won by two juniors, the Misses D. and R. Rowe.

In 1950/51 an experiment was made in playing the English Championships throughout at Wembley, with the usual two nights at the Empire Pool. The Singles titles were both taken by players of past days: A. Ehrlich (France) who had won the Men's title in 1935/36, and G. Pritzi (Austria), who had gained a world success in the same hall many years ago. The Rowe Twins held their English Doubles title and in Vienna became the youngest players to win a world crown since Barna and Szabados twenty-three years before. Johnny Leach, beating Andreadis in the Final, scored his second World Singles Championship win. The Men's Team went down narrowly to Yugoslavia, and the Women's more easily, to Austria after beating Hungary and U.S.A.

The 1951/52 English Championships saw an all-English Singles Final, with Richard Bergmann recovering his title against Johnny Leach. The Rowe Twins won the Doubles for the third season running, but in the Women's Singles both lost to an even younger opponent in the Austrian, Linde Werthl. At the World Championships in Bombay, English players were runners up in five of seven events, but without this year, bringing home a title, apart from the Jubilee Cup, won for the second time by Victor Barna. In the Swaythling Cup they once more suffered disappointment by the narrowest of margins, losing 4/5 to Hungary in the inter-group final, after A. W. C. Simons had suffered an accident in his opening contest. The Women's team came equal second to Japan after beating Rumania, the holders.

The 1952/53 season was notable above all for the first victory ever recorded by England in the Swaythling Cup—after competition extending over 26 years. The women's team came second to Rumania, and English pairs were finalists in Men's and Women's Doubles. In the English Championships Leach again reached the final, losing this time to M. Haguenauer (France) who first competed nearly 20 years before. Miss R. Rowe defeated the holder, L. Wartl in the Women's Singles Final, with her sister D. Rowe won the doubles for the fourth time, and the mixed with Barna.

In 1953/54 the World Championships, once more at Wembley, were the greatest ever, 33 teams participating in the Men's Championship, 23 in the Women's, and 37 countries being represented at the I.T.T.F. General Meeting. More than 30,000 persons saw the matches. The Women's Doubles title returned to Britain, the sisters Misses D. and R. Rowe recovering it in an all-English final against Miss C. K. Best and Miss Ann Haydon—the latter being the youngest player ever to reach a World Championship final. The Men's team was ranked 3rd to Japan and Czechoslovakia. The Women's occupied the same position to Japan and Hungary, but had the satisfaction of registering a win against the champions. The event was a tremendous and unqualified success, thanks to an immense number of efficient voluntary helpers headed by Geoffrey Harrower as Organising Secretary and Referee, with George White as Director of Play.

The 1955/56 English Open Championships were held in Manchester, E. Gyetvai winning the Men's Singles, Miss G. Farkas the Women's Singles, K. Szepesi and E. Gyetvai the Men's Doubles, with J. Leach and Miss D. Rowe taking the Mixed Doubles, and Miss D. Rowe and Miss A. Haydon the Women's Doubles. The 23rd World Table Tennis Championships were held in Tokyo and thanks to the generous support of friends in the trade, counties, leagues and clubs, the Association was able to raise a sum of £2,000 thus enabling them to send a Men's and Women's team to the Championships.

In 1956/57 the English Open Championships returned to Wembley with Z. Berczik winning the Men's singles, Miss F. Eguchi, the Women's Singles, I. Ogimura and T. Tanaka the Men's Doubles, Miss T. Okawa and Miss T. Namba the Women's Doubles, K. Tsunoda and Miss Namba the Mixed Doubles.

As an experiment the English Open Junior Championships were staged separately from the Senior events, being run in co-operation with the Kent County Table Tennis Association at Herne Bay. The twenty-fourth World Table Tennis Championships were held in Stockholm and the Association was again represented at the Championships by a Men's and Women's team. Miss A. S. Haydon reached three finals in the individual events—the Women's singles, the Women's doubles (partnered by Miss D. Rowe), and the Mixed Doubles (partnered by I. Andreadis), but was unsuccessful in winning any of the three titles.

At the International Table Tennis Federation's Congress held in Stockholm in the season 1956/57, it was decided that the World Championships should in future be held biennially.

For the season 1957/58 the European Championships were inaugurated and were played in Budapest. Representatives of the Association took part and the Women's Team Championships Cup was won by Miss A. S. Haydon and Mrs. D. Collins (Rowe), they becoming the first holders of the trophy. Miss A. S. Haydon also reached the final of the Women's Singles event before being beaten by Miss E. Koczian of Hungary.

The 1957/58 English Open Championships were again played at Wembley before an enthusiastic crowd. The Men's Singles was won by F. Sido of Hungary, the Women's Singles by Mrs. A. Simon of the Netherlands, F. Sido and Z. Berczik (Hungary) won the Men's Doubles, Miss A. S. Haydon and Miss P. Mortimer the Women's Doubles and F. Sido and Miss E. Koczian (Hungary) the Mixed Doubles. Sido and Miss Koczian became the first holders of the "Bill Stamp" Trophy through their winning the Mixed Doubles; this Trophy having been purchased by the Association in memory of Mr. W. Stamp, a Life Member and a member of the National Executive Committee for very many years, who died during the 1957/58 season. The English Junior Championships were once more united with the Senior Championships and played as part of the main Championships.

For the 1958/59 season the I.T.T.F. Congress and World Championships were staged in Dortmund, with the players of Japan proving beyond doubt that they were the world's leading players at this period of time.

For the English Open Championships in this season, the players of Japan and many other leading European countries competed.

The predominance of Japanese players in the World Championships was very apparent in the Association's events in that all five titles were won by the players from the Far East.

In the 1959/60 season the European Championships were played in Zagreb, with the Association's players again taking part with some considerable success.

The English Open Championships had begun to lack a certain amount of public interest during the 58/59 season and the finals of the Championships for 1959/60 were moved from their old home at Wembley to the Royal Albert Hall in London. A smaller enthusiastic crowd saw I. Harrison (England) win the Men's Singles title; the first time an Englishman had won the title for 36 years.

Also during this season a tour of England was made by players of the Chinese Association which was their first ever visit to this country.

For the 1960/61 season, the World Championships were staged this time in Peking. The Association's representatives again attended the Championships and the heavy expenditure incurred was paid for by generous donations from the Manufacturers of the game's equipment and also by the English Table Tennis Supporters' Club which had been formed some twelve months earlier.

The finals of the English Open Championships were again played in the Royal Albert Hall, London, and the larger majority of titles again went to representatives of foreign Associations.

In this season also, a tour of England was made by the players of the U.S.S.R. which created great interest at the centres they visited. Like the Chinese players who visited England the season before, this was the first time that a visit had been arranged for the U.S.S.R. players.

From 1957 to 1961 a number of the Association's well known and well loved members passed away, they being Mr. W. (Billie) Stamp (Hon. Life Member), Mr. C. Corti Woodcock (Hon. Life Member), Vice Presidents C. E. Bartholomew, A. F. Carris (also an Hon. Life Member), F. S. B. Lawes, W. A. Pritchard and P. E. Warden (also Hon. Life Member) and L. E. Forrest (Hon. Life Member and serving N.E.C. member for the Yorkshire region at the time of his death). They were grievous losses to the Association as they were all most active in the early years of the Association's activities.

The 1961/62 season saw a change in venue for the English Open as this was held in Brighton, with partial sponsorship by the Brighton Corporation, in an attempt to take the Championships away from London where the attendance had been steadily declining. Miss Rowe won the Women's Singles and along with Miss M. Shannon, won the Women's Doubles, thus starting a successful doubles partnership which took them into top World class.

The Championships proved to be a great success and were held again at Brighton in 1962/63 and 1963/64, and will probably be held again there in 1964/65, as each year has seen an improvement in the attendances.

In 1962/63 a team competition was introduced into the English Open and this proved to be very successful and very attractive to overseas players.

In 1961/62 the European Championships were held in West Berlin where Miss D. Rowe and Miss M. Shannon won the Women's Doubles to put themselves into the top place in Europe and to become the first English players to ever win a European title.

The World Championships for 1962/63 were held in Prague. The Association's players took part with very little to show from the Men but Miss D. Rowe and Miss M. Shannon reached even greater heights by winning a place in the Women's Doubles final only to lose after a great performance.

In 1962 the National Executive Committee had set up a Development Commission under the Chairmanship of Mr. E. G. White, to enquire into all aspects of the affairs of the Association and to make recommendations. In June 1963, the Development Commission published its report which was very well received and contained many far reaching recommendations. A Special General Meeting was held in January, 1964 when most of the important recommendations were adopted for the 1964/65 season. The most important being the formation of a National Council composed of a representative from every County to replace the old National Executive Committee.

