

## **Select Committee on Disability – Report for National Council Meeting 27 September 2025**

1. Sue Hayes has met with TTE regarding Special Olympics GB which has resulted in positive links being reformed.
2. We now need to tackle other disability groups out there to make sure the links are happening again.
3. Parkinsons is one that seems to be in partnership with TTE. But there were many others that used to be in good standing for instance Cerebral Palsy Sport, Dwarf Sports Association UK, LimbPower, UK Deaf Sport and WheelPower.

### Members of the Select Committee

Karen Tonge OBE Chairman (National Councillor)
