

National Council Competition Review Sub Committee

Chair: Alan Ransome

Dear Councillors,

This is a short report to bring you up to date with the progress that we are making with the National Council Competition Review.

I was invited to the first meeting of the new competition advisory committee on the 3<sup>rd</sup> May. The main item that was discussed from our report at this meeting was the junior and cadet programme that we discussed at our last meeting. It was agreed by the committee that the 4 Star international element of this report whereby we invite the national team from Europe to participate in our 4 Star tournaments including playing an international match against England on the Friday evening at junior and cadet level for both boys and girls would proceed and arrangements are in place for this to take place in the first half of the coming season.

The remainder of our report has not, as yet, been discussed as time was limited at this first meeting but I am expecting another meeting to be called in the near future when further aspects of our report will be considered.

If you have any questions, please let me know or raise them at Council.