The highlight of the 1962/63 season was a visit by the Chinese players direct from the World Championships in Prague where they had taken most of the major titles. A brief tour of England was a tremendous success and did much to help the revival of interest in the game in this country.

The European Championships for 1963/64 were due to be played in London in April 1964, but due to difficulties with visas they were postponed until late 1964 when they will be held in Sweden.

The 1963/64 season saw the continuation of the Rowe/Shannon partnership with the two English girls winning seven major Doubles titles, including the English Open title for the third year in succession.

Assistance from the Government towards the Coaching expenses has continued and in 1963/64, additional assistance was granted towards the cost of office administration.

A representative match is one in which a player is playing for his club, league, county or Country against any other team, league, county or Country. Proper Trial matches organised by clubs, leagues, counties or the National Association for the purpose of selecting representative teams shall rank as participation in representative matches.

(f) (Rule (39)). Betting in any shape or form on players or matches is strictly prohibited.

2. Method of Registration

(a) Application for registration shall be made to the Secretary of the English Table Tennis Association in writing and should be accompanied by the registration fee or, where the applicant is a member of a League, by a certificate of approval signed by the League secretary and where the League is a member of a County Association, countersigned by the County Association. Where the applicant is not a member of a League the approval of the County Association in which the applicant resides must be obtained. Where the applicant is not a member of a League and there is no County association concerned direct application should be made to the Secretary of the English Table Tennis Association.

(b) Application shall be renewed with the fee and the requisite certificates for each year for which registration is desired.

(c) Applications for registration shall be reported to and dealt with by the National Council meeting next following the application provided that, where adequate grounds of emergency exist, the Secretary of the English Table Tennis Association may himself grant provisional registration, subject to review of the grant at the National Council meeting next following, always provided, where a League or County Association is concerned, that the appropriate signatures have been obtained.

(d) Registration is valid from the date of registration to the 31st May next following but may be cancelled by the National Council in the event of a breach of these rules and for other misdemeanours.

(e) The fee that must accompany each application is £3. Where registration is granted provisionally it shall not be returnable even if cancelled upon review. Nor shall it be returnable in the event of cancellation under (d) above.

(f) In the event of a refusal of signature by the appropriate League the would-be applicant may appeal to the County Association concerned who may, if they think fit, send forward the application without the League's approval. In the event of a refusal by both the League and the County the would-be applicant may appeal to the National Council of the English Table Tennis Association, accompanying the appeal with a fee of £1, which may be forfeited in the event of the appeal not being sustained.

3. Code for Registered Members

(a) They shall not enter into any contract for exclusive play under particular auspices or on particular premises, or for the exclusive use of particular equipment, that might prevent them from entering an Open Championship or from accepting the instructions of the duly appointed captain in a representative match.

(b) They shall not allow their names to be used on publications they have not themselves written.

(c) They shall not allow their names to be used on equipment not designed by them.

(d) Except with the permission of the Secretary of the English Table Tennis Association, they shall not enter into any contractual obligation liable to clash with participation in the World's Championships or Open National Championships.

(e) When invited to represent their country in a representative match or competition, they shall not play in any clashing event, unless so obliged by previous contract, and shall, in any case, use their best endeavours to obtain release from such clashing contractual obligation, provided they can do so without financial penalty.

(f) They will not appear in any competition or exhibition, other than one organised by a duly affiliated County Association, League, Club or other body of the English Table Tennis Association without the sanction of the Secretary of the English Table Tennis Association and the County Association concerned. This sanction may be granted for a single event or for a series; it shall be withheld only if the promoter of the event, the location of the proposed premises, the details and the nature of the proposed exhibition or the fact of clashing with an event locally organised by an affiliated body or with a co-ordinated County programme so as to be injurious to the latter are such that the event is liable to be injurious to the best interests of Table Tennis.

(g) They may accept any engagement for an exhibition, for coaching or for participation in a Closed or Invitation tournament with prizes not exceeding the scale fixed in 1 (d) from any authorised Club, League or Association affiliated to the English Table Tennis Association provided that the sponsoring Association, League or Club, if within the area of a County Association, has obtained the consent of the County Association or, if not within the area of a County Association, has obtained the consent of the Secretary of the English Table Tennis Association. An appeal against the refusal of a County Association to allow an engagement may be made to the National Council of the English Table Tennis Association. They may accept without formality other than Registration, any payments for broadcasting, filming, organising, writing and in relation to equipment.

4. Registered Members

Any Registered player wishing to be placed on a list of Exhibition players shall submit an application to the Secretary of the English Table Tennis Association who will place this application before the National Council.

5. Warnings

(a) The list of players registered on the 1st October in each season shall be published with periodical additions, together with a warning that any payment, other than legitimate expenses, to players not appearing on the list of payments to Registered Members without the necessary permissions mentioned above, renders offending Organisations as well as players liable to disciplinary action.

(b) A copy of these regulations shall be furnished together with the notification of the grant of registration to every Registered Member and shall appear in the handbook.

NOTE 1.—Registered Members are expected to make themselves available whenever possible when invited to represent not only their country but their county as well, in representative matches and Open Championships. A persistent refusal to make reasonable contribution in this respect may affect the views entertained by the responsible authority towards subsequent application for registration.

NOTE 2.—Players who play abroad under auspices affiliated to the International Table Tennis Federation are subject, as far as payment and other matters are concerned, to the regulations of the Association governing the country where they play. In addition to observing the Regulations of the English Table Tennis Association, with which players are urged to familiarise themselves, every player is advised to ascertain that his Table Tennis abroad conforms to the Regulations of the Governing Body of the Country concerned.

Further, every player is advised to ascertain that the auspices under which he plays are properly affiliated to, and acting in accordance with, the decisions of an Association in membership with the International Table Tennis Federation. Finally, every player is advised not to enter into any contract in this country which will oblige him to be the participant in infringement of the Regulations of the Governing Body of any nation in membership with the International Table Tennis Federation. Disregard of this warning may render a player liable to penalty of another Association, confirmed by the English Table Tennis Association at its request.

A recommended method of inserting byes is given in the E.T.T.A. handbook.
- (b) **Alterations to Draw.** Alterations to a previously completed draw shall be made only by a majority vote of the tournament committee, upon which shall be invited to sit at least one representative of each association nominating players to those championships. In any case no alteration may be affected in the draw of an event (a) after any match shall have been played in that event; (b) involving the striking out of a person whose permission has not previously been obtained. Reasons that may be regarded as adequate justification for an alteration, are an illness and absence or one of a pair, or a genuine misunderstanding in notification and acceptance of an entry. In cases of any alteration being made, the position in the draw of the new entry, or new pairing, shall be determined by lot, firstly, among the places resolved vacant by scratching, secondly, if these are not sufficient in number, any byes (excluding any byes opposite seeded entries). Where a new player or pair would merit seeding by ranking, inclusion is permitted only if a seeded place is vacant.

12 FINALS AND ROUNDS. Finals of all events must be staged to commence at a reasonable time, and not more than two tables simultaneously. Finals of junior events must be included in the first half of the programme where they are held on the same occasion as senior events. Where rounds are played during an evening, every effort must be made to conclude at a reasonable hour. Players must be given an adequate rest period between rounds and events. Finals and rounds of a junior open tournament must be completed by 10 p.m.

13 RESTRICTION OF ENTRIES. All entries shall be kept in the order in which they are received, and if more entries are received than can be dealt with exclusion shall be on the basis of last received first out.

14 PRIZES. No prizes for an open tournament may be given other than medals or trophies except where the value of each is less than £5.

15 PLAYING CONDITIONS

- (a) **Nets and Posts.** The net should be of a dark shade of green, and should be of a mesh not less than 7.5 mm. nor more than 12.5 mm. square. It should have a white top, depending from the cord suspension, not more than 15 mm. wide. (Note that in accordance with law 2, which provides that the net shall be suspended by a cord, only one cord — a single horizontal cord — may suspend the net and the attachment of the net to the post, if any,

must be so loose as not to exert tension and thereby constitute a suspension).

The diameter of the post should not exceed 22 mm. and any device for adjusting the height or tension of the cord suspending the net should be situated at the base of the post, should not project more than 7 mm. from the post and should, at its highest part, not be higher than 28 mm. above the height of the table surface.

The arm holding the post and its prolongation at the upper part of the grip holding the table should not project outside the post at its post ends, nor further than 75 mm. over the table at its table end; it should not be wider than 42 mm. nor higher than 13 mm. above the surface of the table.

