County Championships Request

To all Counties

As part of the ongoing work of the Archives, Museum and Records Committee we are building up records of our major events. Ken Eliot has kindly agreed to take on the rather large task of building up the records for the County Championships.

Handbooks for most years are held with the first one being from 1947/48.

Ken is working on recording the winners and runners-up of every division and where possible noting the names of the players in those teams and this is where we are asking for your help. Do you hold details of your teams? If so, could you forward those to Ken and me and gradually, Ken can add names. It would be nice to think that ultimately a complete record could be created although that may be a little optimistic. Nevertheless, if the record can be as near complete as possible it would be a wonderful achievement.

TTE do not hold any original photographs of winning teams, so, again, it would be much appreciated if you could forward any you have.

Our contact details are: keneliot@sky.com and DianeK1414@hotmail.co.uk

Thank you in anticipation.

Diane Webb

Chairman of the Archives, Museum and Records Committee