The lower part of the grip should likewise not project beyond the post, its lower surface should not be lower than 22 mm. below the surface of the table at its post end, nor, with the screw of its clamp, lower than 75 mm. below the surface of the table at its table end; any screw adjustment of the clamp should be below the table.

During the rounds the minimum distance of run back from ends of table shall be 12 feet and 8 feet (Doubles 9 feet) between each table where the tables are side by side and 6 feet between an obstacle and the edge of the table.

(b) A County Association shall be entitled to a refund of a sum equivalent of one-fifth of the competitors' fees paid to the Association in respect of tournaments played in the area of the county concerned.

THE UMPIRES SCHEME

The aims of the Umpires Scheme are to set a standard of good umpiring and to provide recognition for those of proved ability. This is at once an acknowledgement of the efficient service which the Umpire gives and a help to organisers who have to ensure that matches are controlled by capable people.

The Qualities of a Good Umpire

The Umpire must, first and foremost, know and understand the Laws of the Game. But this is not all; he must have practical ability as well. He must be able to apply those laws promptly and correctly whilst a match is in progress; he must be able to keep the score correctly and to announce it clearly and audibly to both players and spectators; he must have the faculty of controlling a match firmly but tactfully; and he must have an understanding of the importance of the part he has to play in presenting a Table Tennis match before a public audience.

The County Umpire

Those who have this theoretical knowledge and practical ability are invited to qualify firstly as County Umpires. To do this, it is necessary first to answer in writing a set of questions designed to satisfy the County Association Umpires Committee about knowledge and understanding of the Laws of the Game (and the Knotty Point interpretations that go with them). The question paper is not intended as a test of memory — the candidate may spend as long as he likes in answering the questions, and may consult the rule book. The one thing he must not do is to copy out someone else's answers.

Test papers may be obtained from the Secretary of the County Association Umpire Committee, or, where there is no County Association, from the E.T.T.A. Office, 26/29 Park Crescent, London, W.1.

Those whose written test papers are satisfactory become probationary County Umpires, and may be appointed by local organisers to Umpire any match. As soon as the County Association Umpire Committee representatives are satisfied from actual umpiring at matches played before a public audience, that the probationary umpire possesses a satisfactory standard of practical ability, he is accepted as a full County Umpire, and becomes entitled to wear a County Umpire's badge.

The National Umpire

This qualification is available to Umpires who have held the "County Umpire" qualification for at least three years — who have experience of the highest order and who satisfy the most exacting standards of theoretical knowledge and practical ability.

Examinations for this qualification are conducted annually by the E.T.T.A. and candidates must be nominated by the appropriate County Association. Successful candidates are entitled to wear the National Umpire's badge.

The Umpire's Handbook (Third Edition)

A Handbook for Umpires has been published by the E.T.T.A. This gives more detailed information about the Umpires Scheme, in addition to much useful guidance for Umpires.

Copies can be obtained from the E.T.T.A. Office at a cost of 3/- each, plus postage.

NATIONAL COACHING SCHEME

The National Coaching Scheme has the following objects:—

To spread as widely as possible a knowledge of correct principles and technique of Table Tennis;

To interest and enthuse young people in the athletic possibilities of the modern game;

To set standards for instructional work and to promote and encourage the teaching of the game by all possible means, with special emphasis on the building up of a chain of qualified instructors throughout the country.

In furtherance of these aims the Director of Coaching conducts and promotes Coaching Courses (for general students). Study Courses (for potential Coaches), Coaching Rallies for younger players, and various other development activities.

The Director of Coaching is available to advise upon instructional programmes; to advise and examine local instructors, on behalf of League, County or local organisations and educational bodies.

The Committee co-operates with the Central Council of Physical Recreation in the staging of their attractive instructional events.

The E.T.T.A. Basic Coaching Diploma is awarded to candidates who satisfy the National Coaching Committee's requirements as to practical ability, theoretical knowledge, and teaching skill, combined with general presentation. This award carries with it the right to wear the official "Coach" badge.

The E.T.T.A. Teaching Theory Certificate is an award which requires the same standards as the Diploma, with the exception of current playing ability, accepting instead, evidence of good instructional work amongst young pupils.

THE MASTER POINTS SCHEME

by G. R. HARROWER (Administrator)

The Master Points Scheme is designed to apply to all types of competitive singles play. It is based on the Scheme adopted by the English Bridge Union in the middle 1930's, which has been an outstanding success.

L. G. Adams, the National Selector and former International, thought of this idea, and came to me because of my knowledge of the Bridge scheme. Together we spent some six months in devising a method whereby it could be applied to table tennis. The Scheme was put to the A.G.M. of the E.T.T.A. in July, 1963, and adopted by a large majority.

Briefly, the idea is that points are awarded in all events within the Scheme, and that players can become, successively, Club, League, County, Tournament and National Masters. The number of points needed to obtain these awards, and the method of obtaining certificates and record cards, are shown at the end of this article.

In the first season, Master Points Certificates were awarded at all Open Tournaments and other major competitions such as the Wilmott Cup and J. M. Rose Bowl. Many county associations entered their complete programmes, and 42 affiliated leagues also joined, representing just over 22% of the total members of the Association. As a result of this first season, the nett sum of £285 was handed over to the Association.

The Committee appointed to administer the Scheme, after taking advice from many members in all parts of the country, made a number of revisions and improvements, and below is given a Summary of the Scheme:—

THE SCHEME FOR CLUBS. Any affiliated club can stage men's, women's or mixed singles, boy's, girls' or mixed junior singles, upon payment of a nominal entry fee of 3d. per competitor. A minimum of eight players must compete in any event, and there is also a minimum entry fee of 3/- per event. Existing competitions, such as a club's annual closed championships, can be entered, or special events can be included. The only proviso's, apart from those above, are that no handicap events are eligible, and that not more than one event of each type can be run in any one month.

Points are awarded as per the undernoted Basic Scale. This scale is also used for other events such as Open Tournaments, League Divisional singles and county and league closed championships, as will be seen later in this article:

No. of players	No. of awards	Points values of each certificate to the:					
		winner	runner-up	last 4	last 8	last 16	last 32 last 64
8 to 16	2	6	3	—	—	—	—
17 to 24	4	8	4	2	—	—	—
25 to 32	4	10	6	3	—	—	—
33 to 48	8	14	8	4	2	—	—
49 to 64	8	17	10	6	3	—	—
65 to 96	16	22	12	8	5	2	—
97 to 128	16	28	15	10	7	4	—
129 to 160	32	34	18	12	8	5	2
161 to 192	32	40	22	14	9	6	3
193 to 224	32	46	25	16	10	7	4
225 to 256	64	52	28	18	11	7	4
257 or more	64	60	32	20	13	8	5

THE SCHEME FOR LEAGUES. An affiliated league may enter all their level competitions, such as the ordinary league programme, the annual individual championships, any level knock-out cup competitions, divisional singles, etc. Whilst the league retains the option not to enter any particular item, entries must be for a complete event. In every instance the entry fee is the nominal one of 3d. per player. The ordinary league programme is at the "bargain" price of 3d. for the entire season's programme.

In the ordinary league programme, the awards are based on the size of the league, with a maximum of three points per win. The table below shows the number of points to be won in each best of three match:

	In Division								
	1	2	3	4	5	6	7	8	9
A League with three divisions	3	2	1						
A League with four divisions	3	2	1½	1					
A League with five divisions	3	2	1½	1	1				
A League with six divisions	3	2½	2	1½	1	1			
A League with seven divisions	3	2½	2	1½	1½	1	1		
A League with eight divisions	3	2½	2	2	1½	1½	1	1	
A League with nine or more divisions	3	2½	2½	2	2	1½	1½	1	1

Of course, no half points will ever be awarded. When certificates are made out at the end of the season, fractions will be rounded off to the nearest highest number.

Where a league runs two or more equal sections, the appropriate adjustments will be made in the above table.

Where a league plays under a system whereby players play less than three singles in a match, it is possible to include the results of doubles. There is a proviso, however, that no player can obtain more points than he could under the three-a-side system. Doubles wins count at half the above scale. Thus a league playing four-a-side, with a total of eight singles and two doubles, can include the doubles matches so that each player is able to obtain the same number of points as in the three-a-side leagues.

In the league closed championships, the points awards will vary from twice to three times the basic scale, according to the strength of the entry and the size of the league. Where "restricted" singles are run, either by the exclusion of players of a certain ability, or those where the top division/s are excluded, then proportionally less points are awarded. For example, a league with (say) seven divisions would get three times the basic scale for the main championships, open to all players, twice the basic scale for an intermediate event which excluded the top division, and the basic scale for a minor event which excluded (say) the top four divisions. In all cases points will of course be rounded off to the nearest whole figure.

Junior and Veterans singles can be included, but at half the scale of points of the equivalent senior competition.

Many leagues are now running divisional singles, which, as the name implies, are competitions with the entry restricted to the players in a single division. In computing the points awards for this type of event, the following example will best show the method. Taking our hypothetical example used above, of a league with seven divisions, and to assume further that exactly 32 players enter in each division:

The top division would be assumed to have an entry of 224 (32x7) and the winner would get 138 points (46x3), the runner-up 75 and the losing semi-finalists 48 each. To work out these points for yourselves, study the two tables given previously, the basic scale of points, and league programme table.

Thus you can work out that the second division would be presumed to have an entry of 192 (32 x 6), with the points awards 100 (40 x 2½) for the winner, 55 for the runner-up and 35 each for the losing semi-finalists. The other divisions would be presumed to have an entry of 160 (32 x 5) for the 3rd, 128 for the 4th, 96 for the 5th, 64 for the 6th and, of course, 32 for the 7th. The winners would get 68, 42, 33, 17 and 10 points respectively.

THE SCHEME FOR COUNTIES. All county events, such as the Closed Championships, Inter-League or Inter-Town competitions, Club Championships, etc., are eligible, and a higher scale of points are awarded than for league competitions. For example, in the Closed Championships counties who have teams in the Premier Division of the County Championships get six times the basic scale, and others four times the basic scale.

The make-up of other county competitions vary so much that it is not possible to state the points awards here. These are negotiated individually with counties, and any interested player can find out either from county officials, or direct from me.

OPEN, RESTRICTED OPEN and SANCTIONED INVITATION TOURNAMENTS. Points are awarded for these types of competitions based on a combination of the number of entries and strength. The following table makes this clear.

Tournaments with
 three ranked players or less in an event - 4 times the basic scale
 four or five ranked players in an event - 6 times the basic scale
 six or seven ranked players in an event - 8 times the basic scale
 with eight to ten ranked players in an event - 10 times the basic scale
 eleven or more ranked players in an event - 12 times the basic scale
 Junior and veteran singles, can be included, on an optional basis, with a points scale of half the senior event. In practice, as many fewer players enter these events, the points awards will be considerably less.

THE WILMOTT CUP and J. M. ROSE BOWL. Every match in these national competitions is included, and the points awards are as under:

	For winning, in a complete match	1 singles	2 singles	3 singles
Early rounds, up to Zone Finals ...	6 points	15 points	25 points	40 points
Zone, and Inter-Zone Finals ...	10 points	25 points	40 points	50 points
National Quarter-Finals ...	12 points	30 points	50 points	80 points
Semi-Finals ...	20 points	50 points	80 points	100 points
Finals ...	40 points	100 points	160 points	

OTHER NATIONAL, SEMI-NATIONAL and REGIONAL COMPETITIONS. Most competitions of this type, such as the National County Championships, the Midland Counties League and the South-East Midlands League of Leagues, are included in the Scheme. Points vary according to the strength of the competitions. Details can always be had either from the counties or leagues concerned, or from me.

The number of points needed by any player to reach the various grades of Master is as under:

	Men	Women
Club Master ...	250 points	200 points
League Master ...	1,000 points	750 points
County Master ...	2,500 points	1,750 points
Tournament Master ...	5,000 points	3,500 points
National Master...	15,000 points	10,000 points

Full details for obtaining Certificates and Record cards are printed on the slips which competitors win in any of the competitions shown in this article. In addition, attractive cloth shirt badges are available for both Club and League Masters, at a low cost of 2/-, including postage. They can be obtained, if a player wishes, at the same time as claiming their Certificates, or, indeed, at any other time.

Players attaining the rank of County, Tournament or National Master are awarded an appropriate badge, free of charge.

Progress of the Master Points Scheme, and details of any amendments, can be found monthly in the National Magazine "Table Tennis".

THE CHART SYSTEM FOR ARRANGING LEAGUE FIXTURES

Originally produced in the Handbook in 1938 by Leslie Bennett;
 revised and expanded by G. R. Harrower in 1948

The Chart System has now become a necessity to all Table Tennis Organisers. In order that clubs can compete in leagues, they must be able, if they enter more than one team, to be certain that two teams from the same club will not be called upon to play at home in the same week. This can always be guaranteed, providing the divisions making up a league have the same number of teams in each, irrespective of whether the two teams are in one division, or separate, and irrespective of how many clubs enter with two teams.

Most leagues today publish their own handbook, and the amount of space taken up by printing fixtures is considerable. This can be cut down to a maximum of two pages (including explaining the chart) by using the chart system. Even if you decide to print your fixtures in full you will find that to obtain satisfactory fixtures you must prepare them with the aid of a chart.

The following charts can be used for divisions from 6 to 16 teams: if an odd number of teams, say 7, you give a blank week to the team due to play No. 8 in each case. Use of these charts guarantees that no team is ever called upon to play three consecutive home or away matches, and that they get the maximum possible number of alternative home and away games. Furthermore, by using the combinations shown underneath each chart, you safeguard your clubs and their few match nights. For example, if you have a club with two teams, one in the premier division and one in the third division, with only one home night, allot the first team to position No. 1 in the premier division and the second team to position No. 5 (for divisions of eight) in the third division. It should be noted that although only four combinations are listed as alternatives for divisions of eight these combinations can be reversed; i.e. 5 and 1, 6 and 2, giving eight combinations for eight places, covering every possibility.

The tables used cover the first half of the season, and the letter "a" denotes an away match. For example, again quoting from divisions of eight, Team No. 1 plays Team No. 8 at home in the first week, and then meets Team No. 7 away in the second week. Obviously, for the second half of the season, the homes and aways are reversed.

Shortage of space precludes giving all details, but further information can be supplied and queries answered if a communication is sent to the Association.

There is a way in which EACH team can play alternate home and away matches, providing that two extra weeks can be devoted to the league programme. Obviously, this is more than satisfactory if time permits, and you are recommended to use the charts numbered 6, 7, 8, 9, 10 and 11.

THE ORGANISATION OF A TOURNAMENT

By G. James (Hon. Referee English Open Championships and Chairman
—National Umpires-Referees Committee)

Run a Tournament? Easy! Yes, of course it is once you know how. Fortunately most of us who take on the task do know its major pitfalls but, as one requirement is many willing hands — a commodity not found so readily these days — the following broad coverage may serve as a useful guide to those contemplating shouldering the burden for the first time. At the outset, however, it must be stated that during the 1964-65 season new regulations came into force for all tournaments, entry to which is not restricted to members of a county or a league. If your tournament envisages an entry from a wider area, these regulations must be studied with the greatest care. They are all embracing, covering such diverse aspects as seeding, playing conditions and the special sanction necessary from E.T.T.A. and local county authorities. The last of these needs special attention. (See Tournament Regulations on Pages 40 to 45)

The most vital maxim is that a great deal of time must be spent in advance and never forget that even hours of work beforehand which will save say one minute on every match played, may well make the difference between a smooth-running tournament and one which leaves players disgruntled, officials worn out and the general public wondering whether table tennis really is a great national sport.

The first step is to form the tournament committee under the chairmanship of the referee who, for an Open Tournament must be a person approved by the National Umpires & Referees Committee and one who has a competent knowledge of the laws of the game and experience of tournament organisation. This committee should be as small as possible and contain officials all of whom are themselves chairmen of even smaller sub-committees each responsible for the various essential side of the organisation. These are normally a Playing Committee which handles matters connected with the draw and the actual playing of the matches, while the others such as Umpires, Stewards, Box Office, Programmes, Press, Hospitality, etc., as required have obvious duties. This system generally ensures a fair division of the work and avoids vital matters being overlooked.

The preparation of the entry form is best left to the referee who must take great care to see that the various items are included as laid down in the Association's rules and a proof copy must be sent to the E.T.T.A. Secretary for approval. This will be returned immediately.

Here perhaps is the best time to mention what is probably the most vital part of any tournament — the provision of umpires. A plentiful supply will enable the tightest schedule to be completed on time but insufficient can ruin the easiest of tournaments. Tournament regulations do not allow the "loser umpires" system as it has always been felt that the provision by the organisers of an adequate number of umpires is as important as the supply of tables and balls. How this is done is something that I would not dare to be dogmatic about but there are still many tournaments who manage to make some hospitality contribution to the expenses

of leading players — well surely the hard working umpire is just as important if not so obviously so. It would seem that he is equally entitled to the little that is available and a policy which recognises this even to the extent of a very small increase in entry fees might go some way to dealing with the problem.

Entries would normally be received by the tournament secretary, who, working under the referee, arranges for their collation. It still seems impossible for every player to fill in an entry form correctly however simple, therefore the easiest way is to prepare a complete list of all competitors, as entries are received, on the following lines, immediately addressed to each entrant a notification card to be completed later by the playing committee:

No.	Name	Events Entered	Partners	Fees Paid	Owed or to be refunded	Remarks
1	J. Smith	M/S, M/D.	J. Brown	4s.	—6d.	Extension till Sunday
2	Miss J. Green	W/S, W/D, X/D.	Miss L. Jones A. Robinson	7s.	+1s.	Extension till 2 p.m. Saturday.

At the same time separate events lists of competitors are built up — one for each event, containing only the entrant's name.

After entries have been closed the basis of the time schedule is worked out according to the number of matches to be played with particular reference to days on which competitors will be required to play in more than one event. Normally 15 minutes is the allowance for a three game set and even with the most experienced organisation it is unwise to try to reduce this, in fact it is far safer to allow one free 15 minute period per hour for one table in five.

We are now ready to go ahead with the draw. Here careful attention must be made to the rules on seeding in Open Tournaments. These give discretion only in permitting a holder to be seeded, otherwise, with ranked players, current ranking lists are the sole criteria. Most organisers are able to make a draw but as the calculation of the number of byes, which should occur only in the first round still causes some confusion, perhaps the following method may assist. To give four semi finalists and two finalists the number of competitors must be a power of two in the first round. If not, sufficient byes must be introduced in the first round to make the number in the second round a power of two, i.e., either 2, 4, 8, 16, 32, 64, 128, 256, etc. This is done by subtracting the number of entrants from the next highest power of two. This figure is the number having byes into the second round.

Example: With 99 entries the next highest power of 2 = 128,
128—99=29.

In the first round we have 29 byes with 70 actually playing,
giving 35 winners + 29 byes = 64 for the second round.

These byes are then inserted on alternate lines of the draw sheet evenly throughout the draw. To illustrate this the following table shows the number of byes for up to 64 competitors:—

Byes Top half	—	1	1	2	2	3	3	4	4	5	5	6	6	7	7	8
Bottom half	—	1	1	2	2	3	3	4	4	5	5	6	6	7	7	7
Number of Competitors	8	7	6	5	—	—	—	—	—	—	—	—	—	—	—	—
	16	15	14	13	12	11	10	9	—	—	—	—	—	—	—	—
	32	31	30	29	28	27	26	25	24	23	22	21	20	19	18	17
	64	63	62	61	60	59	58	57	56	55	54	53	52	51	50	49

Byes Top half	8	8	9	9	10	10	11	11	12	12	13	13	14	14	15	15
Bottom half	8	9	9	10	10	11	11	12	12	13	13	14	14	15	15	16
Number of Comp.	48	47	46	45	44	43	42	41	40	39	38	37	36	35	34	33

Thus a draw for 11 players called A, B, C, D, E, F, G, H, I, J, K, would appear:—

It should be especially noted that regulations insist that all seeds shall be DRAWN into their respective seeding positions. That is, seeds 1 & 2 are drawn between the 1st and last places in the draw while seeds 3 & 4 are drawn between the last place in the top half and the first place in the bottom half, and so with seeds 5, 6, 7, 8. It is not permitted to insert automatically seed 3 into the same half as seed 2 and seed 4 into the same half as seed 1 — an all too common misapprehension.

The easiest way, then, of making the draw, after inserting the byes, if any, is to use numbered pieces of paper — one for each competitor or pair, divide these into halves or quarters according to the permitted number of seeds, insert the seeds in their appropriate section and make a straight draw.

The I.T.T.F., who lay down basic regulations for Open Tournaments, recommend that the byes should be evenly spaced throughout the draw. The only plan so far devised for this is that of the late Marcel Corbillon whose rather complicated system is as follows:

Having completed the draw the next stage is to schedule each match i.e., allow one match per table for each period of 15 minutes. This is a fairly straightforward matter so long as care is taken in endeavouring to even out players' rest periods between each round.

A point to remember here is, that as your final will presumably not be played until all preliminary rounds of other events are completed, you can play one half of an event at a time, i.e., if you have 64 first round matches you do not have to play more than 32 of them before beginning the second round. In this way, if you have say only six tables you can play the first half of the draw down to the third round before commencing the first round of the second half of the draw. Thus players' waiting time between rounds is evened out and all your tables are kept in play for a longer period with a corresponding lessening of wasted tables.

If more than one event is being played in the same session it is best to select non-clashing events to follow each other, e.g., Men's singles, Ladies' singles, Men's doubles, Ladies' doubles, Junior singles, Mixed doubles. Here you have only to arrange that your better Juniors are excluded from the first round Mixed doubles matches which are scheduled to be played at the same time as the last Junior matches.

Now, notification cards have to be filled in giving players the times of their first matches in each event. This is really essential as it always seems pointless to insist on a large number of players being available at the commencement of each session when an examination of the schedule shows that many of them can be given but one match in two hours.

We now come to preparations for the actual operation of play. Draw sheets are already completed and each match shown thereon should have its time and number stated beside it. Every match should of course, be numbered, both for checking purposes and for easy reference when Umpires' scorecards are returned. These numbers should never be duplicated but should follow on from event to event, e.g., if there are 127 matches in the Men's singles and 63 in the Ladies' singles the former will be numbered 1 to 127 and the latter 128 to 191 and so on.

It is far simpler to work from a schedule and use the actual draw sheets only for entering up results. This does increase, slightly, the total volume of work but it spreads the load between two people whose task is much easier than that of one recorder. This schedule sheet should have sufficient columns of two-inch width to permit one for each table, while lines are ruled across to denote the 15-minute periods. Each oblong thus formed has the number and competitors for each match entered into it. (later rounds, will of course have only a number — the names being filled in as they become available). In this way your matches are played as scheduled with no overlapping, so long as matches are announced for play only in their correct time sequences. Naturally, unless you have unlimited time, there is no need to tie matches down to table numbers denoted by the column heading on the schedule. They can be put on any available table but must be in their time sequence.

At long last we have reached the commencement stage of play itself. Competitors should report to the Referee with their notification cards. From this their names are easily found on the schedule and play is ready

to begin. If sufficient time can be found beforehand it is advisable to have match cards already written out for the first round matches. The appropriate matches are then taken crossed off the schedule and handed to the announcer who allocates them to tables, announces them, and hands the match cards to the Chief Umpire who immediately despatches Umpires to the tables with the cards and balls. The cards, of course, return by the same process.

During the tournament the usual problems of draw alterations will arise and in Open Tournaments there are very specific regulations now covering these. They should be studied carefully and here it is perhaps necessary to mention that no changes may be made once the event has been started, late entries received after the draw has been made can be inserted only by being **Drawn** into any byes which are not against seeded players and any late entry which would have merited seeding if received before the draw, may be accepted only if a seeded place is vacant by a scratching.

So your tournament will continue until the final stages which should naturally be on one table only in some sort of staged manner. Nothing surely, is more unfair to both players and spectators for a final to be put on with a Junior quarter final on one side of it and a Consolation singles battle on the other. Also your finals are your greatest opportunity of drawing a "gate" and thus would be your greatest source of revenue as well as being a duty of yours to the players who have patronised your tournament. They should at least be given the kudos of winning a title before an audience unhampered by the diversions of play on other tables.

Two further points to watch at your finals — never play Consolation singles finals with your major finals. They are seldom popular with either players or spectators and only detract from public interest — don't forget that Junior events should always be completed before 10 p.m. Secondly, always present your prizes after each final. If these are left to the end they are but a source of embarrassment to the dignitary who has to dispense them amid a diminishing audience and to the accompaniment of the muffled conversation and clattering chairs of the departing.

In conclusion, keep your officials at the Committee table to the absolute minimum — four is ample, pick your officials carefully — an Umpires' Committee which fails to get Umpires is just as useless as a Press Committee which does not obtain Press publicity — and be prepared to work hard in advance. If these are done there is no reason why the whole tournament should not run successfully and be a credit to the organisers.

Floor:

The table should rest on a wood floor. A linoleum covered floor is not good and the bounce of the ball is affected. Linoleum is all right for footwork but pieces should be cut out for the legs of the table to rest on. The holes must be filled with small pieces of wood same thickness as the linoleum. If the cutting is done by an expert the linoleum pieces can be replaced when the table is not in use and the break in the linoleum is hardly noticeable. It has been found that the difficulty of a table on a soft surface where cutting is not possible can be overcome by heavily weighting the table, say 56 lbs. on each leg—4 cwt.

Where a floor is slippery scrubbing is essential, but, in cases of emergency, powdered pumice makes a good surface. Its action is, however, abrasive and may do some damage to a highly polished floor. Rinso has been successfully used on many occasions. It has no abrasive action, but makes the floor sticky without doing any lasting harm.

Surrounds:

For exhibitions or special occasions the court should be enclosed by a cloth-covered barrier 2 feet or 2 feet 6 inches high. This can easily be constructed and should be made up in frames 5 feet by 2 feet or 6 feet by 2 feet 6 inches, supported by wooden triangles nailed or screwed at the base of each upright. If the four corner sections of the arena are hinged this will obviate the triangles for eight of the sections. The frames can be covered with green cloth, muslin or sisalcraft which can be glued to each side and then sprayed with green paint. This latter method has been found very satisfactory.

Lighting:

The very minimum for club play and ordinary matches should consist of three 150 watt lamps in 20-inch circular billiards shades—one over the centre of the table and one over each end of the table. A very convenient method is to wire the whole outfit on to an 11 feet beam with a lead to the nearest lampholder and suspend the whole by two chains or cords from the ceiling and six feet apart. The distance from the lamp to lamp should be 5 feet 6 inches and the height from the floor 9 feet.

For Club Room:

Exhibition and Representative Matches:

The playing space should not be less than 36 feet by 18 feet but better if extended to 40 feet by 20 feet.

Ten 150 watt lamps are used in 20 inch billiards shades spaced as shown. 200 watt lamps are not too much. Sometimes it is necessary to go much higher with the lights when they obscure the view for spectators in a gallery. Three 1,000 watt lamps on a 16 foot bar at a height of 16 feet will be found satisfactory and gives nearly as much light as the system shown in figure 2. It must be remembered that the light thrown on any given area of surface varies as the square of the distance. A 500 watt lamp at a height of 16 feet (13 feet 6 inches from the table) would not give as much light as 150 watt lamp at a height of 9 feet (6 feet 6 inches from the table). For this reason the higher the lights are the more powerful they should be. Lamps with silvered reflecting surfaces, bright metal reflectors, or looking glass reflectors should never be used as their light distributions are very uneven.

Fluorescent lighting presents special problems because of its stroboscopic effect. Some success has been achieved by using dual tubes but experiments and trials are still proceeding.

ENGLAND INTERNATIONAL PLAYERS

Compiled by Leslie Woollard

This is a complete register of every player who has represented England in at least one official senior international match up to and including the season 1963-64. ("B" Team appearances do not qualify).

The surname of lady players (i.e. single or married) is given in the name under which they played. Both names are given if applicable.

In the past a considerable number of errors of fact have become perpetuated in writing, presumably based on unjustified assumptions of name similarities and personal claims. The following notes on players with identical surnames should be helpful.

NOT RELATED: Baker; Barnes; Berry; Brown; Cohen; Jones; Merrett; Seaman; Wright.

FATHER and DAUGHTER: Bromfield; Harrower; Haydon.

In the case of HAYDON, A. A. and M. E. are brother and sister;

A. S. is the daughter of A. A.

BROTHERS: Hyde (2); Rumjahn (3).

SISTERS: Emdin; Rowe (Twin).

† indicates that the player is reported dead.

* indicates that we are anxious to know the present address of the player so indicated. Any information should be sent to Leslie Woollard, 50 Castle Road, Bedford.

Singles

- 1 **The Table.** The table shall be in surface rectangular, 274 cm. (9 ft.) in length, 152.5 cm. (5 ft.) in width; it shall be supported in such a way that its upper surface shall be 76 cm. (2 ft. 6 in.) above the floor, and shall lie in a horizontal plane.
It shall be made of any material and shall yield a uniform bounce of not less than 20 cm. (8 in.) and not more than 23 cm. (9 in.) when a standard ball is dropped from a height of 30.5 cm. (12 in.) above its surface.
The upper surface of the table shall be termed the "playing surface," it shall be matt, of a dark colour with a white line 2 cm. ($\frac{1}{2}$ in.) broad along each edge.
The lines at the 152.5 cm. edges or ends of the playing surface shall be termed "end lines." The lines at the 274 cm. edges or sides of the playing surface shall be termed "side lines."
- 2 **The Net and its Supports.** The playing surface shall be divided into two courts of equal size by a net running parallel to the end lines and 137 cm. (4 ft. 6 in.) from each. The net, with its suspension, shall be 183 cm. (6 ft.) in length; its upper part along its whole length shall be 15.25 cm. (6 in.) above the playing surface; its lower part along the whole length shall be close to the playing surface. The net shall be suspended by a cord and attached at each end to an upright post 15.25 cm. (6 in.) high; the outside limits of each post shall be 15.25 cm. (6 in.) outside the side line on the same side.
- 3 **The Ball.** The ball shall be spherical. It shall be made of celluloid, white and matt; it shall not be less than 11.43 cm. ($4\frac{1}{2}$ in.) nor more than 12.06 cm. ($4\frac{1}{2}$ in.) in circumference; it shall not be less than 2.40 gm. (37 grains) nor more than 2.53 gm. (39 grains) in weight.
- 4 **The Racket.** The racket may be of any size, shape or weight. Its surface shall be dark coloured, and matt. The blade shall be of wood, continuous, of even thickness, flat and rigid. If the blade is covered on either side, this covering may be either (a) of plain, ordinary pimples rubber, with pimples outward, of a total thickness of not more than 2 mm. or (b) of "sandwich" consisting of a layer of cellular rubber surfaced by plain, ordinary pimples rubber — turned outwards or inwards — in which case the total thickness of covering of either side shall not be more than 4 mm.
Definition:— For the purpose of Law 4, plain ordinary pimples rubber shall be defined as follows: A single covering with pimples evenly distributed not fewer than 10 nor more than 50 to the square centimetre (60–330 to the square inch) on rubber which, whether natural or synthetic, is non-cellular, and of which the total thickness includes the height of the pimples and adhesion.
For the purpose of Law 4, note the following: The part of the blade nearest the handle and gripped by the fingers may be covered with cork or other material for convenience of grip: it is to be regarded as part of the handle.
- 5 **The Scoring of Points.** A game shall be won by the player who first wins 21 points, unless both players shall have scored 20 points, when the winner of the game shall be he who first wins two points more than his opponent.

- 6 **The Choice of Ends and Service.** The choice of ends and the right to be server or receiver in every match shall be decided by toss, provided that, if the winner of the toss choose the right to be server or receiver, the other player shall have the choice of ends, and vice-versa, and provided that the winner of the toss may, if he prefers it, require the other player to make the first choice.
- 7 **The Change of Ends and Service.** After five points the receiver shall become the server, and the server the receiver, and so on after each five points until the end of the game or the score 20-all. At the score 20-all, the receiver shall become the server, and the server the receiver, and so on after each point until the end of the game. The player who served first in a game shall be receiver first in the immediately subsequent game, and so on until the end of the match. The player who started at one end in a game shall start at the other in the immediately subsequent game, and so on until the end of the match. Where the match consists of only one game or, where it consists of more than one game, in the deciding game of the match, the players shall change ends at the score 10.
- 8 **Out of Order of Ends or Service.** If a player serves out of his turn, play shall be interrupted as soon as the mistake is discovered and shall continue with that player serving who, according to the sequence established at the beginning of the game, should have been the server at the score which has been reached. In any circumstances, all points scored before the discovery shall be reckoned.
If the players shall not have changed ends when ends should have been changed, the players shall change ends as soon as the mistake is discovered, unless a game shall have been completed since the error, when the error shall be ignored. In any circumstances, all points scored before the discovery shall be reckoned.
- 9 **The Order of Play.** The server shall first make a good service, the receiver shall then make a good return, and thereafter server and receiver shall each alternately make a good return.
- 10 **A Good Service.** The service shall begin by the server projecting the ball by hand only, without imparting of spin, up into the air. The ball shall then be struck so that it touch first the server's court and then, passing directly over or around the net, touch the receiver's court. The free hand, while in contact with the ball in service, shall be open, with the fingers together, thumb free and the ball resting on the palm without being cupped or pinched in any way by the fingers. At the moment of impact of the racket on the ball in service, the latter shall be behind the end line of the server's court and between an imaginary continuation of the side lines.
- 11 **A Good Return.** A ball having been served or returned in play shall be struck by the player so that it passes directly over the net or around the net and touch directly the opponent's court; provided that, if the ball, having been served or returned in play, returns with its own impetus over the net or around the net, it may be struck, while still in play, by the player so that it touch directly the opponent's court.
- 12 **A Let.** The rally is a let:—
(a) If the ball served in passing over the net touch it or its supports,

provided the service be otherwise good or be volleyed by the receiver.

- (b) If a service be delivered when the receiver be not ready, provided always that he may not be deemed to be unready if he attempt to strike at the ball.
 - (c) If either player be prevented by an accident, not under his control, from serving a good service or making a good return.
 - (d) If either player lose the point, as provided in Law 13 (c), (d), (e), or Law 14 owing to an accident not within his control.
 - (e) If it be interrupted as provided in Law 8.
- 13 A Point.** Either player shall lose a point:—
- (a) If he fail to make a good service, except as provided in Law 12.
 - (b) If a good service or a good return having been made by his opponent he fail to make a good return, except as provided in Law 12.
 - (c) If he, or his racket, or anything he wears or carries, touch the net or its supports while the ball is in play.
 - (d) If he, or his racket, or anything he wears or carries, move the playing surface while the ball is in play.
 - (e) If his free hand touch the playing surface while the ball is in play.
- 14 A Point.** Either player shall lose the point:—
- (a) If, before the ball in play, in leaving the space above the table, shall have passed over the end lines or side lines not yet having touched the playing surface on his side of the table since being struck by his opponent, it came in contact with him or anything he wears or carries.
 - (b) If at any time he volley the ball, except as provided in Law 12 (a).
- 15 In Play.** The ball is in play from the moment at which it is projected from the hand in service until:—
- (a) It has touched one court twice consecutively.
 - (b) It has, except in service, touched each court alternately without having been struck by the racket intermediately.
 - (c) It has been struck by either player more than once consecutively.
 - (d) It has touched either player or anything that he wears or carries, except his racket or his racket hand below the wrist.
 - (e) On the volley it come into contact with the racket or the racket hand below the wrist.
 - (f) It has touched any object other than the net, supports, or those referred to above.
- 16 Further Definitions.** The period during which the ball is in play shall be termed a rally.
- A rally the result of which is scored shall be termed a point.
- A rally the result of which is not scored shall be termed a let.
- The player who first strikes the ball during a rally shall be termed the server.
- The player who next strikes the ball during a rally shall be termed the receiver.
- If the ball in passing over the net, or around the net, touch it or its supports, it shall, nevertheless, be considered to have passed directly, except as referred to in Law 12 (a).
- "Around the net" shall be considered as including "under or around the projection of the nets and supports outside the side line."

If the ball in play come into contact with the racket or racket hand, not yet having touched the playing surface on one side of the net since last being struck on the other side, it shall be said to have been volleyed. The racket hand is the hand carrying the racket; the free open hand is the hand not carrying the racket.

Doubles

- 17** The above Laws shall apply in the Doubles Game except as below.
- 18 The Table.** The surface of the table shall be divided into two parts by a white line 3mm. ($\frac{1}{8}$ in.) broad, running parallel with the side lines and distant equally from each of them. This line shall be termed the centre line.
- The part of the table surface on the nearer side of the net and the right of the centre line in respect to the server, shall be called the server's right half-court, that on the left in respect to him, the server's left half-court. The part of the table surface on the farther side of the net, and the left of the centre line in respect to the server, shall be called the receiver's left half-court.
- 19 A Good Service.** The service shall be delivered as otherwise provided in Law 10, and so that it touch first the server's right half-court or the centre line on his side of the net, and then passing directly over or around the net, touch the receiver's right half-court or the centre line on his side of the net.
- 20 The Choice of Order of Play.** The pair who have the right to serve the first five services in any game shall decide which partner shall do so, and the opposing pair shall then decide similarly which shall first be receiver.
- 21 The Order of Service.** The first five services shall be delivered by the selected partner of the pair who have the right to do so and shall be received by the selected partner of the opposing pair. The second five services shall be delivered by the receiver of the first five services and received by the partner of the server of the first five services. The third five services shall be delivered by the partner of the server of the first five services and received by the partner of the receiver of the first five services. The fourth five services shall be delivered by the partner of the receiver of the first five services and received by the server of the first five services. The fifth five services shall be delivered as the first five services. And so on, in sequence, until the end of the game or the score 20-all, when the sequence of serving and receiving shall be uninterrupted, but each player shall serve only one service in turn until the end of the game.
- In a one-game match, or in the deciding game of a match of more than one game, the pair that served the first five services has the right to alter their order of receiving or that of their opponents at the score 10.
- 22 Out of Order of Receiving.** If a player act as receiver out of his turn, play shall be interrupted as soon as the mistake is discovered and shall continue with that player receiving who, according to the sequence established at the beginning of the game, or at the score of 10 if that sequence has been changed under Law 21, should be receiver at the score which has been reached. In any circumstances all points scored before the discovery shall be reckoned.

23 The Order of Play. The server shall first make a good service, the receiver shall then make a good return, the partner of the server shall then make a good return, the partner of the receiver shall then make a good return, the server shall then make a good return, and thereafter each player alternately in that sequence shall make a good return.

APPENDIX TO LAWS—KNOTTY POINTS

(Decisions of I.T.T.F. Rules Committee)

- 1 Edge Balls.** The phrase "Table Surface" is to be interpreted as including the top edges and corners of the table-top, and a ball in play which strikes these latter is therefore good and still in play; though if it strikes evidently the side of the table-top below the edge it becomes dead and counts against the last striker.
- 2 Ball Returned with Empty Hand.** If a player drop his racket, he cannot return the ball with the empty hand. (See definition, the racket hand is the hand carrying the racket).
- 3 Racket Thrown at Ball.** If, in returning the ball, the racket leave the players' hand, it is a good return only if it were still in his hand at the moment of contact with the ball (see Law 11, a ball . . . shall be struck) and if it do not touch the net or move the table surface (Law 13 (c), (d), before the ball is out of play).
- 4 Missed Service.** If a player, in attempting to serve, miss the ball altogether, it is a lost point (Laws 10 and 15), because the ball was in play from the moment it left the server's hand, and a good service has not been made of the ball already in play.
- 5 Volleyed Net Service.** A net service is a let not only if otherwise good, but also if it be volleyed by the receiver. (See Laws 12 (a) and 14 (b)).
- 6 "Open Hand" in Service—Physical Disability.** Strict observation of the prescribed method of service may be waived where the umpire is notified, before play begins, that compliance by the player in question is prevented by physical disability.
- 7 Ball Fractured in Play.** If the ball split or become otherwise fractured in play, affecting a player's return, the rally is a let (Law 12 (c)). It is the umpire's duty to stop play, recording a let, when he has reason to believe that the ball in play is fractured or imperfect; and to decide those cases in which the faulty ball is clearly fractured is actually going out of play, and in no way handicaps the player's return, when the point should be scored. In all cases of doubt, however, he should declare a let.
- 8 Fixtures.** A moving spectator, a neighbouring player, a sudden noise, i.e., any neighbouring object in movement (except a partner) should be regarded as an accident not under control (Law 12 (c)), interference from which implies a let. A stationary spectator, fixed seating, the umpire, the light, a nearby table, a continuous sound of even volume, i.e. any relatively constant or motionless hazard, should not be so regarded, and complaint against interference from it during play should be regarded as void.
- 9 Service Visible to Umpire.** It is the responsibility of the server to serve so that the correctness of his service can be checked by the umpire. If the server is serving so that the umpire's view is obstructed, the umpire shall warn him and, on any subsequent occasion on which his view is obstructed and he may have doubt about the correctness of the service, the umpire shall call a fault.

EXTRACT FROM I.T.T.F. REGULATIONS FOR INTERNATIONAL COMPETITIONS

I EQUIPMENT AND CONDITIONS. Recommendations.

- (a) The table surface should be of hard wood, and either sprayed (for preference) or painted, but not freshly painted, with a dull green solution of cellulose or paint. The table shall be rigidly constructed.
- (b) The net should be of a dark shade of green, and should be of a mesh not less than 7.5 mm. nor more than 12.5 mm. square. It should have a white top, depending from the cord suspension, not more than 15 mm. wide. (Note, that in accordance with Law 2, which provides that the net shall be suspended by a cord, only one cord — a single horizontal cord — may suspend the net and the attachment of the net to the post, if any, must be so loose as not to exert tension and thereby constitute a suspension). The diameter of the post should not exceed 22 mm. and any device for adjusting the height or tension of the cord suspending the net should be situated at the base of the post, should not project more than 7 mm. from the post and should, at its highest part, not be higher than 28 mm. above the height of the table surface. The arm holding the post and its prolongation as the upper part of the grip holding the table should not project outside the post at its post ends, nor further than 75 mm. over the table at its table end; it should not be wider than 42 mm. nor higher than 13 mm. above the surface of the table. The lower part of the grip should likewise not project beyond the post, its lower surface should not be lower than 20 mm. below the surface of the table at its post end, nor with the screw of its clamp, lower than 75 mm. below the surface of the table at its table end; any screw adjustment of the clamp should be below the table.
- (c) It is preferable that the doubles line should not be marked permanently in full length on the table. One in. (25 mm.) of the doubles centre line at each end should be permanently marked so that the correct position of the line may be easily found, and a temporary centre line should be made with string and chalk as required, for each Doubles Game, being erased again for Singles play.
NOTE: Disregard of this recommendation does not, however, invalidate the use of the Table for Singles.
- (d) Floors not of stone or linoleum, but of hard, non-slippery rigid wood, not white nor brightly reflecting.
- (e) The background should for preference be of a uniform dark green or another uniform dark colour, not light (or patchy) as this tends to unsight the players.

- (f) The nearest possible approximation to the space requirements for World Championships.
(These are a minimum playing space for each table of 12 metres (39 feet) long, 6 metres (19 feet 6 inches) wide, and 3 metres (nine feet nine inches) high.
- (g) Lighting. Measured at table height, there shall be a minimum of 40 foot candles over the table, 20 to the edges of an area eight metres long by four metres wide, 5 to the edges of the playing area, and 2 by reflection from the near surface of the ball at table end. No light shall be suspended lower than three metres (nine feet nine inches) from the ground.
- (h) A Matt Surface. The requirement of a "matt" surface for the table (Law 1), the ball (Law 3), and the racket (Law 4), is to prevent a dazzling reflection of light from distracting the eye of the player. As well as discouraging the use of shiny materials in actual play, Associations should take positive steps, by an approach to manufacturers, importers and dealers, and by approving the use only of matt materials to ensure that satisfactory equipment is available, complying with this regulation.

NOTE. The glossiness of a surface measured with an EEL (Glossometer, 45° gloss head setting), should in no case exceed 6 and should preferably not exceed 2. Corresponding measurements with an ASTM/60° standard or Gardner instrument at 60° angle, should in no case exceed 24, and should preferably not exceed 6. (Standard of reflection: polished black gloss equals 100). In any case glossiness that enables the shapes of light sources to be distinguished should be regarded as excessive, and eliminated as soon as possible.

2 COLOUR OF CLOTHES AND RACKETS.

Players shall not wear white or light coloured clothing which might tend to distract or unsight the opponent. The decision as to the offence under this rule shall be with the referee.
As well as discouraging the wearing of light materials or use of light coloured racket surface in actual play, Associations should take positive steps, by an approach to manufacturers, importers, and dealers, and by approving dark materials, to ensure the use of uniform or otherwise suitable types of wear, and racket surfaces that comply with this specification. (Note: The surfaces of these should also be matt, not glossy, see above, paragraph 1 (h)).
Colours that give a "Y" value under illuminant A of less than 30 per cent according to the CIE system may be considered sufficiently dark, either for clothing or rackets. A colour card will be made available for guidance.
When rubber is used on both sides of a racket, the colour shall be similar; when wood is used for either side, or for both sides, it should be dark, either naturally, or by being stained (not painted) in such a way as not to change the character of its surface.

3 SCORING.

Immediately the ball is out of play and a point has been completed, or as soon as practicable thereafter, having regard to the necessity to be audible above any noise that may then be made, the umpire shall call the score.
The umpire shall call the score, naming firstly, the figure of the score of the server (and partner), and secondly, the figure of the score of the receiver (and partner).
When a service change is due — until 20-all after each group of five services; after 20-all, after each point — the umpire shall mark the change by calling the score in the order appropriate to the group of services or service about to begin, followed by the name of the server. The server is recommended not to serve until he has heard the service called correctly and distinctly, and if he should make a practice of doing so and the umpire be of the opinion that the receiver is being inconvenienced thereby, the umpire is recommended to warn the server to delay his service and to recall to the receiver his right to declare himself unready.

4 UMPIRE, REFEREE, COMMITTEE. Jurisdiction and appeal.

- (a) The decision of the umpire appointed for each match shall be final on any question of fact occurring during the match.
- (b) The decision of the referee appointed for each tournament or meeting shall be final on any question of interpretation of rule arising in the course of that tournament or meeting.
- (c) Appeal to the Tournament or Management Committee from a ruling of the referee may be made on a question of tournament or match conduct not covered in the Laws, such as time or conditions of play etc., but in no circumstances shall it be made on any question of interpretation of rule.
- (d) Appeal in an individual event can be made only by an individual, in a team event by the captain of a team, participating in the match in respect to which the matter appealed upon has arisen.
- (e) No agreement between players (in an individual event) or between captains (in a team event) can modify a decision on fact by the competent umpire, on rule by the competent referee, or on other questions of tournament or match conduct by the competent committee.
- (f) A question of Law arising out of the decision of a referee or of a tournament or match conduct arising out of the decision of a tournament or management committee, and raised by the competent individual (in an individual event) or captain (in a team event), if forwarded and endorsed by the National Association of the individual or captain, shall be submitted to the Rules Committee of the I.T.T.F. which shall give a ruling as guide for future decisions, and which may eventually be made the subject of protest of an Association and decision by the appropriate organ of the I.T.T.F. but which shall not affect the finality of the referee's or competent committee's ruling for the event past.

5 KNOCK-UP.

Players should be regarded as entitled to a knock-up of two minutes, but without special permission of the referee, not more than two minutes, before the beginning of the match. If all the players concerned in a match have already played that day on that same table, the time of knock-up to which they should be entitled, without special permission of the referee, should be one minute.

6 ADVICE TO PLAYERS DURING PLAY.

- During a team match a captain may give advice to his players as they change ends after a game, so long as the continuity of play is not thereby unduly interrupted.
- In individual events, competitors may receive advice, as they change ends after a game, from any one person designated beforehand by the player or pair, so long as the continuity of play is not thereby interrupted, and, during the statutory rest period, from whomever they please.
- Advice may, of course, be given also during any authorised suspension of play (i.e. interruption due to accident).
- Otherwise attempts to advise or influence the play by those not actually playing in a match, after the match has started, are improper and must be discouraged.

NOTE. The purpose of this rule is to discourage distracting interruption and to place upon the players responsibility for their own strategy and tactics once they are "out in the ring." The advice referred to refers exclusively to advice on playing method. Nothing in this rule shall be construed to prevent a captain, or a player in an individual match, from making a juridical protest at any time as provided in 4 (b) (c) (d) above, or a consultation between a player and his authorised Association, representative, or interpreter in relation to elucidation of juridical decisions.

7 CONTINUOUS PLAY.—Sole Exceptions.

Play shall be continuous throughout the match, with the following sole exceptions:

- Repose Period:** Either opposing player or pair is entitled to claim a repose period of not more than five minutes duration between the third and fourth games of any match.
- Emergency Suspension:** The Referee may allow a suspension of play of the shortest possible duration to a player temporarily incapacitated by an accident, provided that in the opinion of the Referee such a suspension is not likely to be disadvantageous to the opposing player or pair. A suspension may not be granted where disability is present or reasonably to be expected from the beginning of the match, or is due to the normal strains of play. Disability such as cramp or exhaustion, caused by the player's current state of fitness or by the manner in which play has proceeded, would not justify the granting of a suspension, which may be allowed only for incapacity resulting from an accident, such as injury caused by a fall.

8 PUSHING PLAY.

In all events held under the Regulations for International Competitions, the following modifications shall be added to the Laws of Table Tennis, Law 5:—

If a game be unfinished 15 minutes after its commencement, the umpire (or timekeeper if one be officiating) shall cause the game to be interrupted by declaration of a "let" and the players shall be notified before the next service that the game in progress will proceed under the following rule:

The player shall be permitted to hit the ball 12 times, excluding the service stroke, and if all such strokes are safely returned by the opponent one point shall be scored by the opponent.

The server for the point interrupted shall serve the first point after the interruption, and thereafter the service shall alternate after each point whilst this rule is in force.

Where in a match, this rule has been applied in one game it shall be applied ten minutes after commencement in each of the subsequent games of the match.

Counting shall be carried out by an official other than the umpire (by the timekeeper if one be officiating).
